(Series of 1939)

Bill No. 1665, Ordinance No. ...., as follows:

Amending Section 1 of Ordinance No. 1204, commonly known as the Annual Salary Ordinance, by providing in said Section 1 that whenever a vacancy exists in a permanent position set forth in said ordinance the Civil Service Commission shall be notified and said position shall not be filled until the Civil Service Commission shall have made an investigation and a report to the Mayor as to the necessity of said position and the Mayor has approved a requisition for the filling of said position.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 1204, above mentioned, is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1942. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approved the requisition for such service. *Before the filling of any vacated position shall be approved, the Civil Service Commission shall make an investigation of the necessity for such position. A copy of the report of such investigation shall be filed with the Mayor and the Board of Supervisors and such report shall be made by the Commission within thirty days after the Commission is notified*

of such vacancy, and in the meantime a temporary appointment to said vacancy may be made. The Mayor may approve or disapprove the filling of such vacancy. In the event that the Mayor does approve the filling of such vacancies he shall make a report as to his reasons to the Board of Supervisors. The requisition for such service shall first be filed with the Civil Service Commission, and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller, and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1941-42 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the department concerned.

The foregoing Bill, consideration of which during the regular order of business was postponed until after consideration of the Mayor's veto of similar legislation was disposed of, immediately on conclusion of consideration of the Mayor's veto, was taken up.

Supervisor MacPhee, in explaining the foregoing Bill, announced that it was identical to the Bill just passed, notwithstanding the Mayor's objection, with the exception of the addition of a sentence which had been inadvertently omitted from original legislation. #### Explanations of Votes

Supervisor Uhl, in explanation of his vote, called attention to the low salaries paid employees in the group of Institutional Workers, the compensation of \$106 paid to many of these employees is not a living wage, and he would vote "Aye" for this particular group, in order that they might have a somewhat near living wage.

Supervisor O'Gara announced that he would vote for the foregoing Bill. An analysis shows that 92% of the increases are in Classes 12, I116

and I204, all of whom are receiving \$106 per month. He was opposed, as a rule, to piecemeal standardization, but he would not hesitate in individual cases where people are being paid such inadequate salaries, whether piecemeal or otherwise.

Supervisor Colman, in expressing his views, stated that there was perhaps, more justification for increases proposed in the foregoing Bill than for many other increases being proposed, but on final analysis, the principle was just the same. The same thing is being proposed here that some members do not feel to be justified, namely, piecemeal standardization. Wages paid today in private hospitals must be taken into consideration, because they have a bearing on these cases. While he was in sympathy with these people affected, to standardize today, under present conditions, is not the wisest kind of standardization. This is standardizing at the peak of conditions that are very abnormal. For those reasons he would vote "No."

Supervisor MacPhee pointed out that all cases in the I Group must be considered, if any of them were, and for that reason the entire "I" group is before the Board.

Supervisor Brown announced that the "I" Group was entitled to consideration, and would get it, but he did not think this the time to consider that or any group. He had been consistent in objection to piecemeal standardization and he did not propose to change.

Mr. Arthur Hare, representing hospital workers, on being granted the privilege of the floor, urged approval of the Finance Committee recommendation.

Thereupon, the roll was called and the foregoing Bill was

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

#### Privilege of the Floor

Mr. Schlessinger, representing Civil Service Maintenance Union, on being granted the privilege of the floor, addressed the Board at length, urging the adoption of the Finance Committee's recommendation.

Supervisor Roncovieri read portions from a communication from the Civil Service Commission, in which attention was directed to a number of inequities appearing in the "B" Group, as the result of action already taken, and feared that perhaps inequities would be created. He believed the proposal to sit down with the Mayor, about which Supervisor MacPhee had informed the Board, and then to come back to the Board, was sound. Equity must be the keynote to all the Boards work, and he would not be one of six votes to be unjust and unfair to anyone who works for San Francisco. He wanted all employees treated alike. For that reason he would vote "No" on the foregoing Bill, and on any other piecemeal standardization that might come before the Board, because it has been proven that some of the matters already passed have been inequitable. He would not be a party to giving one man more money than another man, on the same job. He would vote, also, to sustain the Mayor's veto, so that the Board can again start from scratch.

Supervisor Gallagher announced that he had, in most cases, voted against increases in salary. However, he believed that all city employees in the lower brackets are entitled to an increase in salary, and he would vote "Aye" for this group. He intended, later during the proceedings, to present a resolution requesting the City Attorney to prepare for the Board some sort of procedure that will give city employees in the lower brackets at least a five per cent increase in salaries during the duration of the present emergency.

Supervisor O'Gara announced that he had no doubt that some of the recommended increases were worthy, but he had no means of knowing whether they are any more worthy than others that are to be submitted. If called on to vote on the present recommendation, he would

vote "No." However, he would suggest, and he would so move, that further consideration be deferred until after the Finance Committee meets with the Mayor on the whole question.

Motion seconded by Supervisor Roncovieri, and carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Meyer, O'Gara, Roncovieri, Uhl—7.

Noes: Supervisors Green, MacPhee, Mead, Shannon—4.

### Privilege of the Floor

Mr. Harry B. Handley, Chairman of Public Relations Committee, San Francisco Dental Society, called particular attention to the low salaries now being paid to Dental Hygienists and to Dentists, and to the extreme difficulty being faced by the the city in maintaining these employments. He urged that proper consideration be given those classifications.

Mr. John Fitzgerald, representing the T Group, addressed the Board at length, pointing out and confirming statement made by Supervisor O'Gara at the previous meeting of the Board, that in some cases, Social Service Workers are receiving less salary than the stenographers to whom they dictate their reports.

Supervisor MacPhee, in discussing the foregoing Bill in particular, and the entire subject of standardization in general, pointed out that the reason why inequities would not be corrected by the Mayor's plan to approve and include in the budget the second step of the plan inaugurated during the consideration of the budget for the current year, was that in some cases, increases were not recommended by department heads. As to Finance Committee inequities, had the committee chosen to recommend the 1938 schedules, it could have saved many days' work and study. The Committee has made a very thorough study, but, of course, could not escape creating some inequities, but it will have eliminated, it feels about 90% of the existing inequities if its recommendations are approved by the Board. The committee cannot hope to be 100% correct.

Supervisor Uhl announced that inasmuch as he was not in sympathy with piecemeal standardization for some of the higher salaried brackets, there were, perhaps, some classifications that had escaped his attention. However, he would gladly support increases if certain ranges are out of line with private employment.

Supervisor O'Gara, thereupon, moved that further consideration be postponed until after the Finance Committee had met with the Mayor.

Motion seconded by Supervisor Roncovieri.

Supervisor Roncovieri, after seconding the motion for postponement, stated that he believed adjustments should be made, and he would be glad to support recommendations for salary increases for both dental hygienists and social workers if they were brought in separately.

Supervisor Green opposed postponement. He could see no reason in consulting with the Mayor on this matter. The Mayor represents the executive functions of the city government, while the Board is the legislative branch. The Board has before it, the Finance Committee's recommendation. Postponement of consideration, in his opinion, was simply procrastination.

Supervisor Shannon agreed with the views of Supervisor Green. He urged that the Bill be passed without delay, pointing out if anything important should develop, the members could act accordingly two weeks later, when the matter would again be before the Board for Final Passage.

Supervisor Roncovieri, as explanation of his vote, stated that if he thought the Finance Committee's recommendation was absolutely just and fair he would vote for it. He believed the committee had tried to be just in the matter, but already, so the Civil Service Commission states several serious errors have occurred in the rush to adopt piecemeal standardization. He believed the Board should consult with the Mayor. It is the Mayor's duty to make studies of these things. For those reasons he would vote for postponement.

Thereupon, the roll was called and the motion for postponement carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Meyer, O'Gara, Roncovieri, Uhl—7.

Noes: Supervisors Green, MacPhee, Mead, Shannon—4.

#### Mayor Requested to Call Meeting of Citizens Committee for the Purpose of Organization of the San Francisco Home Guard (Series of 1939)

Resolution No. ...., as follows:

Whereas, It is generally recognized that in the event of the invasion of the Pacific Coast, it is probable San Francisco will be among the first cities to be attacked; and

Whereas, Due to its exposed position, our City is exceedingly vulnerable to such attack by enemy forces; and

Whereas, Although Civilian Defense has been adequately organized to take care of non-combatant types of resistance to attack, no provision has thus far been made to augment with local effort the combatant forces which will be opposed to the enemy; and

Whereas, Large numbers of San Francisco citizens have been and will be non-qualified through disability, age, or other basis for deferment, to become members of the military forces of the United States; and

Whereas, Such non-qualified citizens are nonetheless capable of taking part in home defense; now, therefore, be it

Resolved, That the Board of Supervisors does hereby heartily endorse the creation of a Home Guard for San Francisco, said Home Guard to be made up entirely of San Francisco residents and citizens, who are not qualified for active service in the Armed Forces of the United States; and said Guard to be employed solely in augmenting the defense of the City of San Francisco in the event of invasion of this immediate territory by enemy forces; and be it

Further Resolved, That the Mayor is requested to call a meeting of a Citizens Committee for the purpose of organization of the San Francisco Home Guard.

*April 20, 1942—After brief discussion and explanation by Supervisor Brown, consideration of the foregoing resolution was postponed until Monday, April 27, 1942, at 3:00 P. M.*

**National Housing Agency and Home Owners Loan Corporation  
Urged to Effectuate Slum Clearance in Japanese Quarter.**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The rehabilitation of the Japanese Quarter in San Francisco is of paramount importance both from a Military and social standpoint; and

Whereas, Such a move on the part of the agencies empowered so to do would be to the utmost advantage to the owners of real property in that district as well as to the community as a whole; and

Whereas, A state of war now obtaining it is, therefore, obvious to all forward looking San Franciscans that the rehabilitation of the Japanese quarter at this time would raise real property values in that district, would elevate a large percentage of the property in the district affected from a sub-standard to standard level obtaining for the most part in all other sections of this, our beloved San Francisco, and would of necessity place in the hands of the military, area sufficient for hospitalization or living accommodations for both the military and the defense worker and would at once remove an eyesore which has become so obnoxious as to be well nigh insupportable; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as favoring the rehabilitation of the Japanese Quarter by the most expeditious means found so to do; and be it

Further Resolved, That the Board does hereby memorialize the National Housing Agency and Home Owners Loan Corporation to take cognizance of our situation, that it be respectfully but urgently requested to make an immediate survey of the district bounded by

#### ELLIS, CALIFORNIA, GOUGH AND FILLMORE STREETS

to the end that the Home Owners Loan Corporation take over the loans on the real property affected in this district and make available any sums necessary to modernize and rehabilitate the improvements thereon at low rates of interest; and be it

Further Resolved, That the Clerk of the Board is hereby instructed to send telegraphic advices to those agencies in Washington, D. C., having control over such matters, but more particularly the National Housing Agency and the Home Owners Loan Corporation, urging one and all to forthwith take whatever steps are necessary to expeditiously effect slum clearance in the district mentioned in this resolution.

### Discussion

Supervisor Uhl, Chairman of the Public Buildings, Lands and City Planning Committee, discussed the foregoing Resolution briefly. He reported that the Committee had held a well attended meeting, at which all present were of the opinion that something should be done in the matter. Thereupon, he called upon Supervisor MacPhee, author of the proposed Resolution, for a more detailed explanation.

Supervisor MacPhee, in discussing the resolution, pointed out that this is but the first step in the rehabilitation of the Japanese quarter in San Francisco, and he believed that the Clerk should be instructed immediately to wire San Francisco's representatives in Congress to make some recommendations in the matter.

Supervisor Shannon suggested, however, before starting in improving

Japanese property, we find out, from some source, how our Americans are being treated in Japan.

Mr. Smith, representing the Real Estate Board, on being granted the privilege of the floor, objected to the inclusion of "the National Housing Agency" in the resolution.

Supervisor MacPhee, however, pointed out that the National Housing Agency was the controlling factor in the Home Owners Loan Corporation, and it had no bearing at all, on the federal low cost housing authority.

Supervisor Brown desired to know more about the proposal before voting for it. The resolution seemed to abound in glittering generalities. And as far as he could see, he could see no military significance, at all.

In answer to objections voiced, Supervisor MacPhee explained the entire purpose of the resolution. There is nothing in the resolution concerning low cost housing. As to "military significance," the proposed new shipbuilding yards at Sausalito would create the need for additional housing. Increased employment in other shipbuilding yards, and in other war industries, will add to the need for housing in San Francisco. Thus, the resolution does have military significance.

Supervisor Shannon announced that he would like to know more about the matter, and moved that further consideration be postponed for one week.

Motion seconded by Supervisor Roncovieri.

Supervisor MacPhee objected to postponement. It is desired, he stated, merely to do something for the district, and nothing will be accomplished by postponement. He would be agreeable to any suggestions for amendments, but he desired a favorable vote on the resolution.

Thereupon, the roll was called and the motion for postponement was defeated by the following vote:

Ayes: Supervisors Brown, Green, Shannon—3.

Noes: Supervisors Colman, Gallagher, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—8.

Thereupon, Supervisor MacPhee again urged adoption of the resolution by unanimous vote, and asked that those opposed suggest any recommendations for amendment.

Supervisor Gallagher then suggested amendment to include in the resolution, the various governmental agencies which had been represented in committee, as well as San Francisco's representatives in Congress. However, no action was taken on the suggested amendments.

#### Adopted

Whereupon, the roll was called and the resolution was

*Adopted* by the following vote:

Ayes: Supervisors Colman, Gallagher, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—8.

Noes: Supervisors Brown, Green, Shannon—3.

#### Explanation of Vote

After the foregoing vote, Supervisor Green explained his vote, saying that although he was sympathetic with low cost housing, he agreed with Supervisor Brown that the question of rehabilitation of the Japanese quarter was very uncertain, and that he really did not know just what the Board was being asked to vote on. He did not believe it to be within the province of the Board to bring buildings up to standard, and the action proposed in taking the Japanese quarter for rehabilitation might end in boundless confusion. For that reason he had voted "No."

### Adopted

The following recommendation of the Public Health and Welfare Committee was taken up:

Present: Supervisors Shannon, Roncovieri.

#### Supporting the Proposal for Establishment of Priority Procedure for Certain Businesses and Associations.

(Series of 1939)

Resolution No. 2579, as follows:

Whereas, The continued operation of banking and financial institutions, insurance companies, retail establishments, business buildings housing or serving government agencies, labor unions, chambers of commerce, and trade, farm and merchants associations, is of utmost importance in the furtherance of the war effort and the economic functioning of the nation; and

Whereas, Restricted supply of many operating supplies and maintenance materials is interfering with the efficient operation of these establishments, resulting in the necessity of their securing priority status to obtain such supplies; and

Whereas, The volume of individual applications for assistance, bound to result from this situation, will place an undue burden on the federal agency processing them; and

Whereas, No formal priority procedure has yet been made available to such business establishments and associations enabling them to secure operating supplies which are vital to their continued operation; and

Whereas, The availability of an automatic priority procedure similar to that given to other types of business would go far towards alleviating the situation; and

Whereas, The San Francisco Chamber of Commerce, the San Francisco Labor Council and San Francisco Building Trades Council have requested the Division of Industry Operations, War Production Board, to consider the establishment of a priority procedure which would enable the above identified businesses and associations to obtain operating supplies and maintenance materials; now, therefore, be it

Resolved, That this Board of Supervisors does hereby go on record as supporting the request of the San Francisco Chamber of Commerce, the San Francisco Labor Council and the San Francisco Building Trades Council in petitioning the Division of Industry Operations, War Production Board, to consider the establishment of a priority procedure which would enable the above identified businesses and associations to obtain operating supplies and maintenance materials; and the Clerk is hereby directed to forward copies of this resolution to the Division of Industry Operations, War Production Board and to Senator Sheridan W. Downey, Senator Hiram W. Johnson, Congressman Richard J. Welch and Congressman Thomas R. Rolph and to William Green, National President of the American Federation of Labor.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

Consideration of Mayor's Veto  
CITY AND COUNTY OF SAN FRANCISCO  
MAYOR'S OFFICE  
200 City Hall

April 10, 1942.

To the Honorable  
The Board of Supervisors  
City Hall, San Francisco.

Gentlemen:

I am in receipt of Bill No. 1601, Ordinance No. un-noted, amending

the 1941-42 salary ordinance, which amendment generally provides that, when a vacancy exists in a position in any department of the municipal government, the Civil Service Commission shall make an investigation as to the necessity of refilling such position, and that a copy of the report of such investigation shall be filed within thirty days with the Mayor and the Board of Supervisors as to the necessity of filling such position.

I return herewith the said Ordinance, with my disapproval and veto endorsed thereon for the following reasons:

That I find nothing in the Charter which makes it the duty of the Civil Service Commission to investigate the necessity of refilling positions. The necessity for such positions are in most cases determined, at the time of the adoption of the Annual Budget and Appropriation Ordinance and the Annual Salary Ordinance, and if the Board of Supervisors, in adopting each of these ordinances, has determined the necessity for the position, it appears to me that the head of the department and the Mayor or the Chief Administrative Officer are best qualified to determine the necessity for the refilling of such position and that this Ordinance places upon the Civil Service Commission a duty which was not intended by the Charter.

I note that the Ordinance does not prevent the filling of the position irrespective of the recommendation of the Civil Service Commission. I further find that a temporary appointment may be made for the thirty day interval during which the Civil Service Commission may act. This delay might be a serious handicap to departments, especially to the Police and Fire Departments for the reason that in these departments appointees must provide themselves with uniforms and other equipment. To compel such appointees to provide themselves with this equipment for only thirty days would be unfair.

Your Board has ample authority when the succeeding budget and Appropriation Ordinance come before you to determine the necessity of the position, and if it should appear to you that such position is unnecessary, irrespective of the action of the Department or this office, you have ample authority to eliminate the position. Furthermore, I desire to assure you that this office investigates most carefully the necessity for filling any position which may become vacant during the year, and it is only after such investigation and when it is shown by the head of the department that the necessity for filling the position exists, that this office approves the requisition for the new appointee, and in departments under the jurisdiction of the Chief Administrative Officer, Mr. Brooks is equally insistent that the necessity for the filling of the position be demonstrated.

Therefore, I see no necessity for making the Ordinance effective.

Yours very truly,

ANGELO J. ROSSI,

Mayor.

Mayor to Approve the Filling of Positions Vacated in Civil Service  
(Series of 1939)

Bill No. 1601, Ordinance No. ...., as follows:

Amending Section 1 of Ordinance No. 1204, commonly known as the Annual Salary Ordinance, by providing in said Section 1 that whenever a vacancy exists in a permanent position set forth in said ordinance the Civil Service Commission shall be notified and said position shall not be filled until the Civil Service Commission shall have made an investigation and a report to the Mayor as to the necessity of said position and the Mayor has approved a requisition for the filling of said position.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1 of Ordinance No. 1204, above mentioned, is hereby amended to read as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1942. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. *Before the filling of any vacated position shall be approved, the Civil Service Commission shall make an investigation of the necessity for such position. A copy of the report of such investigation shall be filed with the Mayor and the Board of Supervisors and such report shall be made by the Commission within thirty days after the Commission is notified of such vacancy, and in the meantime a temporary appointment to said vacancy may be made. The Mayor may approve or disapprove the filling of such vacancy.* The requisition for such service shall first be filed with the Civil Service Commission, and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller, and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1941-42 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the department concerned.

### Discussion

After the reading of the Mayor's communication, setting forth the reasons for his veto, Supervisor MacPhee, in answer thereto, read portions of Sections 141 and 143 of the Charter, which, he believed, did impose upon the Civil Service Commission the duties of investigating the necessity of filling vacated positions. In support of his request that the Mayor's veto be not sustained, Supervisor MacPhee presented statistics showing the number of new positions created, and the number of positions filled since the beginning of the current year. He believed a most careful investigation should be made of all proposed new positions and of the need for filling vacated positions.

Supervisor Roncovieri objected to overruling the Mayor's veto. Why should a subordinate commission, appointed by the Mayor, tell the Mayor that a job should not be filled. The Board of Supervisors has the final word as to whether or not jobs shall be filled. At budget time, six votes of the Board can veto any recommendation made by the Mayor. The Board can refuse to appropriate money for any job it does not deem necessary. He had great faith in the Mayor, in the Chief Administrative Officer and in the various department heads, and he believed the question of filling positions should be left up to them.

Supervisor MacPhee, in reply, pointed out that there was nothing in the proposed legislation to prevent the Mayor from filling positions. It merely provides for a report to the Board of Supervisors. Thereupon, he urged that the roll be called and the Mayor's veto be not sustained.

Whereupon, the roll was called and the Mayor's veto was overridden by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Noes: Supervisors Brown, Roncovieri—2.

### Consideration Postponed

### Consideration of Mayor's Veto

OFFICE OF THE MAYOR, SAN FRANCISCO

April 14, 1942.

To the Honorable  
Board of Supervisors  
City Hall  
San Francisco, California

Gentlemen:

I have before me for consideration Bill No. 1615, Ordinance number unnoted, amending Salary Standardization Ordinance No. 1203 by changing the compensation schedules of a few titles and classes contained in Division "B" Clerical Service, as outlined and maintained by the Civil Service Commission.

I herewith return this bill to you with my disapproval and veto endorsed thereon. I have vetoed the bill for the following reasons:

This is the first of a number of ordinances which are now either before your Board for your action in the matter of re-standardizing the salaries of a particular group or which have been referred by your Board to the Civil Service Commission for report. Until all of these matters have been reported on by the Civil Service Commission and acted upon by your Board, it is impossible for either me or your Board to have a complete picture of the overall effect of the various changes in compensation proposed by your Board and either reported on by, or pending before, the Civil Service Commission.

It is my understanding that if this Ordinance takes effect the legality of the whole proceeding of piece-meal standardization will be challenged in the courts and all salary adjustments of whatever kind thereby will be defeated at least for the fiscal year 1942-43. This I do not wish to happen nor do I wish to contribute to such a situation.

In giving consideration to the current year's budget, in order to avoid discrimination I adopted the policy, subject to very few exceptions where the increases in compensation would have been out of proportion to the compensation being received by the employe, of bringing every employe in the city service at least to the entrance salary of his classification as set forth in the recommendation of the Civil Service Commission under date of April 9, 1930, and as amended and extended by the Commission during subsequent years.

These raises included increases to the forgotten employes who had been overlooked for several years. In most cases, I adopted the policy of allowing these increases to become effective over a three year period—that is, one-third was allowed for the current fiscal year with the intention of allowing the second third for the coming fiscal year and the final third for the year 1943-44.

The result of this policy will be that no single year will be burdened too heavily and yet all employes, without discrimination, whose compensation is below the maximum, will receive adjustments in their compensations in each of the three years and at the end of the three year period every employe will receive the full rate of pay to which he is entitled by length of service under the step plan proposed by the Civil Service Commission.

Piece-meal standardization of salaries is opposed by the same organizations which brought about the referendum against the standardization schedule adopted by the Board of Supervisors in March of 1939, and which was defeated by a vote of over 3 to 1 at the special election in May, 1939. Should the present piece-meal policy be challenged in Court the probable result will be that not only will the schedules proposed by your honorable Board not be paid next year but that the adjustments which I propose cannot be made.

This I deem unfair to all employes and in my budget recommendations to your honorable Board I am continuing, as far as possible, my policy established last year of granting the second one-third increase in salaries to all employes entitled thereto. I do not propose to endanger in any way the salary adjustments for the employes to which I feel they are rightly entitled.

I am willing and anxious to take into consideration such standardization as will be fair to all the employes of the city. I do not believe the ordinance which is now before me will accomplish this and therefore, I return it to you with my disapproval and veto endorsed thereon.

Very truly yours,

ANGELO J. ROSSI, Mayor.

**Re-reference to Finance Committee  
Supervisor MacPhee's Motion**

Motion made at the meeting of April 13, 1942, by Supervisor MacPhee, "that the new automobile requisitioned by the Board of Supervisors be not purchased at this time."

**Discussion**

Supervisor Green, in discussing the foregoing motion, stated that he believed it would be sound to purchase a new automobile. The value of the Supervisor's Buick which is to be replaced is now \$310. Repairs will cost about \$500, but overhauling will not make it a new car. His only doubt about the matter is the price, \$2500, and he would suggest that, if possible, the Board obtain a less costly car.

Supervisor MacPhee agreed that there was a great deal of merit in Supervisor Green's views, and perhaps it would be false economy to have the old car repaired. However, he believed it more important that the Board set an example for other departments to follow. Therefore, he would urge approval of the motion.

Supervisor Mead announced that previously he was inclined to go along with the idea of not purchasing the new car. He was now convinced, though, that it would be false economy to continue with the old car, even if repaired. The Board does not necessarily require such a costly car. As to setting an example for other departments, he did not know whether such example would be followed. With a view to economizing, the Mayor, who has three cars, might send two of them to the Board of Supervisors, and keep one car for himself.

Supervisor Brown pointed out that necessary car repairs, including

necessary tires, would probably amount to \$600 rather than the estimated \$500. The average life of a car is considered four years; the Supervisors' car is already older than four years. At the end of another year, when without doubt the present car, even if repaired, would have to be replaced, the Board would have no assurance that it could get another car, and he believed it would be wise to be assured now of some kind of transportation for the future. For that reason, he would move that the entire matter be re-referred to the Finance Committee with the recommendation that the Committee give thought to the purchase of a car of lesser cost.

Motion seconded by Supervisor O'Gara.

Supervisor Shannon objected to re-reference to committee, and desired a roll call on the motion.

Supervisor Colman stated he had no objection to re-reference, but he could not consider himself bound by any recommendation the committee might make.

Thereupon, the roll was called and the motion to re-refer was carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Mead, Meyer, O'Gara, Roncovieri, Uhl—9.

Noes: Supervisors MacPhee, Shannon—2.

**Calling Special Meeting of the Board of Supervisors to Urge Prompt  
Investigation of the Reber Plan  
(Series of 1939)**

Supervisor MacPhee presented the following Finance Committee recommendation:

Resolution No. 2584, as follows:

Whereas, This Board of Supervisors by Resolution No. 2241 (Series of 1939) has urged that legislation be introduced in the Congress of the United States providing for an investigation of the Reber "San Francisco Bay Project"; and

Whereas, The Reber Plan contemplates—

1. The construction of salt water barriers in the form of rock and fill dams, so constructed as to carry railway lines and highways, one just south of and paralleling the San Francisco Bay Bridge and the other running from Marin County to Contra Costa County at the southerly end of San Pablo Bay thus forming two great lakes with an inexhaustible supply of fresh water for San Francisco Bay communities and resulting in a substantially increased deep-water harbor line.
2. The construction of locks and a fresh water ship channel to permit access of ships into ports or anchorage in the impounded waters, which action, incidentally, cleans the hulls of deep-water ships, thus obviating the necessity for drydocking for that purpose.
3. The reclamation of large areas of land to be utilized for industrial sites.
4. Increased pier space for transports and other deep-water ships.
5. The reclamation of land for and construction of a modern and strategically located submarine base.

6. The reclamation of land for and construction of a modern and strategically located naval base.
7. The reclamation of land for and construction of a modern and strategically located torpedo boat base.
8. The reclamation of land for and construction of modern, adequate and strategically located air bases and an airport terminal.
9. Increased deep water space for anchorage of naval ships.

Whereas, The San Francisco Bay Area with its incomparable natural advantages and its industrial and transportation facilities being, essentially, the logical base for effective offensive operations in the war against Japan and conversely the area most vital in defense, it is apparent that not only should immediate action be taken to make it impregnable but that its resources and facilities should be developed to maximum utilization; and

Whereas, Although under normal conditions it might be contended that execution of the Reber Plan would constitute a local improvement such a consideration has no merit now, with the imperative need for the contemplated military, naval, productive and protective facilities which constitute major items in the project; and

Whereas, Because time is of the essence in this war, expeditious and decisive action should be taken upon any proposal that is conducive to its early and successful conclusion in victory for the allies; now, therefore, be it

Resolved, That this Board of Supervisors meet in special session Friday, April 24, 1942, at two o'clock p.m., and resolve itself into a Committee of the Whole for the purpose of considering and devising ways and means to procure, from the authorities having jurisdiction over the matter, prompt and decisive investigative action on the Reber Plan to the end that if found feasible its undertaking may be recommended and commenced at an early date.

*Adopted by the following vote:*

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

Whereas, It is represented that several Japanese aliens or persons of Japanese ancestry appear upon the pay-rolls of the City and County of San Francisco either as workers in the Japanese Tea Garden in Golden Gate Park or elsewhere; and

Resolved, That the City Attorney be and is hereby directed to prepare and submit to this Board as soon as possible, legislation providing for the suspension or removal, from the municipal pay-roll, of all Japanese aliens or persons of Japanese ancestry.

(Series of 1939)

Resolution No. ...., as follows:

Whereas, Under the law, the Board of Supervisors has the duty to consider and enact the annual appropriation ordinance designating the various amounts necessary for the efficient conduct of the city government and its departments, and to enact the tax rate ordinance to procure a sum sufficient to cover such expenditures, and

Whereas, In order, properly, conscientiously and economically to perform these duties, it is necessary that the Board be provided with information which it does not now possess, and

Whereas, One particular expenditure for which each year the Board of Supervisors must appropriate and raise monies, and in connection with which the Board has not much specific and detailed information as is necessary to prudent action with a view to the conservation of the tax payers' money, is the matter of telephone service for which the city is required to pay and especially the number of telephones supplied to the various boards, commissions and departments as well as the names and official capacities of the various officers and employees, who by reason of their office or employment receive phone service at a place other than the City Hall or other official place of business, which is charged, in any manner whatsoever, against the City and County of San Francisco, and

Whereas, The subject and the data heretofore referred to are peculiar to the knowledge of the Chief Administrative Officer; now, therefore, be it

Resolved, That the Chief Administrative Officer be and is hereby requested to furnish this Board, as soon as possible, with a comprehensive and detailed statement showing the total amount which the City is required to pay each year for telephone service; a breakdown of such amounts by Boards, Commissions and Departments; a breakdown showing the number of telephones supplied to the various offices of each Board, Commission or Department; the names and official capacities of the various officers and employees of the City and County of San Francisco, who by reason of their office or employment receive phone service at a place other than the City Hall or other place of official business, which is charged, in any manner whatsoever against the City and County of San Francisco, and a statement showing, as to officers and employees for whom telephones are provided by the City and County of San Francisco other than at their places of official business, the addresses at which such telephones are installed and maintained; and be it

Further Resolved, That together with detailed statement heretofore requested, the Chief Administrative Officer is hereby urged to furnish this Board with a recommendation designed to reduce the number of

telephones, for which the City is charged, to the absolute minimum consistent with efficient operation.

#### Increase of Fares by Municipal Railway

(Series of 1939)

Supervisor Green presented Resolution No. \_\_\_\_\_, as follows:

Whereas, The increasing need for mass transportation facilities in

San Francisco because of tire shortages due to the war is creating an intolerable situation so far as it concerns that portion of the public which must use such facilities; and

Whereas, It appears on the basis of increased use of these mass transportation facilities, even before the effects of the tire shortage have made themselves fully felt, that there will be much heavier demands upon the services of these agencies in the immediate future; and

Whereas, The equipment now appears to be inadequate to meet these increasing needs, particularly with reference to Municipal Railway, which is reported to be using all the equipment it now owns during the peak hours of service; and

Whereas, These new demands must be met and the surplus funds of Municipal Railway available for purchase of new equipment have been exhausted by recent purchases approved by this Board of Supervisors; and

Whereas, Under the Charter no funds other than bond funds or profits may be used for extension of Municipal Railway services; now, therefore, be it

Resolved, That the Board of Supervisors request of the Public Utilities Commission a report on the possible effects of an increase in the fares charged by Municipal Railway with particular reference to meeting these new wartime demands and that such report shall contain an estimate of the results of an increase to 6 cents and an estimate of the results of an increase to 7 cents, including the possibilities of the advantages to be enjoyed from establishment of the universal transfer; and, be it

Further Resolved, That this Board of Supervisors urge upon the Public Utilities Commission the speediest possible completion of this report to the end that this Board of Supervisors shall be fully informed as to the needs and effects for such fare increase should it subsequently come before this Board.

### CALLING THE ROLL

The roll was called and the following Supervisors were noted present: Supervisors MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—6.  
Absent: Supervisors Brown, Colman, Gallagher, Green, Uhl—5.  
Quorum present.

### Committee of the Whole

On motion by Supervisor Shannon, seconded by Supervisor Mead, the Board resolved itself into a Committee of the Whole, Supervisor MacPhee presiding as Chairman.

### Consideration of Reber Plan

Mr. John Reber, with the aid of lantern slides and maps, explained in detail his project for the development of San Francisco Bay and the entire Bay region, and the benefits to be derived therefrom.

### Discussion

Following the presentation by Mr. Reber, Mr. James McElroy, president of the Oakland Port Commission, presented to the Board a copy of Resolution adopted by his Commission, by unanimous vote, on April 20, 1942, unanimously opposing the Reber Plan.

Resolutions adopted by the Oakland City Council, and by the Board of Supervisors of Alameda County, opposing the Reber Plan, were also presented and read to the Board.

Following the presentation of the foregoing Resolutions, Mr. James McElroy, President of the Oakland Port Commission, Mr. Hassler, City Manager, Oakland, Mr. Irving Kahn, Member of the Mayor's Committee, Mr. Bert Fernhoff, City Attorney, Oakland, and the City Attorney of Emeryville, all addressed the Board, objecting to the Reber plan, discounting many of the advantages claimed for the Reber Plan, and the benefits to be derived therefrom, especially to the East Bay communities.

Supervisor Roncovieri, addressing the Board, announced that his impression gained from remarks of East Bay representatives, was that their chief objection was against the proposed system of locks and the resulting effect from disaster thereto.

Whereupon, Mr. Reber pointed out that there were six locks proposed, not just one, and he answered more or less in detail, other objections raised.

### Committee of the Whole Arises

Supervisor Mead, seconded by Supervisor Shannon, moved that the Committee of the Whole rise and report.

No objection, an dso rodered.

Resolution No. ...., as follows:

(Series of 1939)

Whereas, This Board of Supervisors by Resolution No. 2241 (Series of 1939) has urged that legislation be introduced in the Congress of the United States providing for an investigation of the Reber "San Francisco Bay Project," and

Whereas, The Reber Plan contemplates—

1. The construction of salt water barriers in the form of rock and fill dams, so constructed as to carry railway lines and highways, one just south of and paralleling the San Francisco Bay Bridge and the other running from Marin County to Contra Costa County at the southerly end of San Pablo Bay thus forming two great lakes with an inexhaustible supply of fresh water for San Francisco Bay communities and resulting in a substantially increased deep-water harbor line.
2. The construction of locks and a fresh water ship channel to permit access of ships into ports or anchorage in the impounded waters, which action, incidentally, cleans the hulls of deep water ships, thus obviating the necessity for dry-docking for that purpose.
3. The reclamation of large areas of land to be utilized for industrial sites.
4. Increased pier space for transports and other deep-water ships.
5. The reclamation of land for and construction of a modern and strategically located submarine base.
6. The reclamation of land for and construction of a modern and strategically located naval base.
7. The reclamation of land for and construction of a modern and strategically located torpedo boat base.
8. The reclamation of land for and construction of modern, adequate and strategically located air bases and an airport terminal.
9. Increased deep water space for anchorage of naval ships.

Whereas, The San Francisco Bay Area with its incomparable natural advantages and its industrial and transportation facilities being,

essentially, the logical base for effective offensive operations in the war against Japan and conversely the area most vital in defense, it is apparent that not only should immediate action be taken to make it impregnable but that its resources and facilities should be developed to maximum utilization, and

Whereas, Although under normal conditions it might be contended that execution of the Reber Plan would constitute a local improvement such a consideration has no merit now, with the imperative need for the contemplated military, naval, productive and protective facilities which constitute major items in the project, and

Whereas, Because time is of the essence in this war, expeditious and decisive action should be taken upon any proposal that is conducive to its early and successful conclusion in victory for the allies; now, therefore, be it

Resolved, That this Board of Supervisors, having met in special session this Friday, April 24, 1942, at 2:00 o'clock, P. M., has given serious consideration to this very important project and now urges the authorities having jurisdiction over the matter to take prompt and decisive investigative action on the Reber Plan, as it will affect the entire Bay Region, to the end that if found feasible its undertaking may be recommended and commenced at an early date.

### Discussion

Supervisor Mead, in discussing the foregoing Resolution, which he had just presented, asked the representatives from Oakland if they could see any harm if the Board of Supervisors should memorialize the proper authorities to investigate the proposed Reber Plan. He agreed in part, he stated, with the gentlemen from Oakland, that the proposed project could not have any material effect on the present war, but he was thoroughly convinced, although he hoped he was wrong, that this will not be the last war. However, he did believe it would be wise to request the proper authorities to make a study of the proposed plan and then let the people know their reactions. Such investigation should be made with the thought that the people would be guided by the recommendations.

Supervisor O'Gara objected to immediate consideration of the Resolution. He believed the meeting should close on the note that San Francisco wants to cooperate with its East Bay neighbors, and to assure them that San Francisco does not want to do anything not for the common good of San Francisco Bay area. For that reason, it would be his suggestion that because of the magnitude of the project, before the Board adopts the Resolution it be referred either to a special committee or to the County, State and National Affairs Committee, for hearings and conferences with proper representatives of the communities to be affected and find out exactly what objections there are to the proposal.

Mr. Bert Fernhoff, City Attorney, Oakland announced that such plan would be welcome and he would be glad to confer with the Committee from San Francisco at any time.

Thereupon, Supervisor O'Gara, seconded by Supervisor Roncovieri, moved that the Resolution be referred to a special committee, and that the committee conduct proper hearings before recommending the Resolution back to the Board.

No objection, and so ordered.

Colonel Ludell, on behalf of the Commanding Officer, Port of Embarkation, called attention to the army's interest in the matter, as it is in any matter affecting army activities, and that the War Department must concur in anything pertaining to the harbor.

**ADJOURNMENT**

There being no further business, the Board, at the hour of 5:15 P. M., adjourned.

### Consideration Postponed

(Called out of Police Committee on motion of Supervisor Brown.)

Mayor Requested to Call Meeting of Citizens Committee for the  
Purpose of Organization of the San Francisco Home Guard

(Series of 1939)

Resolution No. ...., as follows:

Whereas, It is generally recognized that in the event of the invasion  
of the Pacific Coast, it is probable San Francisco will be among the  
first cities to be attacked; and

Whereas, Due to its exposed position, our City is exceedingly vul-  
nerable to such attack by enemy forces; and

Whereas, Although Civilian Defense has been adequately organized  
to take care of non-combatant types of resistance to attack, no provision  
has thus far been made to augment with local effort the combatant  
forces which will be opposed to the enemy; and

Whereas, Large numbers of San Francisco citizens have been and  
will be non-qualified through disability, age, or other basis for defer-  
ment, to become members of the military forces of the United States;  
and

Whereas, Such non-qualified citizens are nonetheless capable of taking  
part in home defense; now, therefore, be it

Resolved, That the Board of Supervisors does hereby heartily en-  
dorse the creation of a Home Guard for San Francisco, said Home  
Guard to be made up entirely of San Francisco residents and citizens,

who are not qualified for active service in the Armed Forces of the United States; and said Guard to be employed solely in augmenting the defense of the City of San Francisco in the event of invasion of this immediate territory by enemy forces; and be it

Further Resolved, That the Mayor is requested to call a meeting of a Citizens Committee for the purpose of organization of the San Francisco Home Guard.

*April 20, 1942—Consideration continued until April 27, 1942.*

*April 27, 1942—On motion by Supervisor Gallagher, consideration of the foregoing Resolution was postponed until Monday, May 11, 1942, at 3:00 P. M.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. SEC. 301, Part I, of the San Francisco Municipal Code, embodying Ordinance No. 4.0521, entitled as above, is hereby amended to read as follows:

SEC. 301. Rule 32 of the Civil Service Commission of the City and County of San Francisco, as amended by said Civil Service Commission, providing for leaves of absence to officers and employees due to illness or disability, which said amended rule as herein set forth, is hereby approved, said amended rule being in words and figures following, to wit:

#### Rule 32. Sick Leaves and Disability Leaves, With Pay.

Section 1. **General Requirement.** The officers and employees of the City and County of San Francisco shall be entitled to sick leaves with full pay, and disability leaves in accordance with laws, rules and regulations of the Retirement Board, subject, however, in both instances, to the provision of this rule.

Section 2. **Definition of Sick Leave.** A leave of absence granted under this rule, because of illness or injury, and not covered by Section 3 of this rule, shall be known as a "sick leave."

Section 3. **Definition of Disability Leave.** A leave of absence granted under this rule for one of the following causes, shall be known as a "disability leave."

(a) Absence due to quarantine established and declared by the Department of Public Health or other competent authority.

(b) Absence necessitated by death of mother, father, husband, wife, child, brother or sister; provided that in such case the leave shall not extend beyond the date of burial of said deceased person.

(c) Absence necessitated by death of other relatives; but leave with pay in such case shall be for not more than one (1) day to permit attendance at the funeral of said person.

(d) Absence due to disability caused by illness or injury arising out of, and in course of, employment.

Section 4. **Periods of Sick Leave.** Officers and employees who are subject to the provisions of Section 153 of the Charter, and who have regularly occupied their positions continuously for at least one year, shall be entitled to two weeks' sick leave, with full pay, annually, during their occupancy of said positions; provided that where it is necessary for the appointing officer to employ and pay a substitute in the stead of an absentee who is paid on an hourly or per diem basis, said sick leave, if it is for five days' duration or less, shall be without pay. Such annual sick leave of two weeks, with pay, when not used, shall be cumulative, but the accumulated unused period of sick leave shall not exceed six (6) months, regardless of length of service, except as provided in Section 5 hereof.

**Section 5. Accumulation of Sick Leave.** Officers or employees who are in the service of the city and county at the time this rule takes effect shall be entitled to an accumulation of two (2) weeks' sick leave with pay for each year of service, until the maximum of six (6) months' accumulation has been reached; provided that when said maximum accumulation of six (6) months has been reached, and thereafter part of said maximum accumulation of six (6) months has been used, the used part of said maximum may again be replenished at the rate of two (2) weeks for each subsequent year of service. Sick leaves with pay allowed since the present Charter became effective on January 8, 1932, shall be deducted from the above-mentioned accumulations, and a statement, by the applicant, of all such sick leaves had since January 8, 1932, to the date of the adoption of this rule, must accompany all requests for sick leave with pay.

**Section 6. Periods of Disability Leaves, as Defined in Items (a), (b) and (c) of Section 3 Hereof.** Leaves of absence, with full pay, allowed because of quarantine established by the Department of Public Health, or other competent authority, shall be for the period of such quarantine only. Leaves of absence with pay, allowed because of deaths of relatives, shall be limited to the periods mentioned in items (b) and (c) of Section 3 of this rule.

**Section 7. Absence Due to Disability Caused by Illness or Injury Arising Out of and in the Course of Employment.** Officers or employees of the City and County of San Francisco who are absent from duty because of disability arising out of and in the course of their employment, shall be governed by the provisions of the "Workmen's Compensation Insurance and Safety Act" of the State of California and such rules as may be made under authority thereof by the Industrial Accident Commission; and the allowance of benefits and leaves of absence of said persons, in accordance with the provisions of said Act, shall be under the jurisdiction of the Retirement Board.

**Section 8. Application for Sick Leave or for Disability Leave.** Applications for Sick Leave or for Disability Leave, as defined in subdivisions (a), (b), and (c) of Sec. 3 of this rule, shall be made to the head of the department in which the person making said application is employed, provided that the Manager of Utilities, the Director of Public Works, the Director of Public Health and the Director of Finance and Records may authorize the head of any department, bureau, division or officer, under their respective jurisdictions, to grant and approve the allowance of sick or disability leaves of absence. When any application for a sick leave of absence or disability leave of absence is denied by the respective persons herein authorized to grant the same, the applicant may appeal to the Civil Service Commission from said denial, and the said Commission shall cause the facts on which said application is based to be investigated and may, upon said investigation, make such order in the premises as said Commission shall deem just, which said order shall be final.

No sick leave exceeding five (5) days shall be granted to any person unless there is presented by the person asking for said sick leave and with the application therefor, a physician's certificate stating the necessity for said sick leave. The head of the department or other officer to whom said application is made may make such independent investigation as to the necessity for said sick leave as he shall deem proper. When, in case of a sick leave, pay is allowed for the period of the first five days, or any part thereof, the officer, board or commission granting the same shall certify to the Civil Service Commission that he has personally investigated the case and has found it deserving. Illness caused by dissipation or by immoral conduct shall not be made the basis of any sick leave.

**Section 9. Reports to Civil Service Commission.** The officer, board or commission granting sick or disability leave shall immediately report the action to the Civil Service Commission on such forms as the Civil

Service Commission may provide. Said officer, board or commission shall thereafter report on such cases when required to do so by the Civil Service Commission but return to duty of an appointee who had been on sick leave shall be immediately reported to said Civil Service Commission. The Civil Service Commission may at any time make such independent investigation as it shall deem proper regarding the illness of any person on sick leave and particularly when any such person has been on sick leave with pay for more than ten continuous days.

All applications for sick leave, with or without pay, for periods exceeding five (5) days, granted to officers and employees of the city and county under authority of this rule, shall be accompanied by physicians' certificates which shall show the cause or necessity for such sick leaves, and the physicians authorized to issue said certificates are as follows:

In the cases of all sick leaves, with or without pay, of five days or less duration, granted under the authority of this rule to officers or employees of the City and County, the appointing officers or their representatives shall certify to the Civil Service Commission that they have made investigation of such cases and found them deserving.

**Section 10. Retirement on Pension Automatically Terminates Leave of Absence.** Whenever a leave of absence has been granted under this rule to any officer or employee, and such officer or employee during such leave is retired on pension, his leave of absence shall automatically terminate on the date of his retirement on pension; provided, however, that any allowance or compensation made under authority of the Workmen's Compensation law shall continue to be paid to said retired employee in accordance with the provisions of said law.

**Section 11. Police and Fire Departments.** Sick leaves and disability leaves granted to members of the uniformed forces of the Police Department and Fire Department shall be regulated by rules adopted respectively by the Police Commission and Fire Commission, which rules, and amendments thereto, shall be subject to the approval of the Civil Service Commission, and when so approved by the Civil Service Commission shall be deemed as included in this rule.

**Section 12. Positions to Which This Rule Shall Not Apply.** The provisions of this rule shall not apply to certified employees of the Board of Education for whom sick leaves, with pay, are governed by State law, nor to positions of patrol special police officers appointed by the Police Commission.

**Section 13. Pay Rolls and Time Sheets.** Sick leaves, with pay, granted under this rule shall be indicated on pay rolls and time sheets by the letters S. L. P. (Sick leave with full pay); and disability leaves, with pay, granted under this rule, shall be indicated on pay rolls and time sheets by the letters D. L. P. (Disability leave with full pay).

Bill No. 1656, Ordinance No. ...., as follows:

Authorizing the Mayor of the City and County of San Francisco to appoint a permanent committee to be known as the "Isidore M. Golden Honor Medal Committee" for the purpose of honoring the memory of said Isidore M. Golden, a former judge of the Superior Court of the State of California, in and for the City and County of San Francisco, and to thereby advance and perpetuate the principles advocated by him.

Whereas, Isidore M. Golden, who died on the 4th day of July, 1941, for many years served with honor and distinction as a Justice of the Peace of the City and County of San Francisco, as an Assistant District Attorney of said City and County, and as a Judge of the Superior Court of the State of California, in and for the City and County of San Francisco and, in addition thereto, devoted many years of his life to public, civic and humanitarian service and worked zealously for the advancement of the principles of true Americanism and for the eradication of the spirit of prejudice and intolerance among all people, and in every way labored for the development and inculcation of the spirit of good will, tolerance and understanding among men of all races and creeds; and

Whereas, It is the desire of the people of the City and County of San Francisco to perpetuate the memory of said Isidore M. Golden, his life as a public official, and the many civic and humanitarian acts which he performed, and to preserve a deep affection and respect for the principles he espoused; now, therefore,

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Mayor of the City and County of San Francisco be, and he is, hereby directed to appoint a committee consisting of five citizens of the City and County of San Francisco, to be known as the "Isidore M. Golden Honor Medal Committee," which persons appointed to said committee shall serve without compensation and the term of each member shall be four years from the date of his appointment, and provided that, in the event there is a vacancy on said committee, the Mayor shall appoint a suitable person to fill such vacancy and his term of office shall also be four years.

The person so selected by said committee shall be awarded, on a suitable day during said year and preferably at some civic celebration, a medal to be known and designated as the "Isidore M. Golden Honor Medal."

Section 4. Said committee shall have the power to enact and promulgate the necessary rules for its guidance and to carry out the purposes for which it is appointed.

Section 5. Said committee may receive such gifts, donations, bequests or devises as it may deem proper to enable it to carry out the purposes for which it has been appointed.

Approved as to form by the City Attorney.

**Privilege of the Floor**

On motion by Supervisor Shannon, Mr. Walter McGovern was granted

the privilege of the floor, to speak on the foregoing Bill. Mr. McGovern, however, relinquished the floor in favor of Mr. Theodore Roche.

Mr. Theodore Roche, in addressing the Board, stated that he considered it to be a great privilege to be afforded the opportunity of participating in these proceedings bringing into existence such a committee. "I have known Judge Golden for many years," he stated. "I can, in a brief sentence, indicate my conception of his life. During his life he was honored for his splendid character and outstanding reputation; he was esteemed and revered because of his scholarly attainments both literary and legal; he was respected because of his exalted patriotism; he was beloved because of his simplicity, humanness and his gentleness. This committee and the medal it will control will keep alive in the hearts of the men hereafter to follow, the memory of a splendid citizen."

Rabbi Bernstein, on being granted the privilege of the floor, stated that he considered Mr. Golden as a fine example of the traditions of his own people and of his country. It will be a greater honor, he continued, to the community than to his memory, if his name is preserved in this particular way.

Supervisor O'Gara paid tribute to the memory of Judge Golden, stating that he knew Judge Golden as an attorney and as a Judge. Judge Golden was his friend. He was a great humanitarian and a tolerant man, and he hoped the Board would *Finally Pass* the foregoing Bill by a unanimous rising vote.

Supervisor Shannon moved *Final Passage*. He had intended, he stated, to bring out the point just mentioned by Rabbi Bernstein. That was the purpose of this legislation. Further words are now unnecessary.

Motion seconded by Supervisors Mead and O'Gara.

Supervisor Colman, thereupon, stated that as a lifelong friend, he was most happy to take a part in passing the proposed legislation.

Thereupon, the foregoing Bill was

**State Board of Equalization Urged to Look With Disfavor Upon Applications for Liquor License in Area Bounded by Ellis, Cali-**

**fornia, Gough and Fillmore Streets in Buildings Considered "sub-standard."**

(Series of 1939)

Resolution No. ...., as follows:

Resolved, That the State Board of Equalization in the granting of liquor permits in the area bounded by Ellis, California, Gough and Fillmore Streets, be respectfully requested to look fully into the character of the applicant, the purpose of the business to be entered into, the character and type of building to be used by the applicant, and whether in the opinion of the State Board of Equalization it comes within the meaning of the term "sub-standard" and, if so, that the application be looked upon with disfavor until such time as the rehabilitation of the Japanese Quarter is under way.

**Discussion**

Supervisor MacPhee, member of the Public Buildings, Lands and City Planning Committee, explained the foregoing Resolution, prepared and presented by the Committee itself, pursuant to request by people in the district affected.

Supervisor MacPhee, in reply to questioning by Supervisors O'Gara, stated that neither the Fillmore Street Merchants Association nor any other improvement organizations in the district had been notified of any hearing on the matter.

Thereupon, Supervisor O'Gara moved that further consideration be postponed until Monday, May 11, 1942, and that the Fillmore Street Merchants Association, and other interested organizations and persons be notified so they can be present in order that the Board can have a full expression of their views.

Motion seconded by Supervisor Shannon, with the understanding that the matter be sent back to committee in the meantime.

Whereupon, Supervisor O'Gara announced that he would accept, as his original motion, the suggestion that the matter be re-referred to Committee.

No objection, and so ordered.

**Re-reference to Committee**

**Congress of the United States Memorialized to Grant Moratorium on Mortgages on Japanese Owned and Japanese Occupied Properties Within the City and County of San Francisco.**

(Series of 1939)

Resolution No. .... as follows:

Resolved, That this Board of Supervisors memorialize the Congress of the United States to give favorable consideration to a moratorium on mortgages on Japanese owned and Japanese occupied properties within the City and County of San Francisco evacuated by reason of the present national emergency.

**Discussion**

Supervisor Mead objected to the foregoing Resolution, inquiring if such moratoriums have been granted to our own American people serving in our army, and if properties in Japan but owned by Americans, are being given similar consideration. "Before we lean over backwards," he continued, "in doing enemy aliens favors, we should ascertain whether our people in Japan, who may own property there, are being given consideration in respect to their property. Until we have that information I am going to oppose this."

Supervisor MacPhee announced that about fifty per cent of the property in the Japanese district was owned by citizens, but leased by Japanese. The purpose of this Resolution was to help prevent those owners, as well as the Japanese themselves, from losing their properties through possible foreclosures.

Supervisor O'Gara announced that he would oppose this Resolution, because of ambiguities contained therein. As soon as the evacuation of the Japanese has been completed the Army will do the same thing to Italian and German aliens. This is a problem for the federal government to handle. It is not the time for the Board to take any action.

Thereupon, on the statement by Supervisor Uhl that the proposed Resolution had come from various organizations in the district, but that he would like to see the matter re-referred to committee, and no objection being made to the suggestion, the Chair re-referred the Resolution to the Public Buildings, Lands and City Planning Committee.

**Approving Contemplated Action of Public Utilities Commission Entering Into a Contract With Defense Plant Corporation for Disposal of Hetch Hetchy Hydro-Electric Energy.**

(Series of 1939)

Resolution No. 2595, as follows:

Resolved, That pursuant to the request contained in Resolution No. 4999 of the Public Utilities Commission, this Board of Supervisors hereby approves the contemplated action of said Commission in entering into an agreement with the Defense Plant Corporation, an Agency of the United States Government, under the terms of which the City shall obligate itself for a period of 5 years, with the right of Defense Plant Corporation to terminate the agreement on 30 days' written notice, to deliver at the City's transmission lines all hydro-electric energy developed on the Hetch Hetchy Project to be used by said corporation for the operation of an aluminum plant which the corporation is to erect at its own cost. The agreement shall provide that Defense Plant Corporation will pay to the City 4.878 mills per kilowatt hour for all energy used in said plant. The amount of energy generated at the Moccasin and Early Intake Plants of the City is insufficient to supply the entire needs of the aluminum plant to be constructed, and an appropriate contract is to be entered into between Pacific Gas and Electric Company and the Public Utilities Commission in behalf of the City for supplying by said Pacific Gas and Electric Company the additional energy needed.

After explanation by Mr. E. G. Cahill, Manager of Utilities, the foregoing Resolution was

**Requesting Public Utilities Commission to Report As to Possible Effect of Increase in Municipal Railway Fares**

(Series of 1939)

Resolution No. 2596, as follows:

Whereas, The increasing need for mass transportation facilities in San Francisco because of tire shortages due to the war is creating an intolerable situation so far as it concerns that portion of the public which must use such facilities; and

Whereas, It appears on the basis of increased use of these mass transportation facilities, even before the effects of the tire shortage have made themselves fully felt, that there will be much heavier demands upon the services of these agencies in the immediate future; and

Whereas, The equipment now appears to be inadequate to meet these increasing needs, particularly with reference to Municipal Railway, which is reported to be using all the equipment it now owns during the peak hours of service; and

Whereas, These new demands must be met and the surplus funds of Municipal Railway available for purchase of new equipment have been exhausted by recent purchases approved by this Board of Supervisors; and

Whereas, Under the Charter no funds other than bond funds or profits may be used for extension of Municipal Railway services; now, therefore, be it

Resolved, That the Board of Supervisors request of the Public Utilities Commission a report on the possible effects of an increase in the fares charged by Municipal Railway with particular reference to meeting these new wartime demands and that such report shall contain an estimate of the results of an increase to 6 cents and an estimate of the results of an increase to 7 cents, including the possibilities of the advantages to be enjoyed from establishment of the universal transfer; and, be it

Further Resolved, That this Board of Supervisors urge upon the Public Utilities Commission the speediest possible completion of this report to the end that this Board of Supervisors shall be fully informed as to the needs and effects for such fare increase should it subsequently come before this Board.

Fixing schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications subject to Section 151 of the Charter to become effective July 1, 1942.

(Series of 1939)

Bill No. 1684, Ordinance No. ...., as follows:

An ordinance fixing a schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications which are subject to the provisions of Section 151 of the Charter and providing that said schedule shall become effective July 1, 1942.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. For the purposes of this ordinance the term "schedule of compensations" shall be construed and held to mean the 1930 schedule of compensations proposed by the Civil Service Commission, as revised, amended and specifically set forth in this ordinance.

Section 2. Pursuant to the provisions of Section 151 of the Charter, the schedule of compensations set forth herein shall, from and after the effective date of this ordinance, determine and fix the salaries, wages and compensations for the several classifications of employment in the San Francisco municipal service hereinafter enumerated.

Section 3. Employees legally occupying positions in the following classifications, designated by the Civil Service Commission, shall receive commencing July 1, 1942, those salaries and wages set forth in the annual budget as recommended by the Mayor and adopted by the Board of Supervisors for the fiscal year 1942-1943, provided, however, that no employee shall receive less than two-thirds of the increment above his present salary, computed to the nearest dollar, to which he is entitled on the basis of seniority in service for the fiscal year 1942-1943, as indicated in the schedule of compensations set forth herein, provided, further, that the gross compensation for full time employees, occupying positions subject to civil service, shall not be less than \$106.00 per month. Commencing July 1, 1943, and each year thereafter, employees who are subject to the provisions of this ordinance shall receive in full the salaries or wages, based upon seniority in service provided for their particular classifications in the schedule of compensations herein set forth.

Section 4. Employees entering the municipal service on or after July 1, 1942, shall be paid the entrance rate provided for their particular classifications in the schedule of compensations herein contained, provided, however, that no new employee shall be paid more than other appointees then serving under regular Civil Service appointment in the same classification under the same appointing officer.

Section 5. Employees who are promoted to higher classifications

shall enter such promotive classifications at the entrance rate fixed for such classifications in the schedule of compensations herein contained, provided, however, that if an appointee to a promotive position had, in his former classification, received the equivalent or more than the entrance salary provided in this ordinance for such promotive position, such appointee shall enter such promotive class at that salary fixed in the schedule of compensations, for such promotive classification, which is in immediate excess of the salary which such employee received immediately prior to his appointment to such promotive classification.

Section 6. Salaries and wages set forth in the schedule of compensations herein contained are gross compensations. Deductions shall be made from such salaries or wages, as provided by law, for maintenance or other accommodations and charges therefor shall be fixed by law, provided, however, that no charge shall be made for maintenance or other accommodations available to employees in public institutions unless such employees actually receive such maintenance or utilize such accommodations.

Wages fixed herein on a per hour or per diem rate are based upon an eight-hour work day.

Compensations fixed herein on a monthly or weekly basis are for full time service. The Board of Supervisors shall determine annually the amount to be paid employees whose positions are established in the annual salary ordinance as part-time positions.

Section 7. Seniority increments on the basis of years of service as fixed herein shall be effective beginning on the first day of July following the anniversary of permanent appointment in the classification to which the position of the employee is allocated.

Section 8. If the compensation paid as of June 30, 1942, to an employee legally occupying a position allocated to a classification for which a compensation schedule is herein fixed is higher than the amount to which such employee is entitled under the said compensation schedule, the employee shall continue to receive the salary he is receiving as of June 30, 1942.

Section 9. If it shall be determined by any court of competent jurisdiction that any salary or wage fixed in the schedule of compensations herein contained is contrary to the provisions of Section 151 of the Charter such determination shall not affect the validity of any other salary or wage fixed in said schedule of compensations.

Section 10. This ordinance shall take effect July 1, 1942.

Section 11. The compensation schedules for classification included in Division B, Clerical Service, as set forth in the Civil Service Commission's classification of positions are as follows, subject to the provision of this ordinance:

### Discussion

Supervisor MacPhee, in explaining the foregoing Bill, reported that it was the result of conference held in the Mayor's Office at which the Mayor, Members of the Finance Committee, Supervisor Roncovieri and representatives of various organizations met. No objection was expressed to the proposal at that meeting. The Bill was approved by his Honor, the Mayor, by the Finance Committee, and by Supervisor Roncovieri, who had worked with the committee. It provides for Salary Standardization, based on the 1930 salary schedules, as amended and extended by the Civil Service Commission.

Supervisor O'Gara moved that inasmuch as the Bill had not appeared on the Calendar, and consequently he had had no opportunity of studying it, or to learn the attitude of the various civic organizations with respect to it, he would move that consideration be postponed for one week.

Motion seconded by Supervisor Uhl in order to get the motion before the Board.

#### Privilege of the Floor

Mr. William H. Nanry, representing the Bureau of Governmental Research, who, on motion by Supervisor O'Gara was granted the privilege of the floor, stated that as far as he knew the Municipal Conference Committee had not considered any phase of salary standardization except piecemeal standardization, to which it had registered its objections. The Municipal Conference Committee has had no opportunity to study this plan, nor has any other organization had the opportunity to point out in detail whether the 1930 rates are in accordance with the Charter provisions.

Supervisor MacPhee, in reply to Mr. Nanry, stated that undoubtedly there are some inequities which the Bureau of Governmental Research would not approve. However, unless this is approved, and passed, the Board will be right back again with piecemeal standardization. The matter should be passed once for all.

#### Privilege of the Floor

Mr. John O'Connell, on being granted the privilege of the floor, stated that the proposed schedules were not satisfactory to the people whom he represented. The report was submitted to the Board in 1930, and was turned down. It is discriminatory. Some of the people get nothing except what they received back in 1930.

Supervisor Roncovieri expressed his opposition to any delay, as proposed. Salary Standardization must be adopted, once and for all, he stated. We have been tinkering with it for years. We have sidestepped it. We did try once, and the people threw the result of our work into the discard. Now we should get standardization behind us. Standardization is not a static thing. Amendments can and will be proposed, but to oppose standardization is to remain in status quo. Everyone present in the Mayor's Office agreed that this is the only way to settle the matter. That it is perfect, nobody agrees, or ever will agree. We cannot make a salary standardization that is static, but we can cure injustices where employees receive less than the entrance salaries while others are getting the maximum salaries of their classifications. If salary standardization is not adopted such injustices will be perpetuated. Since, under the Charter provisions this matter is subject to referendum, and does not become effective until thirty days after Final Passage, it will be at least forty days before it does become effective. For that reason there can be no delay if we are to have salary standardization by the beginning of the new fiscal year. Salary standardization should be adopted. If anything is wrong in this particular Bill it can be cured.

Supervisor Uhl expressed surprise at both Mr. O'Connell's and Mr. Nanry's disagreement with the Mayor's recommendations. However, he suggested that the Board, at the conclusion of the day's business, recess, to reconvene either on Wednesday or Thursday, at which time any interested groups may appear and express their views on the matter.

Supervisor O'Gara, thereupon, announced that he favored salary standardization, but he did not want to vote blindly on this proposal, and he inquired if the proposed delay in action would afford sufficient time for study of the proposal by interested organizations.

Mr. Nanry, in reply, doubted if the suggested delay would be sufficient. There are many organizations other than the Bureau of Governmental Research that were interested in this matter.

Supervisor MacPhee, in answering objections, held that there were

those who objected to piecemeal standardization, and who did not want standardization as a whole. This matter should have been adopted twelve years ago.

Mr. Grover O'Connor, representing the San Francisco Municipal Civil Service Association, on being granted the privilege of the floor, agreed that the proposed ordinance probably would not cure all the evils that exist, but it will be a definite step forward. The schedule has, in fact, already been approved by the voters in their adoption of the present charter. There should be no delay in passing the ordinance.

#### Postponement Defeated

Thereupon, the roll was called and the motion to postpone consideration for one week was defeated by the following vote:

Ayes: Supervisors Colman, O'Gara—2.

Noes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—8.

Absent: Supervisor Brown—1.

#### Explanation of Votes

Supervisor Mead, in explanation of his intended vote on the proposed salary standardization, stated he was sorry that representatives of labor were not present at the meeting in the Mayor's office. Everyone at the meeting seemed to be in accord with the proposal. If the Board should attempt any further piecemeal standardization it will be vetoed by the Mayor, and any attempt to override the Mayor's veto will be wasted effort. An attempt is being made now to do something for the majority of the people involved. He would vote "Aye" on the proposed salary standardization legislation.

Supervisor MacPhee pointed out that Supervisors could vote "Aye" on the Bill today. It will come back to the Board two weeks later at which time further discussion can be had and a further vote taken.

Supervisor Roncovieri again reminded the Board that if the legislation is adopted, it is not static; it can be amended at any time and any inequalities can be corrected. Salary standardization, though, can be adopted. It is the only way by which justice can be had by employees of the City and County of San Francisco.

Supervisor Colman, in explanation of his vote, which would be "No" stated that he was influenced to some extent by the fact that substantial organizations whose members will pay their full share of the taxes, have not been given a hearing. That is not their fault. It is also a policy of the Board, that has been followed very closely, that when any citizens have not been heard on a measure, that action be postponed in order to give them their day in court. In continuing, Supervisor Colman stated, he favored standardization, but he favored standardization that, in his opinion, was really standardization. The charter states that we must not pay more than the prevailing wage on the outside for similar duties. It was his opinion that the salaries set up in this proposed standardization ordinance were decidedly out of line. It is not a question of right or wrong, but it is a fact that starting wages for elevator operators and janitors, on the outside, are not \$145, nor for stenographers not \$155. If we standardize we should not take the 1930 scale, but should find out the wages being paid today on the outside. Under the terms of the charter we cannot pay more than those wages. In his own business, he handled labor relations, and has always tried to be fair and understanding, but in this case he is dealing with taxpayers' money. For those reasons he was not in favor of the proposed salary standardization measure. Delay may prevent adoption in time for the coming budget. For that he was sorry, but he did not consider himself any more to blame than any other citizen of San Francisco. Because standardization has not been adopted for twelve years is no reason to rush into it now. It is true that wages paid to institutional help are very low, but they are higher than are being paid for

similar duties performed for those in private institutions. Today is no time to discuss wages. Today there is a shortage of labor, with corresponding increases in prices. Later on the pendulum will swing the other way, and the city never adjusts wages downward. A thing of this magnitude should not be rushed into, even if it has been neglected for twelve years. He would vote "No" on the Bill.

Supervisor Mead disagreed with remarks by Supervisor Colman, pointing out that although he had heard the same statement for the past six years that he had been a member of the Board, before he had become a member, city employees for several years had accepted voluntarily, at first, and later had forced on them, reductions in salaries.

Supervisor Colman, in reply thereto, stated that both Supervisor Mead's and his own statement were correct. City employees had received reductions in their salaries, which, he believed were now fully restored, but salaries have never been standardized, and never will be standardized downward.

Supervisor O'Gara announced that he would vote "No" for the reason that he refused to vote a \$300,000 increase of salaries without adequate hearing before any committee or before the Board. He was not binding himself to vote "No" on Final Passage, however. He would like the specific objections of both Mr. Nanry and Mr. O'Connor to any particular items in the proposed schedules, and he would request Mr. O'Connell to submit any cases where he thinks salaries are too low. If the whole picture, regardless of Mr. Nanry's objections, appears to be reasonable, he would be reasonable. Otherwise he would vote against the proposal on Final Passage. He favored the general idea of salary standardization, but he desired to be satisfied that generally speaking, there are no overpayments in this city government, as compared to private industry.

Supervisor Roncovieri, in answering statements made, stated it to be true that there would be some \$300,000 additional in the budget for the coming fiscal year. But it will be in the budget anyway, placed there by the Mayor. There seems to be a fear that San Francisco will not reduce salaries when the time comes. He, himself, hoped the time would never come, but those who feel reductions should be made have a perfect right to bring in amendments for reductions at any time. However, the Board should adopt salary standardization once and for all. It will not be perfect. There will always be criticism. But inequalities and errors can be corrected at any time.

Supervisor Green, in discussing salary standardization, remarked that we are not living in 1930; we are living in 1942. He would like to see standardization that is correct now.

Mr. William Henderson, speaking for the Civil Service Commission, pointed out that studies based on current wages paid in private employment and in other governmental agencies would require at least a year. It took about eighteen months to complete the studies necessary to compile the 1938 schedules.

Supervisor MacPhee explained that he intended to vote "Aye," days and weeks of study having convinced him that it was the proper thing to do.

Supervisor Uhl announced his intention to vote "Aye." By so doing increases in the budget will be prevented. However, he was not voting so with the idea that he would be increasing any salaries.

Supervisor Green stated he intended to vote "Aye," because he could not vote any other way. There should be a better system and a fairer way to determine proper salaries than is now in existence.

Thereupon, the roll was called and the proposed salary standardization ordinance was

## Presentation of Proposed Budget and Annual Appropriation Ordinance for Fiscal Year 1942-1943

The Clerk announced that the Proposed Budget and Annual Appropriation Ordinance for the Fiscal Year 1942-1943 had been presented by his Honor, the Mayor, on May 1, 1942:

May 1, 1942.

To the Honorable  
The Board of Supervisors  
City Hall  
San Francisco, California.

Gentlemen:

As required by Section 72 of the Charter, there have been transmitted to your Honorable Board this day the following:

The consolidated 1942-43 budget estimates for all departments and offices of the City and County.

The proposed 1942-43 budget.

The detailed estimate of all 1942-43 revenues of each department.

The estimate of the 1942-43 requirements to meet bond interest and redemption and other fixed charges and revenues applicable thereto.

The draft of the 1942-43 annual appropriation ordinance prepared by the Controller.

Also in accordance with the provisions of Section 72 of the Charter, I comment hereunder upon the financial program incorporated in the

1942-43 budget, the important changes as compared with the previous budget, and the bond issues recommended by me. My financial program for 1942-43 can be summed up under four major points.

(1) The continuation of my policy adopted last year of allowing the second one-third of accrued salary increases with the intention of bringing all employees in the 1943-44 budget to the full salary to which they will be entitled by length of service, under the rates set forth in the April 9, 1930 salary schedule, which is recognized as to maxima by the 1932 Charter.

(2) With respect to new positions, I have allowed only those positions which have been demonstrated to be essential to the proper operation of the departments affected.

(3) Proposed expenditures for capital improvements have been eliminated except in those cases where such expenditures are necessary to preserve investments already made.

(4) All departmental requests for equipment and for operating expenses have been reduced as much as it was deemed advisable in order not to cripple the departments.

There were many expenditures of meritorious nature recommended by the various department heads which, in the interest of economy, had to be deferred in order to lessen the burden upon the taxpayer. The President of the United States recently enunciated a war program which includes the freezing of rents and other prices of various commodities. It would not be fair to our taxpayers if we did not make a strenuous effort to afford relief to them insofar as possible, and I have made every effort in my budget recommendations to present a total which should not require a substantial change in the tax rate for 1942-43; this despite the mandatory requirements of government, as provided in the Charter, the heavy increase in the cost of foodstuffs and materials and supplies, and the needs of Civilian Defense which are discussed in detail hereinafter.

The various departmental requests, as originally filed with me, totalled \$78,566,088 which represented an increase of \$8,454,289 over the 1941-42 budget as finally adopted. I have reduced these requests by \$8,811,881, to a total of \$69,754,207, or a reduction of \$357,592 under the 1941-42 budget.

A comparison of the proposed 1942-43 budget with the 1941-42 budget is as follows:

	Proposed for 1942-43	Adopted for 1941-42	Decrease
Net budgets .....	\$69,754,207	\$70,111,799	\$ 357,592
Deduct provision for Civilian Defense for comparative purposes .....	1,477,918	.....	1,477,918
Balance for normal functions of gov- ernment .....	\$68,276,289	\$70,111,799	\$ 1,835,510

This reduction in the allowances for the normal functions of government was made despite the heavy increases in the cost of foodstuffs and supplies for our institutions, which also affects all other departments of the city and county government.

I wish to call your attention to the fact that because of the failure of the State Legislature to provide funds for the relief of the employable unemployed—for many years the function of the State—it was necessary again to include in the 1942-43 budget the sum of \$400,000 for this purpose. This represents about five cents in the tax rate and is an unfair burden placed upon the local taxpayers by the failure of the State to continue to take care of its obligations.

In comparing the proposed 1942-43 budget with the 1941-42 budget,

the following notable increases and decreases in appropriations are observed:

*Major Items of Increase:*

Registrar of Voters .....	\$	54,239
Health Department, Central Office.....	\$63,491	
Laguna Honda Home .....	47,611	
San Francisco Hospital.....	87,805	
Hassler Health Home .....	55,760	
	—————	254,667
City Planning Commission .....		68,915
Emergency Reserve Fund .....		264,363
Bond Interest and Redemption .....		129,039
Publicity and Advertising .....		20,000
Tax Judgments .....		38,664
Utilities, Lighting Streets and Buildings.....	\$ 27,316	
Municipal Railway .....	122,540	
Water .....	533,589	
	—————	703,445
Retirement System .....		68,035

*Major Items of Decrease—Including non-recurring items:*

Fire Department—Equipment .....	\$	172,008
Agricultural District No. 1A .....		50,000
Engineering Department (Sewers) .....		269,290
Public Welfare Department .....		1,047,254
Park Department .....		46,955
Recreation Department .....		109,648
De Young Museum .....		39,740
W. P. A. Projects.....		50,000
Diorama Building .....		37,000
Utilities, Treasure Island Airport .....	\$27,000	
Hetch Hetchy Water .....	88,241	
	—————	115,241
Department of Education (tentative) .....		53,798

The increase in the budget of the Registrar of Voters is due to the fact that there will be two elections in 1942-43—the primary election in August and the general election in November—as compared to one election in the current year. This does not include the special bond election in June for which separate funds were appropriated.

The increase in the Health Department is due in part to the proposed opening of one new tuberculosis ward in the San Francisco Hospital, but for the greater part is due to the tremendous increase in the cost of foodstuffs and of materials and supplies which are necessary to the proper operation of the San Francisco Hospital, the Hassler Health Home, and the Laguna Honda Home.

This increase in the cost of foodstuffs likewise affects the Sheriff's department, the Police department, the Juvenile Detention Home, and the Boys' Ranch School of the Juvenile Court. All departments of the City and County are affected by the increase in materials and supplies.

The increase in the budget of the City Planning Commission is due to the fact that the majority of sentiment appears to favor placing the responsibility for traffic and transportation studies, as well as for the formulating of a master plan, under the City Planning Commission and the budget as recommended by the City Planning Commission was approved by me as submitted.

I have requested an appropriation to the Emergency Reserve Fund of the full amount allowable for this fund. I have two reasons for recommending this increase: First, I believe there should be a sizable fund to take care of any unforeseen contingency with respect to the war emergency and I believe it to be better budgeting procedure not to

include a cushion or contingency fund with each department concerned with civilian defense but rather to recommend for civilian defense requirements the amount which our best judgment indicates, and to include in the Emergency Reserve Fund enough to take care of any additional needs that may develop; second, to provide a guaranty for uninterrupted departmental operations in view of the fact that departmental requests have been reduced considerably.

The increase in Bond Interest and Redemption requirements results from the inclusion in the 1942-43 budget of the amount which will be required to meet the first redemptions on the defense bond issues which it is anticipated will be approved by the voters at the special election in June.

The increase in the Publicity and Advertising Fund, as recommended by the Chief Administrative Officer, was approved for the reason that in my opinion San Francisco now, as never before, is in need of proper publicity to offset reports current throughout the nation which at various times have pictured us as under bombing attacks, as burning to the ground, or as a completely demoralized community.

Outstanding among the decreases in appropriations are those of the Public Welfare Department. For the first time in many years the requirements for categorical aids and direct relief show a decrease. These decreases are reported to result from generally improved economic conditions which have provided opportunities for many relief clients and even for some on the Old Age Pension rolls to obtain employment. It is reported that, unbelievable as it may sound, there were 25 Old Age pensioners dropped from the rolls during March, 1942, because they had obtained employment. Likewise, there has been an improvement in the economic status of responsible relatives which also has resulted in a decrease in the rolls. Decreases in the individual aid categories are as follows:

Old Age Pensions .....	\$258,425
Blind Pensions .....	330,000
Widows' Pensions and Supplemental Aid.....	96,800
Direct Relief—unemployables.....	332,000
Direct Relief—employables.....	314,749
(Former S. R. A. cases)	

The recommendation of the Bureau of Public Works, as approved by the Chief Administrative Officer with respect to the new sewer construction program, was decreased by me. The reason for this decrease is that I am informed that due to priority restrictions on reinforcing steel, it will not be possible to obtain this material for sewer work next year and if the full amount, as recommended for the sewer program, had been approved by me, the effect would be to freeze a considerable sum of money which would, of course, be reflected in the tax rate and in all probability could not be used. The sum of \$100,000 was retained in the budget for the sewer program, to provide for surveys, plans and specifications during the next fiscal year.

One departmental budget has been deleted in its entirety—that of the Treasure Island Airport. The reason for this is that the Federal Government has taken over Treasure Island and is operating it exclusively for the benefit of the United States armed forces. All personnel of the City and County was withdrawn from Treasure Island on Monday morning, April 27, 1942.

#### Water Department

The budget of the Water Department includes \$643,000 for additions and betterments. The largest item amounts to \$280,000 and is for the purpose of continuing a project begun last year for the construction of a new outlet from San Andreas Lake. The Manager of Utilities deems it vitally necessary to continue this improvement because of the fact that the present tunnel is slowly collapsing, and the complete collapse thereof would endanger the water supply of approximately 40% of the

residents of San Francisco. In addition, the present outlet is located athwart the San Andreas fault, which was the cause of the 1906 earthquake in San Francisco. Therefore, a new tunnel, south of the San Andreas fault, is doubly necessary.

Other items recommended are as follows:

Normal extensions .....	\$150,000
Services and meters .....	110,000
Subdivision extensions .....	30,000
Grouting of west abutment, Calaveras dam .....	50,000

**Civilian Defense**

Because of the state of war which exists between the United States and the Axis Nations, it has become necessary to create a civilian defense organization for the protection of the lives and property of our citizens in the event of enemy attack. Although some \$12,000 had been appropriated prior to Pearl Harbor for the organizing of civilian defense, it has only been since Pearl Harbor that the citizenry has been sufficiently aroused to take an active part in civilian defense. In order to provide adequate facilities for the registration and training of the various civilian defense groups, such as the air raid wardens, auxiliary firemen, auxiliary police, etc., and in order to provide, insofar as funds available would permit, the most necessary equipment and supplies for the protective agencies of government, it has been necessary to expend a considerable sum of money.

Up to date there has been provided by appropriation ordinances and by the Emergency Reserve Fund (exclusive of amounts set aside for civilian defense activities by the various utilities) the sum of \$657,294. These funds were provided from the following sources:

From the Emergency Reserve Fund .....	\$332,294
From the Public Welfare Department.....	225,000
From the appropriation for W. P. A. sponsorship .....	100,000
<b>Total .....</b>	<b>\$657,294</b>

Of this sum there has been allocated for expenditures up to date a total of \$640,922. This leaves only \$16,372 to carry civilian defense activities until the end of this fiscal year when the new budget will become effective and which includes provision for the estimated expenditures for civilian defense for the fiscal year 1942-43.

In addition to the funds already allocated for civilian defense purposes, there are two appropriation ordinances now before your honorable body providing respectively for an appropriation of \$43,000 for the purchase of steel helmets, and an appropriation of \$22,000 for the furnishing of identification tags for school children.

In connection with the total funds allocated, your Honorable Board has been furnished each month with a list of allocations made, the purpose thereof, and the amount involved in each allocation. Because of this, it is not deemed necessary to furnish a detailed breakdown of such expenditures in this message.

In order that the Civilian Defense organization may continue to function during the next fiscal year, it is necessary that an amount be included in the 1942-43 budget to finance these activities. In addition to the operation of the Civilian Defense Council, with its various ramifications, other departments of the City and County which are charged with the protection of the health, property, and lives of our citizens must be provided with funds for civilian defense requirements. The total proposed expenditures for all departments for Civilian Defense during 1942-43 are as follows:

Civilian Defense Council .....	\$ 280,655
Police Department .....	9,920
Fire Department .....	346,960
Electricity Department .....	5,492

Department of Public Health .....	35,258
Coroner .....	2,100
California Palace of the Legion of Honor.....	6,960
De Young Museum .....	8,700
Water Department .....	39,873
Hetch Hetchy Water .....	37,000
Department of Education .....	70,000
	\$ 842,918
Bond Interest and Redemption: 1942-43: .....	635,000
Fire Equipment .....	\$360,000
Auxiliary Pumping Station .....	275,000
	\$1,477,918
Total for 1942-43 .....	\$1,477,918

The total proposed expenditures for Civilian Defense, as shown above, represents well over 18 cents in the tax rate, but I believe your Honorable Board will agree that these expenditures are absolutely essential.

With respect to the Civilian Defense budget for the Fire Department, a lump sum was set up to provide for temporary personnel with the proviso that these funds will not be used until the auxiliary pumping equipment to be loaned by the Federal Government and to be purchased from local funds, including the proposed bond issues, are delivered in San Francisco.

#### Proposed Bond Issues

The two bond issues which will be voted on at the special election on June 9, 1942 are necessitated because of the requirements of civilian defense for equipment and for an auxiliary pumping station at Lake Merced. This equipment is over and above that which is provided in the Civilian Defense budget. It is likewise in addition to the equipment which is intended to be purchased before June 30, such as a portion of the requirements for steel helmets and for identification tags for school children, which are now before your Board in the form of appropriation ordinances for your consideration. The estimated requirements for interest and the requirements for redemption on these two issues have been included in the 1942-43 budget. In order to reduce interest charges, and to conform as closely as possible to a pay-as-you-go basis, it is proposed to start redemption on both issues in the next fiscal year. The \$3,000,000 issue for fire equipment will be redeemed over a period of 10 years and the \$1,250,000 issue for the construction of a pumping station at Lake Merced will be redeemed over a period of five years.

#### Bond Interest and Redemption

The 1942-43 requirements for the bond interest and redemption on the issues now outstanding decreased \$505,961 under the requirements for the current fiscal year. This decrease has been offset by the inclusion of \$635,000 which is the estimated requirement for interest and redemption on the two Civilian Defense Bond issues.

The requirements from taxes for bond interest and redemption are increased for 1942-43 due to the fact that for the current year there was a surplus item of \$700,000 available from the School Bond Fund for this purpose, but such a surplus does not exist for 1942-43, which will affect next fiscal year's tax rate.

#### Revenues

This budget will be financed by revenues accruing from taxes levied and by revenues accruing from sources other than taxation. In submitting the estimate of anticipated revenues for the fiscal year 1942-43, as required by Section 69 of the Charter, the Controller under date of March 16, 1942, stated, "The statement of anticipated revenues is necessarily subject to revision prior to transmittal of your budget recommendations to the Board of Supervisors and will have to be revised, of

course, prior to the adoption of the budget and also prior to the levying of the tax rate. This statement does not include an estimate of revenue from the sale of Hetch Hetchy power." However, since March 16 I have been in touch with officials in Washington, and negotiations for the use of Hetch Hetchy Power by a defense industry have progressed to a point which indicates that the revenue from Hetch Hetchy will be saved to the city for next year, and therefore the Controller has included revenue from this source in the budget now before your Honorable Body.

The task of estimating revenues for a period which will not terminate until June 30, 1943—14 months from now—is a most difficult one, and it is obvious that these revenue estimates must be subject to revision at the time of the adoption of the budget and again at the time of adoption of the tax rate. However, based upon all information now at hand, the 1942-43 budget as submitted should not require a substantial change in the tax rate for 1942-43 providing the assessment roll remains the same as it is now.

In closing, I wish to express my appreciation for the splendid cooperation and assistance rendered this office by the Controller and his staff in the preparation of the 1942-43 budget.

Yours very truly,

ANGELO J. ROSSI,

Mayor.

#### Privilege of the Floor

Mr. Edmund G. Brown, Attorney, representing institutional workers, called attention to the rates established for institutional workers in the foregoing Bill, and pointed out that if the Bill should be Finally Passed, the rates set up therein could not become effective because of the passage of the complete salary standardization legislation at the next meeting of the Board. The institutional workers, whom he represents, request that the Board again pass the salary standardization Bill already Passed for Second Reading, but amended with respect to Institutional Workers to provide for the rates already approved by the majority of the Board.

Thereupon, Supervisor Roncovieri moved that the Salary Standardization Ordinance, as Passed for Second Reading at the meeting of April 27, 1942, be amended by substituting for rates set up for Institutional Workers, increased rates previously approved by the Board, and that the Salary Standardization Ordinance, as amended, be substituted for the Bill on the Calendar.

Supervisor O'Gara, however, suggested that the Salary Ordinance heretofore Passed for Second Reading, be taken up in its regular order when it came before the Board for Final Passage, that it be Finally Passed, and then it be amended immediately, and be again passed. He stated that he desired to vote for increases for Institutional Workers, but he was not in favor, nor could he vote at this time, for the entire Salary Standardization Ordinance.

Supervisor Mead moved as a further amendment that Items S102, S104 and S106 be deleted, since they are per diem employments and should be taken up in connection with later salary standardization legislation.

No objection, and so ordered.

Supervisor MacPhee opposed the suggestion by Supervisor O'Gara, and urged that the matter be voted on without delay. To follow Supervisor O'Gara's suggestion, he pointed out, would not give sufficient time for the amended salary standardization ordinance to become effective before the beginning of the coming fiscal year.

#### Amendments Approved

Thereupon, the roll was called and the proposed amendments (inserting increased rates for Institutional Workers, and deleting per diem municipal railway employments) were approved by the following vote:

Ayes: Supervisors Gallagher, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—7.

Noes: Supervisors Brown, Colman, O'Gara—3.

Absent: Supervisor Green—1.

### Passage for Second Reading

Thereupon, the following Bill was taken up, as a substitute for Bill No. 1671, heretofore Passed for Second Reading:

**Fixing schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications subject to Section 151 of the Charter to become effective July 1, 1942.**

(Series of 1939)

Bill No. 1699, Ordinance No. ...., as follows:

An ordinance fixing a schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications which are subject to the provisions of Section 151 of the Charter and providing that said schedule shall become effective July 1, 1942.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. For the purposes of this ordinance the term "schedule of compensations" shall be construed and held to mean the 1930 schedule of compensations proposed by the Civil Service Commission, as revised, amended and specifically set forth in this ordinance.

Section 2. Pursuant to the provisions of Section 151 of the Charter, the schedule of compensations set forth herein shall, from and after the effective date of this ordinance, determine and fix the salaries, wages and compensations for the several classifications of employment in the San Francisco municipal service hereinafter enumerated.

Section 3. Employees legally occupying positions in the following classifications, designated by the Civil Service Commission, shall receive commencing July 1, 1942, those salaries and wages set forth in the annual budget as recommended by the Mayor and adopted by the Board of Supervisors for the fiscal year 1942-1943, provided, however, that no employee shall receive less than two-thirds of the increment above his present salary, computed to the nearest dollar, to which he is entitled on the basis of seniority in service for the fiscal year 1942-1943, as indicated in the schedule of compensations set forth herein, provided, further, that the gross compensation for full time employees, occupying positions subject to civil service, shall not be less than \$106.00 per month. Commencing July 1, 1943, and each year thereafter, employees who are subject to the provisions of this ordinance shall receive in full the salaries or wages, based upon seniority in service provided for their particular classifications in the schedule of compensations herein set forth.

Section 4. Employees entering the municipal service on or after July 1, 1942, shall be paid the entrance rate provided for their particular classifications in the schedule of compensations herein contained, provided, however, that no new employee shall be paid more than other appointees then serving under regular Civil Service appointment in the same classification under the same appointing officer.

Section 5. Employees who are promoted to higher classifications shall enter such promotive classifications at the entrance rate fixed for such classifications in the schedule of compensations herein contained, provided, however, that if an appointee to a promotive position had, in his former classification, received the equivalent or more than the entrance salary provided in this ordinance for such promotive position, such appointee shall enter such promotive class at that salary fixed in the schedule of compensations, for such promotive classification, which is in immediate excess of the salary which such employee

received immediately prior to his appointment to such promotive classification.

Section 6. Salaries and wages set forth in the schedule of compensations herein contained are gross compensations. Deductions shall be made from such salaries or wages, as provided by law, for maintenance or other accommodations and charges therefor shall be fixed by law, provided, however, that no charge shall be made for maintenance or other accommodations available to employees in public institutions unless such employees actually receive such maintenance or utilize such accommodations.

Wages fixed herein on a per hour or per diem rate are based upon an eight-hour work day.

Compensations fixed herein on a monthly or weekly basis are for full time service. The Board of Supervisors shall determine annually the amount to be paid employees whose positions are established in the annual salary ordinance as part-time positions.

Section 7. Seniority increments on the basis of years of service as fixed herein shall be effective beginning on the first day of July following the anniversary of permanent appointment in the classification to which the position of the employee is allocated.

Section 8. If the compensation paid as of June 30, 1942, to an employee legally occupying a position allocated to a classification for which a compensation schedule is herein fixed is higher than the amount to which such employee is entitled under the said compensation schedule, the employee shall continue to receive the salary he is receiving as of June 30, 1942.

Section 9. If it shall be determined by any court of competent jurisdiction that any salary or wage fixed in the schedule of compensations herein contained is contrary to the provisions of Section 151 of the Charter such determination shall not affect the validity of any other salary or wage fixed in said schedule of compensations.

Section 10. This ordinance shall take effect July 1, 1942.

Section 11. The compensation schedules for classification included in Division B, Clerical Service, as set forth in the Civil Service Commission's classification of positions are as follows, subject to the provision of this ordinance:

#### Discussion

The following communication from his Honor, the Mayor, was presented and read by the Clerk:

May 4, 1942.

To the Honorable,  
The Board of Supervisors,  
City Hall.

Gentlemen:

At the request of the Civilian Defense Council there was submitted to the Finance Committee of your Board at its meeting on April 30th, an ordinance providing for the compulsory wearing of an incombustible identification tag by all children of the city between the ages of six months and eighteen years.

The purpose of this ordinance was to make sure that in the event of any disaster during the present emergency, the children of the City could be identified and restored to their parents should the disaster cause the separation of children and parents.

I understand that the Finance Committee has forwarded the proposed ordinance to your Honorable Board with a "Do Not Pass" recommendation for the reason that the Parent-Teacher Association had agreed to obtain the tags and distribute them without expense to the City, charging each child the actual cost of the tag.

I cannot speak too highly in appreciation of the unselfish services which the Parent-Teacher Association is willing to render in this instance. Subsequent to the said meeting of the Finance Committee a

delegation representing the Parent-Teacher Association appeared in my office and stated that their original plan was based on the belief that municipal funds were not available for the purchase of these tags. In addition, they stated that they were heartily in favor of the City purchasing the tags, and that they were willing to aid the City in the proper registration of all children in San Francisco.

As I have said, this ordinance has the approval of the Civilian Defense Council. It makes it mandatory on each parent or guardian of a child between the ages of six months and eighteen years to see that the child in his custody acquires and wears the identification tag. If these tags are not furnished by the City, it will be legally impossible to make it mandatory that children wear them.

The Civilian Defense Council has given the matter the most careful consideration and made a most exhaustive study of the whole problem. I believe that a duty rests upon our City to see that our children should be protected to the fullest extent, and that the amount required to carry out this particular protective measure is so small when we take into consideration its value to our children, that there should be no delay in providing the necessary funds to do so.

If this ordinance is not passed responsibility for the failure to provide such protection must rest upon those who had the opportunity of passing it and failed to do so. And nothing could be more tragic than in the event of a bombing that children may be killed, maimed or separated from their families without proper means of establishing their identity by the wearing of identification tags.

I most respectfully urge upon you the importance of acting favorably on the proposed ordinance.

Very truly yours,

ANGELO J. ROSSI,

Mayor.

Supervisor MacPhee reported on the hearing in Finance Committee, stating that the Committee strongly favored the Parent-Teacher plan, as it understood that plan, and for that reason had recommended that the proposed ordinance be not passed.

Mrs. H. W. Thomas, representing the Parent-Teacher Association, stated that there were some 109,000 children in the San Francisco schools, who should have tags, and urged, because of the emergency, that the legislation be passed.

Mr. Jack Helms, Director of Civilian Defense, explained to the Board, the contemplated procedure for the registration of children and the issuance of tags.

Mrs. Joseph Keenan, speaking for the Catholic parent group, explained why there should be provision for noting on the tags the religion of the children, especially since such designation is optional with the parents.

Supervisor O'Gara, in expressing his views, stated that he believed that the City should pay for the tags for children, and that the ordinance should be passed, as presented. He was not impressed by any action taken by other communities. As to religious designation, he could not see why that should cause any dissension.

Supervisor Shannon moved, to conserve space on the tags, that the Bill be amended by striking out the words "the place of residence of said child, and" after the word "child," in the fourth line from the end of Section 1. He could see no useful purpose in placing such information on the tag, itself.

Motion seconded by Supervisor O'Gara.

Motion *failed* by the following vote:

Ayes: Supervisors Colman, Green, MacPhee, O'Gara, Shannon—5.

Noes: Supervisors Brown, Colman, Mead, Meyer, Roncovieri, Uhl—6.

Mr. Wm. H. Nanry, in reply to questioning as to the views of the Bureau of Governmental Research, stated that his organization had not considered the proposed legislation, but that he did not believe there would be any objection thereto.

Supervisor Mead explained his vote, stating that the Finance Committee had been lead to believe that the Parent-Teacher Association had started to do a job. It is obvious, now, that the committee had been misinformed, and that it is not the desire of that organization to collect the money for these tags. He would vote "Aye" on the matter. He would reverse himself with respect to his stand in committee.

Supervisor MacPhee announced that the Finance Committee had acted on what it thought was the wish of the Parent-Teacher Association. Apparently the matter was not clear to the members of the Committee, and so the Committee's action was not in keeping with the program advocated by the Parent-Teacher Association. Now it is the opinion of the Parent-Teacher Association that the City and County should provide identification tags for children. For that reason, he would vote "Aye."

Supervisor Uhl announced that since the taxpayers are not represented before the Board he would not vote to spend \$22,000 of the taxpayers' money in such a manner. He did not think it would be right.

Supervisor Roncovieri moved that Section 12 be amended by deleting the period after the word "cards," at the end of the Section and adding the words "to all children under the age of 18 years; and provided further that any other child or citizen of the City may obtain such identification cards by paying the cost, as it will appear."

Motion *failed* for want of a second.

Supervisor Colman announced that since he was in doubt about the entire matter, he would vote "no."

#### Refused Passage

Thereupon, the roll was called and the legislation to provide for identification tags for children was

*Refused Passage* by the following vote:

Ayes: Supervisors Gallagher, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—7.

Noes: Supervisors Brown, Colman, Green, Uhl—4.

#### Motion to Reconsider

Thereupon, Supervisor O'Gara, before the result of the foregoing vote had been announced, changed his vote from "Aye" to "No" and moved for reconsideration.

Motion seconded by Supervisor Gallagher.

The vote then stood:

Ayes: Supervisors Gallagher, MacPhee, Mead, Meyer, Roncovieri, Shannon—6.

Noes: Supervisors Brown, Colman, Green, O'Gara, Uhl—5.

The following recommendations of the Police Committee were taken up:

Present: Supervisors Gallagher, Green, Uhl.

Report to the Police Committee, Board of Supervisors, City and County of San Francisco, from the City Planning Commission, March 31, 1942.

To the Honorable  
Police Committee  
Board of Supervisors  
City and County of San Francisco  
Gentlemen:

March 30, 1942.

The City Planning Commission transmits to you its report on "Traffic Improvement in the Central Business District."

The Commission, its Consultant, and its staff, have given a considerable amount of study to this problem, and the recommendations in this report have been reached after very careful consideration of the entire problem.

The plan recommended for immediate adoption is contained in Plan 2, and is covered in the text of the report.

The eventual plan for the entire central business area as briefly described in this report and as shown in Plan 1 will be further supplemented by a report on the mass transportation routings and reroutings as soon as many details are worked out with the transportation companies.

While some changes in the direction of travel on some of the streets have been suggested and are being studied by the Planning Commission, the basic plan would not be altered by any changes that may be advisable.

The Commission has asked the cooperation and has held conferences with the various City and County departments and with the representatives of several business and civic organizations in the city.

The Commission would like your earnest consideration of this report and it is our desire that many of the recommendations therein can be adopted in the near future.

Respectfully,

Clarence H. King

President, City Planning Commission

#### PLAN NO. 2

#### RECOMMENDATIONS FOR IMMEDIATE ADOPTION

Since it will take some further study and consultation to work out the details of the comprehensive plan just described, it is recommended that immediate consideration be given and legislation prepared to put into effect one way operation of several of the streets in the central business district.

There are two paramount reasons for the immediate adoption of these recommendations. First, a demonstration of the practicability of one way street operation, and second, the emergency need to facilitate the movement of vehicular traffic out of the central business district during the evening rush hour or at any other time an emergency may exist.

The streets proposed for one way operation immediately, and the direction of travel are shown on the accompanying map and are herewith listed:

Clay Street, Embarcadero to Van Ness, east bound (Now one way, Embarcadero to Larkin Street.)

Sacramento Street, Embarcadero to Van Ness, west bound (Now one way, Embarcadero to Larkin Street.)

Pine Street, Market to Presidio, west bound

Bush Street, Market to Presidio, east bound

Eddy Street, Market to Van Ness, west bound

Turk Street, Market to Van Ness, east bound

Montgomery Street, Market to Washington, south bound

Sansome Street, Market to Broadway, north bound

Battery Street, Market to Broadway, south bound

Front Street, Market to Broadway, north bound (Now one way, Sacramento to Pacific)

Davis Street, Market to Broadway, south bound (Now one way, Sacramento to Pacific)

Drumm Street, Market to Broadway, north bound

Steuart Street, Market to Howard, north bound

Spear Street, Market to Harrison, south bound

Main Street, Market to Harrison, north bound

Beale Street, Market to Folsom, south bound

Fremont Street, Market to Folsom, north bound (Now one way, Market to Howard)

First Street, Market to Harrison, south bound (Now one way, Market to Howard)

**NO PARKING:**

The streets proposed for "No Parking" regulations immediately, are shown on the accompanying map and are herewith listed:

Post Street, Market Street to Taylor Street

Eddy Street, north side, Powell Street to Mason Street

Pine Street, north side, Hyde Street to Jones Street

Kearny Street, Market Street to Columbus Avenue

Stockton Street, excepting that portion over the tunnel, Market Street to Columbus Avenue

Powell Street, Market Street to Bush Street

Sutter Street, Market Street to Taylor Street

Geary Street, Market Street to Taylor Street

Third Street, Market Street to Howard Street

Only stopping to load and unload merchandise, or stopping to load and unload passengers, would be the only type of parking that would be permitted on the streets listed above. Some cities permit ten minute stopping to load and unload merchandise and a three minute stopping to load and unload passengers. While no time limit is suggested in these recommendations it is thought that the Police Department will enforce the intent of these regulations so that there will be no extreme hardship either to merchant or shoppers.

It will be said that "No Parking" regulations on these streets will not add another lane capacity to these streets. This is true but a much freer movement of vehicular traffic, and particularly street car traffic will result in "No Parking" regulations enforced on these streets. Much of the delays at the present time to trolley car operation are caused by the parking and the pulling away from the curb of parked cars during all periods of the day.

Inasmuch as vehicular traffic will move at a greater speed and with greater facility on the one way streets, these recommendations to prohibit parking on the suggested streets are made to speed up both types of traffic on these five streets.

All of the streets recommended for immediate one way operation, and the direction of travel thereon, are part of a comprehensive plan for the whole central business district. Under the plan for immediate adoption only two reroutings of bus lines are necessary, namely Nos. 26 and 42 of the Market Street Railway.

On Pine Street between Jones and Hyde Streets, there is at the present time, two way operation of the cable car line. This need not cause any great inconvenience to either form of traffic on this street at this point. Plan 3 shows suggested recommendations for the treatment of Pine Street between Jones and Hyde Streets. It is recommended that "No Parking" regulations be established on the north side of Pine Street between Jones and Hyde Streets. It is further recommended that diagonal parking be permitted on the south side of Pine Street as shown in Plan 3.

There are two reasons for this proposal. First, by permitting diagonal parking on the south side of Pine Street it will not be possible for vehicular traffic moving west to become involved with the cable car operation east bound. By permitting diagonal parking, there will be insufficient lane space between the cable car and parked vehicles, and travel will be discouraged on this side of the street. Second, inasmuch as these two blocks are rather heavy residential streets almost the same number of parking spaces are provided by diagonal parking on the south side as exist now on both sides of the street.

It is further recommended that a double center line, as shown on the accompanying plan (Plan 3), be painted as indicated.

On Eddy Street between Mason and Powell Streets there is at the present time two way trolley operation. It is recommended that a "No Parking" regulation be established on the north side of Eddy Street between Powell and Mason Streets. There are at the present time only four legal parking spaces on the north side in this block. By permitting parking on the south side of the street in this block it will discourage the use of this side of the street for vehicular traffic operating against the east bound trolley cars.

#### NO LEFT TURNS

It is recommended that no left turn regulations be established at the following intersections in the central business district:

- Geary and Powell Streets
- Geary and Stockton Streets
- Geary Street and Grant Avenue
- Jessie and New Montgomery Streets
- Jessie and Fourth Streets
- Jessie and Fifth Streets
- Mission and Second Streets
- Mission and New Montgomery
- Mission and Third Streets
- Mission and Fourth Streets
- Mission and Fifth Streets
- Post and Powell Streets
- Post and Stockton Streets
- Post Street and Grant Avenue
- Stevenson and New Montgomery Streets
- Stevenson and Third Streets
- Stevenson and Fifth Streets
- Sutter and Powell Streets
- Sutter Street and Grant Avenue
- Sutter and Kearny Streets
- Sixth and Mission Streets
- Sixth and Stevenson Streets
- Sixth and Jessie Streets

It is further recommended that the "No Left Turn" regulation at Market Street, and Fremont Street, on Fremont Street, be removed.

One of the chief causes of traffic congestion and delays in the central business district is the making of left turns at busy intersections. Not only is the oncoming traffic blocked while a vehicle completes a left turn but many times traffic in both directions is stopped.

The intersections listed above together with the other recommendations contained in this report are closely related. With the adoption of the one way street recommendations, the "No Parking" recommendations and no left turns at the several intersections, together with good enforcement, a big step forward will be taken toward an immediate solution of the traffic problem in the central business district.

Due to tire priorities and gasoline rationing, traffic can be expected to fall off materially during the next few months. This offers a very opportune time to adopt recommendations contained in this report.

Driving is a matter of habit to a very great extent. With the recommendations put into effect now, fewer people will need to form new driving habits. In the course of a few weeks the driving public will easily become accustomed to one way street operation and will drive in conformity with the one way street plan.

#### SYNCHRONIZATION OF TRAFFIC LIGHTS

Since an entirely different flow of traffic will result from the adoption of the recommendations contained in this report, a complete study of the retiming of many of the traffic lights in the central business district will have to be made.

#### PUBLIC SUPPORT

Once it is determined to go ahead with the recommendations cou-

tained in this report, or many of them, it is necessary that the citizens of San Francisco be adequately informed regarding the new driving regulations.

Public education is most important. Once the driving public and others are acquainted with the reasons back of the regulations to be established, greater public support will be obtained. Heretofore, new regulations have been put into effect without the public being sufficiently informed. The idea is to make new regulations popular. If they are popular with the great majority of the people, better traffic conditions will exist.

The press in this city can be counted on to assist in popularizing any plan for traffic improvement. It is evident by their editorial policy and by the space given to other traffic matters by all the papers that support will be given a definite and comprehensive plan for traffic improvement. The various civic and improvement associations in the city should be acquainted with the purpose of the recommendations in this report.

During the first few weeks the Police Department should endeavor to make the new regulations work. Explanation by the officers of the new regulations to violators will go a long way in gaining public support. On the other hand those violators who persist in violating the traffic regulations, particularly the "No Parking" regulations, should be cited. Other cities have found that good police enforcement is absolutely necessary to make traffic regulations popular. Where motorists see others "get away" with violations, public support is immediately weakened. The police officers on traffic duty in the central business district are for the most part picked men. They are understanding and with the backing of the courts and the public they can do just as good a job as the police departments in other cities.

#### MATTERS AFFECTING OTHER DEPARTMENTS

With the recommendations, or many of them, contained in this report adopted, it will be necessary for the various city departments to make provision to properly sign, and in some cases, paint traffic lanes on the pavements. Certain existing stop signs on some of the streets will need to be relocated, and in some cases new stop signs installed. On Pine Street and on Eddy Street "No Parking" signs will have to be installed.

George W. Melville  
City Planning Engineer

March 26, 1942

#### Privilege of the Floor

Mr. Clarence H. King, President, City Planning Commission; Mr. George W. Melville, City Planning Engineer; and Mr. Ernest P. Goodrich, consultant for the City Planning Commission, explained in detail the plan for one way streets, prohibition of left hand turns at various intersections and parking prohibitions on various "down town" streets, proposed by the City Planning Commission and approved by the Police Committee.

Thereupon, Supervisor Gallagher presented, with favorable recommendation of the Police Committee, several Resolutions, the purport of which was to put into effect the provisions for relief of traffic congestion as set forth in the City Planning Commission's recommendation, "Plan No. 2."

Supervisor Shannon moved that after hearing from any citizens present, who might desire to speak, that further consideration on the foregoing mentioned Resolutions be postponed for one week.

Motion seconded by Supervisor Brown.

Mr. Phil Kast, on being granted the privilege of the floor, announced that the Retail Merchants Association approved the plan as submitted by the City Planning Commission, and recommended its adoption.

Mr. Leo Lee, representing Mr. Arnold Haas, who could not be present,

requested postponement, and urged that the matter be set as a special order of business on Monday, May 11, 1942.

Mr. John S. Mulpeter, of the Drayton Hotel, and representing the lessees and owners thereof, opposed the proposed plan.

Supervisor MacPhee opposed any continuance of consideration. He believed the Board should act without delay.

Supervisors Green and Gallagher both were opposed to postponement.

#### Motion for Postponement Defeated

Thereupon, the roll was called and the motion for postponement was *Defeated* by the following vote:

Ayes: Supervisors Brown, Roncovieri, Shannon—3.

Noes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara—7.

Absent: Supervisor Uhl—1.

### Consideration Postponed

### Consideration of Mayor's Veto

OFFICE OF THE MAYOR, SAN FRANCISCO

April 14, 1942.

To the Honorable  
Board of Supervisors  
City Hall  
San Francisco, California  
Gentlemen:

I have before me for consideration Bill No. 1615, Ordinance number unnoted, amending Salary Standardization Ordinance No. 1203 by changing the compensation schedules of a few titles and classes contained in Division "B" Clerical Service, as outlined and maintained by the Civil Service Commission.

I herewith return this bill to you with my disapproval and veto endorsed thereon. I have vetoed the bill for the following reasons:

This is the first of a number of ordinances which are now either before your Board for your action in the matter of re-standardizing the salaries of a particular group or which have been referred by your Board to the Civil Service Commission for report. Until all of these matters have been reported on by the Civil Service Commission and acted upon by your Board, it is impossible for either me or your Board to have a complete picture of the overall effect of the various changes in compensation proposed by your Board and either reported on by, or pending before, the Civil Service Commission.

It is my understanding that if this Ordinance takes effect the legality of the whole proceeding of piece-meal standardization will be challenged in the courts and all salary adjustments of whatever kind thereby will be defeated at least for the fiscal year 1942-43. This I do not wish to happen nor do I wish to contribute to such a situation.

In giving consideration to the current year's budget, in order to avoid discrimination I adopted the policy, subject to very few exceptions where the increases in compensation would have been out of proportion to the compensation being received by the employe, of bringing every employe in the city service at least to the entrance salary of his classification as set forth in the recommendation of the Civil Service Commission under date of April 9, 1930, and as amended and extended by the Commission during subsequent years.

These raises included increases to the forgotten employes who had been overlooked for several years. In most cases, I adopted the policy of allowing these increases to become effective over a three year period—that is, one-third was allowed for the current fiscal year with the intention of allowing the second third for the coming fiscal year and the final third for the year 1943-44.

The result of this policy will be that no single year will be burdened too heavily and yet all employes, without discrimination, whose compensation is below the maximum, will receive adjustments in their compensations in each of the three years and at the end of the three year period every employe will receive the full rate of pay to which he is entitled by length of service under the step plan proposed by the Civil Service Commission.

Piece-meal standardization of salaries is opposed by the same organizations which brought about the referendum against the standardization schedule adopted by the Board of Supervisors in March of 1939, and which was defeated by a vote of over 3 to 1 at the special election in May, 1939. Should the present piece-meal policy be challenged in Court the probable result will be that not only will the schedules proposed by your honorable Board not be paid next year but that the adjustments which I propose cannot be made.

This I deem unfair to all employes and in my budget recommendations to your honorable Board I am continuing, as far as possible, my policy established last year of granting the second one-third increase in salaries to all employes entitled thereto. I do not propose to endanger in any way the salary adjustments for the employes to which I feel they are rightly entitled.

I am willing and anxious to take into consideration such standardization as will be fair to all the employes of the city. I do not believe the ordinance which is now before me will accomplish this and therefore, I return it to you with my disapproval and veto endorsed thereon.

Very truly yours,

ANGELO J. ROSSI, Mayor.

Supervisors Green and Roncovieri were noted present at 11:40 A. M.

### Public Hearing of the Budget

Mr. J. Mahoney, representing the Central Council of Civic Clubs, requested the restoration of amounts requested by the Recreation Department for purchase of lands for playgrounds, but deleted by His Honor, the Mayor, be restored. In addition, he requested an appropriation of \$20,000 to equip the Bayview Playground for use. The land purchased for that playground has already been completed. In support of his requests he called on representatives of several district improvement clubs speaking for the several playgrounds.

Mr. George Valador, President Portola Heights Boosters Club, urged that the Board provide \$15,000 for land purchase for Silver, Bayshore Playground. That playground was greatly needed.

Mrs. John Giampaoli, of the Hunters Point Improvement Club, reported that the district needed new streets. Innes Avenue must be cut through. The estimated cost of that improvement was \$13,500.

The Chief Administrative Officer, who was present, informed the Board that an item for the opening of Innes Avenue was included in the Budget for the coming fiscal year.

Miss Sarah Jenkins, representing Negro Women's Housing Council, urged that an appropriation of \$80,000 be provided to subsidize a Commission of Public Relations for the protection of minority groups against discrimination.

Mrs. Rose Walker, of the Longfellow District, requested that provision be made for improvement of Longfellow Playground.

Miss Randall, of the Recreation Department, in reply to Mrs. Walker, pointed out that her department has funds for the desired improvements, but cannot get the materials for the necessary work.

Mr. Richard Norton, representing Geary Boulevard Merchants Association, requested that provision be made for the establishment of an emergency hospital for the district.

Mr. J. Mahoney urged that an appropriation be allowed for the Noe Valley Playground.

Mr. A. J. Gallagher objected to the reported Finance Committee's recommendation that \$14,000 for administration of the affairs of Joint Highway District No. 10 be deleted from the budget. In support of his contention, Mr. Gallagher presented and read an opinion from the City Attorney, in which the City Attorney advised that "the Board of Supervisors has no right to delete from the budget demands for assessments duly and regularly made by the Board of Directors of said Joint Highway No. 10."

Whereas, It is generally recognized that in the event of the invasion of the Pacific Coast, it is probable San Francisco will be among the first cities to be attacked; and

Whereas, Due to its exposed position, our City is exceedingly vulnerable to such attack by enemy forces; and

Whereas, Although Civilian Defense has been adequately organized to take care of non-combatant types of resistance to attack, no provision has thus far been made to augment with local effort the combatant forces which will be opposed to the enemy; and

Whereas, Large numbers of San Francisco citizens have been and will be non-qualified through disability, age, or other basis for deferment, to become members of the military forces of the United States; and

Whereas, Such non-qualified citizens are nonetheless capable of taking part in home defense; now, therefore, be it

Resolved, That the Board of Supervisors does hereby heartily endorse the creation of a Home Guard for San Francisco, said Home Guard to be made up entirely of San Francisco residents and citizens, who are not qualified for active service in the Armed Forces of the United States; and said Guard to be employed solely in augmenting the defense of the City of San Francisco in the event of invasion of this immediate territory by enemy forces; and be it

Further Resolved, That the Mayor is requested to call a meeting of a Citizens Committee for the purpose of organization of the San Francisco Home Guard.

The following matter from Finance Committee with recommendation "Do Not Pass," was taken up:

Present: Supervisors MacPhee, Mead, Uhl.

CITY AND COUNTY OF SAN FRANCISCO  
BOARD OF SUPERVISORS  
CLERK'S OFFICE  
Room 235 City Hall

May 4, 1942.

Board of Supervisors,  
San Francisco, Calif.

Gentlemen:

The members of the Finance Committee of this Board have voted unanimously against the proposal to create a position known as Assistant Director of Civilian Defense at a salary of \$500.00 per month.

This action was taken, not with any disparagement to Mr. Danziger who was to be the recipient thereof, but rather against the procedure of adding high salaried executives to the Civilian Defense Program.

It is the unanimous opinion of our committee that to create this or other high salaried positions may tend to lower the morale of the volunteer workers, many of whom are full-time volunteers.

The Mayor in asking for approval of the \$600.00 per month position of Civilian Defense Chief made no mention of the \$500.00 per month Assistant and the approval of high salaried positions in this Civilian Defense Program is neither timely nor in keeping with the spirit of Civilian Defense.

Our Finance Committee desires to cast no reflection on Mr. Danziger who, up to the present, has given freely of his time and effort in this worthwhile and important work.

It is hoped that Mr. Danziger will continue to give to Civilian Defense in the future the benefit of his ability and experience during the time he may be able to spare from his personal business.

Yours very truly,

FINANCE COMMITTEE,

By Chester R. MacPhee, Chairman  
Dewey Mead, Member  
Adolph Uhl, Member

**Passage for Second Reading**

**Appropriating \$500.00, Civilian Defense Council, to Compensate

(Series of 1939).

Section 1. The sum of \$500.00 is hereby appropriated and set aside from the funds in Appropriation No. 102.900.50 heretofore provided for Civilian Defense to the credit of Appropriation No. 102.901.79 for the purpose of providing the compensation of an Assistant to the Director of Civilian Defense for the period from June 1, 1942 to June 30, 1942. ### Discussion

Mr. John Cahill spoke at length on the need for a paid assistant to the Director of Civilian Defense, outlining in detail the many duties for the holder of that position, and the many matters which Mr. Nathan Danziger, if his appointment to the position is allowed, desires to accomplish. If the Board does not approve the desired legislation, any failure by the Director of Civilian Defense, Mr. John Helms, will be the responsibility of the Board of Supervisors.

Supervisor MacPhee, Chairman of the Finance Committee, objected to the creation of any more "high priced jobs," arguing that the creation of such positions would greatly endanger the morale of the workers in the ranks, who are voluntarily carrying out their many assignments.

Supervisor Meyer supported the views expressed by Mr. Cahill. There should be, he believed, not one Assistant Director, but several assistants.

Mr. Cahill, in continuing his arguments in favor of the creation of the position, and the appointment of Mr. Danziger thereto, urged that the considered opinion of the Advisory Board be given proper weight. However, the question of salary for the position is not of paramount importance, and a reduction of salary from \$500 per month to \$400 would not be opposed.

Mr. John Helms, Director of Civilian Defense, also pointed out the necessity for the creation of the position. The position could not be filled, he stated, with a full time volunteer. The Assistant Director must be a man with experience; it must be full time; and it must be a paid position.

Supervisor Roncovieri announced that "after hearing Mr. Helms there should not be a 'No' vote." He urged an immediate roll call.

Supervisors Colman, O'Gara and Gallagher all urged approved of legislation to create the position of Assistant Director of Civilian Defense.

Supervisors Mead and MacPhee opposed the proposed legislation.

Thereupon, the roll was called on Passage for Second Reading, of Bill No. 1700, appropriating \$500 for compensation for Assistant to Director of Civilian Defense, as follows:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Roncovieri—7.

Noes: Supervisors MacPhee, Mead, Shannon, Uhl—4.

The Chair ruled that the appropriation required 9 votes, and, therefore, had failed to carry.

Subsequently, following statement by Mr. Lewis, of the Mayor's office, that the appropriation was not from the Mayor's Emergency Reserve Fund, but from funds heretofore appropriated for Civilian Defense, the Chair reversed its ruling and announced the Bill had been Passed for Second Reading.

Fixing schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications subject to Section 151 of the Charter to become effective July 1, 1942.

(Series of 1939)

Bill No. 1684, Ordinance No. 1615, as follows:

An ordinance fixing a schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications which are subject to the provisions of Section 151 of the Charter and providing that said schedule shall become effective July 1, 1942.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. For the purposes of this ordinance the term "schedule of compensations" shall be construed and held to mean the 1930 schedule of compensations proposed by the Civil Service Commission, as revised, amended and specifically set forth in this ordinance.

Section 2. Pursuant to the provisions of Section 151 of the Charter, the schedule of compensations set forth herein shall, from and after the effective date of this ordinance, determine and fix the salaries, wages and compensations for the several classifications of employment in the San Francisco municipal service hereinafter enumerated.

Section 3. Employees legally occupying positions in the following classifications, designated by the Civil Service Commission, shall receive commencing July 1, 1942, those salaries and wages set forth in the annual budget as recommended by the Mayor and adopted by the Board of Supervisors for the fiscal year 1942-1943, provided, however, that no employee shall receive less than two-thirds of the increment above his present salary, computed to the nearest dollar, to which he is entitled on the basis of seniority in service for the fiscal year 1942-1943, as indicated in the schedule of compensations set forth herein, provided, further, that the gross compensation for full time employees, occupying positions subject to civil service, shall not be less than \$106.00 per month. Commencing July 1, 1943, and each year thereafter, employees who are subject to the provisions of this ordinance shall receive in full the salaries or wages, based upon seniority in service provided for their particular classifications in the schedule of compensations herein set forth.

Section 4. Employees entering the municipal service on or after July 1, 1942, shall be paid the entrance rate provided for their particular classifications in the schedule of compensations herein contained, provided, however, that no new employee shall be paid more than other

appointees then serving under regular Civil Service appointment in the same classification under the same appointing officer.

Section 5. Employees who are promoted to higher classifications shall enter such promotive classifications at the entrance rate fixed for such classifications in the schedule of compensations herein contained, provided, however, that if an appointee to a promotive position had, in his former classification, received the equivalent or more than the entrance salary provided in this ordinance for such promotive position, such appointee shall enter such promotive class at that salary fixed in the schedule of compensations, for such promotive classification, which is in immediate excess of the salary which such employee received immediately prior to his appointment to such promotive classification.

Section 6. Salaries and wages set forth in the schedule of compensations herein contained are gross compensations. Deductions shall be made from such salaries or wages, as provided by law, for maintenance or other accommodations and charges therefor shall be fixed by law, provided, however, that no charge shall be made for maintenance or other accommodations available to employees in public institutions unless such employees actually receive such maintenance or utilize such accommodations.

Wages fixed herein on a per hour or per diem rate are based upon an eight-hour work day.

Compensations fixed herein on a monthly or weekly basis are for full time service. The Board of Supervisors shall determine annually the amount to be paid employees whose positions are established in the annual salary ordinance as part-time positions.

Section 7. Seniority increments on the basis of years of service as fixed herein shall be effective beginning on the first day of July following the anniversary of permanent appointment in the classification to which the position of the employee is allocated.

Section 8. If the compensation paid as of June 30, 1942, to an employee legally occupying a position allocated to a classification for which a compensation schedule is herein fixed is higher than the amount to which such employee is entitled under the said compensation schedule, the employee shall continue to receive the salary he is receiving as of June 30, 1942.

Section 9. If it shall be determined by any court of competent jurisdiction that any salary or wage fixed in the schedule of compensations herein contained is contrary to the provisions of Section 151 of the Charter such determination shall not affect the validity of any other salary or wage fixed in said schedule of compensations.

Section 10. This ordinance shall take effect July 1, 1942.

Section 11. The compensation schedules for classification included in Division B, Clerical Service, as set forth in the Civil Service Commission's classification of positions are as follows, subject to the provision of this ordinance:

### Discussion

The City Attorney, in reply to questioning by Supervisor Roncovieri, advised that in order to take care of the salary range increases for municipal carmen, the foregoing Bill should be Finally Passed, after which any amendments might be passed. Any amendment, however, might necessitate a special or adjourned meeting of the Board some time not later than May 23 in order that increased salaries might be placed in the budget for the next fiscal year.

Supervisor Colman, in explanation of his vote, stated that the proposal under consideration *was not standardization*. The Charter provides very clearly and definitely that the wage scale for city employees must not exceed the highest prevailing wage paid on the outside. Starting wage of \$155 for clerical help is in excess of the highest prevailing wage paid such help on the outside. In that class there are some 740 employees. The same is true for institutional services. If the law is wrong, it should be changed. If the Charter is incorrect, it should be amended. For those reasons he would vote "No."

Supervisor O'Gara reminded the Board that two weeks previously he had stated that he would study the salary standardization schedules as Passed for Second Reading, and if he found that salary ranges set up therein were not out of line, he would vote in favor of standardization on Final Passage. He stated that he was prepared to vote "Aye" on Final Passage because he believed that, on the whole, the benefits from salary standardization would be far greater than would be the evils. From comparing rates presented by the Bureau of Governmental Research with those contained in the foregoing legislation, he was convinced that the Civil Service Commission has a more accurate view of the situation than does the Bureau. Unless the Civil Service Commission is grossly out of line, the Board should follow the Commission's recommendations. He would accept the Commission's recommendation and would vote "Aye" on Final Passage.

Supervisor Uhl announced his intention to vote "Aye."

Supervisor Roncovieri announced that inasmuch as he had been assured that the carmen and institutional workers would be taken care of later in the day, he would vote in favor of the foregoing Bill.

Whereupon, the roll was called and the foregoing Bill was

*Finally passed* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

Subsequently during the proceedings, and after Final Passage of the Salary Standardization Ordinance, the Finance Committee presented the following:

Noes: Supervisors Brown, Colman—2.

### Discussion

Supervisor Colman, in discussing the foregoing matter, admitted that the proposed \$7.00 per day for platform men of the Municipal Railway service was not excessive for the labor performed. He did not believe, however, that it was in accordance with the provisions of the Charter. If, however, he could be sure that such rate was being paid by the Key System, in Oakland, he would not object. However, he believed in law and order, and the threat of a proposed strike by municipal carmen

would have no weight with him. If the laws are wrong, something must be done to correct them, but in the meantime the Board must proceed in accordance with the law as it is. He would vote "No."

Supervisor Mead, in reply to Supervisor Colman's remarks, stated that Supervisor Colman, and everyone else on the Board, knew that in many cases, not in the peak hours, the Key System operates trains of but one car, with two men. Something should be done in behalf of our carmen. The wage scale for laborers is soon to be \$7.60 per day. Certainly those who operate street cars in San Francisco are entitled to the same consideration.

Supervisor MacPhee pointed out that the Finance Committee had recommended to the Board a month previous the same rates as those now set up in the proposed amendment to the Salary Standardization ordinance.

**Passage for Second Reading**

Thereupon, the roll was called and the foregoing Bill was Passed for Second Reading by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

**Amending Salary Standardization Ordinance With Respect to Rates of Compensation for "I" Classification, Institutional Services (Series of 1939)**

Supervisor Mead presented Bill No. 1710, Ordinance No. ...., as follows:

Amending Section 17 of Ordinance No. 1615 entitled "An Ordinance Fixing a Schedule of Compensations to Be Paid Employees of the City and County of San Francisco in Certain Specified Classifications Which Are Subject to the Provisions of Section 151 of the Charter and Providing That Said Schedule Shall Become Effective July 1, 1942," which said ordinance was enacted by the Board of Supervisors on the 11th day of May, 1942, and approved by the Mayor on said day, and which said amendment applies to the compensation of the employees included in Division "I," Institutional Service, as set forth in Civil Service Commission's Classification of Positions.

Mr. W. L. Henderson, representing the Civil Service Commission, in reply to questioning by Supervisor Colman, stated that the salaries in the foregoing proposed amendment to the Salary Standardization ordinance did not conform to salaries being paid institutional workers in private employment.

Thereupon, Supervisor Colman announced, that in view of the statement by Mr. Henderson he would vote "No" on the foregoing Bill.

Supervisor MacPhee, however, pointed out that institutional workers in many state hospitals are actually paid higher wages than those now proposed. Mr. Henderson agreed that in many public institutions wages paid are approximately the same as those now proposed to be paid to city employed institutional workers.

Mr. Hare, representing the institutional workers, announced that wages paid in state institutions range from \$110 to \$145 per month, and in some cases to \$160, and declared that the wages proposed are not out of line with charter provisions.

#### Repealing Portion of Municipal Code Providing for Regulation and Licensing of Street Photographers

(Series of 1939)

Bill No. 1685, Ordinance No. ...., as follows:

Repealing Bill No. 1097, Ordinance No. 1127 (Series of 1939), and designated as Section 130, Article 2, Part III, of the San Francisco Municipal Code for the regulation and licensing of street photographers; providing for the issuance of permits and the filing of a bond; and providing for the responsibility of principals.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Bill No. 1097, Ordinance No. 1127 (Series of 1939), designated as Section 130, Article 2, Part III of the San Francisco Municipal Code providing for the regulation and licensing of street photographers; providing for the issuance of permits and the filing of a bond; and providing for the responsibility of principals is hereby repealed.

Approved as to form by the City Attorney.

#### Privilege of the Floor

Mr. Lloyd Taylor, representing Market Street Association, announced that his organization was originally opposed to the ordinance licensing street photographers. However, the police department, and the men engaged in the street photography business had extended their full co-operation, and he could now see no reason for the repeal of the ordinance. The repeal of the ordinance would accomplish nothing except to make it necessary to draft a new ordinance at the emergency. At the request of the Navy, all licenses for street photographers have been suspended. The entire matter should be left in the hands of the Police Department, and licenses should be suspended for the duration of the emergency.

Supervisor O'Gara suggested that the matter be re-referred to committee, with the suggestion that the committee get in touch with Admiral Greenslade and find out if conditions at present, with licenses suspended, are satisfactory to him.

Mr. Chester Keith, Attorney representing licensed street photographers, announced that there were only two such licensed photographers, and inasmuch as the Chief of Police has already revoked licenses for the duration of the war, he did not think any action as proposed was necessary.

Supervisor Shannon, seconded by Supervisor Roncovieri, moved that action be postponed indefinitely.

Supervisor O'Gara, seconded by Supervisor Gallagher, moved as a substitute motion that further consideration be postponed for one week, and that, in the meantime, it be ascertained if the present situation is satisfactory to Admiral Greenslade.

Whereupon, Supervisor Shannon, with the consent of his second, withdrew his motion.

Thereupon, no objection being made, the Chair ruled the motion for postponement was carried, and he appointed Supervisor O'Gara to interview Admiral Greenslade and ascertain his views.

May 4, 1942:

Ayes: Supervisors Gallagher, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—7.

Noes: Supervisors Brown, Colman, Green, Uhl—4.

Supervisor O'Gara, before the result of the foregoing roll call had been announced, changed his vote from "Aye" to "No," and moved to reconsider the vote. The vote then stood:

Ayes: Supervisors Gallagher, MacPhee, Mead, Meyer, Roncovieri, Shannon—6.

Noes: Supervisors Brown, Colman, Green, O'Gara, Uhl—5.

### Reconsideration

Supervisor O'Gara announced that he understood that if reconsideration should be granted, Supervisor Green proposed to offer an amendment, redesignating religious affiliation of children on identification tags, which, he believed, would meet with the approval of all members of the Board. Accordingly, he would move reconsideration.

Motion seconded by Supervisor Gallagher, and carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

Thereupon, Supervisor Green moved to amend by striking out the words, at the end of Section 1, "the religious affiliation of said child," and inserting in lieu thereof, the words "any other pertinent information concerning the child."

Motion seconded by Supervisor Gallagher.

Supervisor O'Gara opposed the amendment, pointing out that it is our national policy to encourage religion in times of strife, where such encouragement can be given without discriminating against one religion in favor of other religions. The United States Army, on its identification tags for soldiers, designates the religion of the soldiers, where desired.

Supervisor Green, in reply, stated that his proposed amendment would not take away the opportunity to designate on the identification tag or card, the religion of the child. There are some people who believe that perhaps a direct statement of religious affiliation is not in good taste.

Mrs. Thomas, representing the Parent-Teacher Association, stated that out of some 77,000 children registered, there was only one complaint against designating the religion of the child.

Mrs. Joseph Keenan, of the Catholic Parent-Teacher group, pointed out reasons why her group would insist upon the right to have the religious affiliation of the child designated if the parents so desired.

### Amendment to the Amendment Proposed

Supervisor Roncovieri, seconded by Supervisor O'Gara, moved as an amendment to the amendment, that the words proposed to be stricken out remain, and that there be added in addition thereto, the words "or any other pertinent information concerning said child."

Motion failed by the following vote:

Ayes: Supervisors Gallagher, O'Gara, Roncovieri—3.

Noes: Supervisors Brown, Colman, Green, MacPhee, Mead, Meyer, Shannon, Uhl—8.

Whereupon, the roll was again called and the amendment proposed by Supervisor Green was approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Meyer, Roncovieri, Shannon—8.

Noes: Supervisors Mead, O'Gara, Uhl—3.

### Final Passage

Thereupon, the roll was again called and the Bill, amended to read as follows, was

San Francisco, California  
Gentlemen:

I have before me for consideration Bill No. 1615, Ordinance number unnoted, amending Salary Standardization Ordinance No. 1203 by changing the compensation schedules of a few titles and classes contained in Division "B" Clerical Service, as outlined and maintained by the Civil Service Commission.

I herewith return this bill to you with my disapproval and veto endorsed thereon. I have vetoed the bill for the following reasons:

This is the first of a number of ordinances which are now either before your Board for your action in the matter of re-standardizing the salaries of a particular group or which have been referred by your Board to the Civil Service Commission for report. Until all of these matters have been reported on by the Civil Service Commission and acted upon by your Board, it is impossible for either me or your Board to have a complete picture of the overall effect of the various changes in compensation proposed by your Board and either reported on by, or pending before, the Civil Service Commission.

It is my understanding that if this Ordinance takes effect the legality of the whole proceeding of piece-meal standardization will be challenged in the courts and all salary adjustments of whatever kind thereby will be defeated at least for the fiscal year 1942-43. This I do not wish to happen nor do I wish to contribute to such a situation.

In giving consideration to the current year's budget, in order to avoid discrimination I adopted the policy, subject to very few exceptions where the increases in compensation would have been out of proportion to the compensation being received by the employe, of bringing every employe in the city service at least to the entrance salary of his classification as set forth in the recommendation of the Civil Service Commission under date of April 9, 1930, and as amended and extended by the Commission during subsequent years.

These raises included increases to the forgotten employes who had been overlooked for several years. In most cases, I adopted the policy of allowing these increases to become effective over a three year period—that is, one-third was allowed for the current fiscal year with the intention of allowing the second third for the coming fiscal year and the final third for the year 1943-44.

The result of this policy will be that no single year will be burdened too heavily and yet all employes, without discrimination, whose compensation is below the maximum, will receive adjustments in their compensations in each of the three years and at the end of the three year period every employe will receive the full rate of pay to which he is entitled by length of service under the step plan proposed by the Civil Service Commission.

Piece-meal standardization of salaries is opposed by the same organizations which brought about the referendum against the stand-

ardization schedule adopted by the Board of Supervisors in March of 1939, and which was defeated by a vote of over 3 to 1 at the special election in May, 1939. Should the present piece-meal policy be challenged in Court the probable result will be that not only will the schedules proposed by your honorable Board not be paid next year but that the adjustments which I propose cannot be made.

This I deem unfair to all employes and in my budget recommendations to your honorable Board I am continuing, as far as possible, my policy established last year of granting the second one-third increase in salaries to all employes entitled thereto. I do not propose to endanger in any way the salary adjustments for the employes to which I feel they are rightly entitled.

I am willing and anxious to take into consideration such standardization as will be fair to all the employes of the city. I do not believe the ordinance which is now before me will accomplish this and therefore, I return it to you with my disapproval and veto endorsed thereon.

Very truly yours,

ANGELO J. ROSSI, Mayor.

#### Discussion

Supervisor O'Gara, after consulting with Deputy City Attorney Holm, moved that the Mayor's veto be sustained with respect to everything except Classification B152, Courtroom Clerks; that Classification B152 be divided into Classifications B152a, Municipal Courtroom Clerks and B152b, Superior Courtroom Clerks; and that the Mayor's veto, respecting B152a, Municipal Courtroom Clerks be sustained and that the veto, respecting B152b, Superior Courtroom Clerks be overridden.

Motion seconded by Supervisor Gallagher.

Supervisor Shannon objected to the motion. He held that the entire matter of the Mayor's veto was before the Board, to be sustained or overruled. It could not be amended.

The Chair ruled the motion to be out of order.

#### Appeal from Decision of the Chair

Thereupon, Supervisor Brown appealed from the decision of the Chair. Supervisor Mead, at the request of the President, put the appeal.

Supervisor Brown, in support of his appeal, read portion of Section 14 of the Charter, as follows: "The Board of Supervisors may reconsider any resolution or ordinance vetoed or disapproved, or any separation appropriation item vetoed or reduced by the mayor, . . ."

#### Chair Overruled

Whereupon, the roll was called and the Chair was overruled by the following vote:

Ayes: Supervisors Shannon, Uhl—2.

Noes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri—8.

Excused from voting: Supervisor Colman—1.

Thereupon, Supervisor Gallagher moved that the Mayor's veto, with respect to Classification B152b, Superior Courtroom Clerks, be overruled.

#### Privilege of the Floor

City Attorney John J. O'Toole, who appeared in the Chambers during the discussion, on being given the privilege of the floor, informed the Board that there had been a misunderstanding by the Deputy City Attorney as to the question asked by Supervisor O'Gara earlier during the consideration of the Mayor's veto. The Mayor's veto of Salary Standardization Ordinance could not be overruled in part and sustained in part. It must be acted on without amendment.

Thereupon, the Chair ruled the motion by Supervisor Gallagher to be out of order.

#### Mayor's Veto Sustained

Whereupon, the Chair put the question: "Shall the foregoing Salary Standardization Ordinance be finally passed, notwithstanding the Mayor's objections thereto?" Mayor's veto was sustained by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, Shannon—6.

Noes: Supervisors Brown, Colman, O'Gara, Roncovieri, Uhl—5.

**CONSIDERATION OF MAYOR'S VETO**  
**OFFICE OF THE MAYOR**  
 San Francisco

May 5, 1942

The Honorable  
 The Board of Supervisors  
 City Hall  
 San Francisco, California

Gentlemen:

I have before me for consideration Bill No. 1648, Ordinance number unnoted, amending the 1941-42 Salary Ordinance by adding Section 2.3 thereto to provide overtime and holiday compensation for per diem employees for the fiscal year 1941-42. This ordinance is returned to you with my disapproval and veto endorsed thereon. I have vetoed this ordinance for the following reasons:

(1) The Controller has not certified that funds are available to meet this overtime and I understand that no provision was made in the annual appropriation ordinance to meet the payment of overtime provided for in the above mentioned ordinance. Section 86 of the Charter provides as follows:

"No ordinance or resolution for the expenditure of money, except the annual appropriation ordinance, shall be passed by the Board of Supervisors unless the Controller first certify to such board that there is a sufficient unencumbered balance in a fund that may legally be used for such proposed expenditure \* \* \*"

The same Section further provides:

"Every officer who shall approve, allow, or pay any demand on the treasury not authorized by law, ordinance or this charter, shall be liable to the city and county individually and on his official bond for the amount of the demand so illegally approved, allowed or paid."

I suggest that you refer to my letter of June 19, 1940, covering this same subject, copy of which is attached. In that letter I stated my position clearly and now reiterate that, in my opinion, routine work performed by per diem employees should not be compensated at overtime rates. For example, if a per diem employee, in the ordinary course of his assignment, is required to render service on a Saturday or a Sunday or a legal holiday he should not be entitled to overtime compensation any more than would a platform man on the street railway, or a policeman, or a fireman, or an ambulance driver, or any other hospital employee whose work is routine and must be performed at regularly stated intervals.

This does not mean that I am opposed to the payment of overtime where the work is of an emergency nature and the employees are called out to meet the emergency, or where an employee is compelled to work more than eight hours in any one day or more than forty hours in any one week. Should an ordinance be presented to me, which meets all Charter requirements, which would provide for the payment of emergency overtime only, I would approve such ordinance,

Yours very truly,

ANGELO J. ROSSI, Mayor.

OFFICE OF THE MAYOR  
 San Francisco

June 19, 1940

The Honorable  
 The Board of Supervisors  
 City Hall

Gentlemen:

I return herewith Ordinance No. 744 passed by your Honorable Board last Monday as an emergency measure, amending the 1939-40 Annual Salary Ordinance, unsigned as provided under Section 14 of the Charter.

As it has been explained to me, the purpose of this ordinance was to make it possible for a number of per diem workers in the city's employ to be paid for extra time actually put in during the last several months. I do not wish to take any action that would prevent these men from being paid for time worked.

I wish to avoid, however, even seeming to approve the payment of other than regular wage rates for routine city work, whether that routine work, as distinguished from emergency work, is performed on week days or holidays, or during day time or night time. For this reason, I would disapprove this ordinance in its present form, if it were proposed as an amendment to the Annual Salary Ordinance for the fiscal year 1940-41.

There are many functions of city government, just as there are in private enterprise, which must be carried on at hours other than from 8 a. m. to 5 p. m. five days a week. Streets must be cleaned for example, on Saturdays and Sundays and holidays. In fact, some of this work can be done much more effectively on those days than on busy week days. Some agencies and institutions must operate 24 hours a day seven days a week.

Routine work done by regularly assigned workers should be compensated at regular rates of pay, not as overtime. It would be fair neither to other workers nor to taxpayers to pay street sweepers working regularly on Saturdays and Sundays twice the rate paid those who work on week days. This applies also to other functions of government and to other classes of workers.

There is a distinction, however, between routine work and emergency work performed at other than regular hours. When a workman is called from his home at night or on a holiday to make an emergency repair to a street or sewer, or to do any other emergency city work, it is only fair that he be compensated at a higher than regular rate of pay.

I believe that any legislation on overtime pay of per diem workers should distinguish clearly between routine work performed on regular assignments and emergency work that disturbs the leisure to which the worker is normally entitled.

The matter of costs to the city is not unimportant, either. With the money set up in next fiscal year's budget more men can be employed and more work can be done if routine work is paid for at straight time. The public is entitled to streets made safe by proper striping and made clean by regular sweeping. These functions cannot be adequately performed at reasonable costs to the public if routine work is paid for at overtime rates.

Therefore, in returning this ordinance unsigned, I do so in the hope that your honorable body will introduce legislation that will distinguish between routine wages and emergency wages. Legislation that will properly and justly compensate the worker and at the same time preserve the fundamental that certain city activities require a day-to-day service, indeed a 24-hour service, without deviating from straight time pay.

Police, fire, health and hospitals, public utilities, telephone operators—all those who must give public service the week through—fall into this category. Certainly, those in these departments cannot be paid overtime for week-end work. I do not believe as stated above, that certain other functions of orderly, efficient government should be singled out for special consideration.

I reiterate the need for your study of this problem in regard to operations of city government in the ensuing year.

Yours sincerely,

(Signed) ANGELO J. ROSSI, Mayor.

#### Discussion

Supervisor Mead, seconded by Supervisor Shannon, moved that the foregoing "Overtime Ordinance" be passed, notwithstanding the objections of His Honor, the Mayor.

#### Privilege of the Floor

On motion by Supervisor Mead, the privilege of the floor was granted to the following interested labor representatives:

Mr. J. Leonard, Mr. Holman, and Mr. Gearhard, representing various branches of labor, and street sweepers in particular, and Mr. Thomas Maher, International Representative of the San Francisco District, speaking for painters affected, recited to the Board conditions prevailing in private industry, and urged the Board to override the Mayor's veto.

#### In Hands of the Board

On motion by Supervisor Mead, the question of overriding the Mayor's veto was taken into the hands of the Board.

Supervisor Mead, in discussing the Mayor's veto, and urging that it be overridden, declared that the matter involved many thousands of people employed in private industry. It affected more than those city employees to whom overtime pay was due.

In reply to questioning by Supervisor O'Gara, Supervisor Mead stated that this was the first time such an ordinance had been vetoed by the Mayor; he did not know whether or not the employees affected had ever been notified that they would not be paid for overtime work.

Supervisor Colman agreed that the Mayor had never before vetoed such an ordinance, but the previous time an overtime ordinance had been enacted, it was with the understanding that it would be the last time the Board would so legislate.

Thereupon, the roll was called and the Mayor's veto was overruled by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

No: Supervisor Colman—1.

Absent: Supervisor Brown—1.

Filing Fee.** Each application so filed as aforesaid shall be accompanied by a filing fee in the amount of twenty-five dollars (\$25.00), no part of which shall be refundable; provided, however, that any applicant who shall have been conducting the same business in the same location where the sale is to be held for a continuous period of at least three (3) years prior to the date of filing of said application shall be exempt from the payment of the filing fee herein provided.

**SEC. 1305. Investigation of Application; Grounds for Denial.** Upon the filing of the application the Chief of Police shall make or cause to be made an examination, audit or investigation of the applicant and his affairs and all the facts contained in said application in relation to the proposed sale.

The said application shall be denied by the Chief of Police if any one or more of the following facts or circumstances are found by him to exist:

(1) That the inventory contains goods, wares or merchandise not purchased by the applicant for resale on bona fide orders without cancellation privilege.

(2) That the inventory contains goods, wares or merchandise purchased by the applicant on consignment.

(3) That the applicant, either directly or indirectly, and within one year prior to the date of the filing of the application, has con-

ducted a sale in which he advertised that the entire business conducted at the particular location was to be removed, closed out or terminated.

(4) That the applicant was granted a prior permit hereunder within one year preceding the date of the filing of the application where such prior permit was based upon an application setting forth that the entire business conducted at a particular location was to be removed, closed out or terminated.

(5) That the applicant has theretofore been convicted of a violation of the herein section.

(6) That the goods, wares or merchandise as described in the inventory was transferred or assigned to the applicant prior to the date of the filing of the application and that said transfer or assignment was not made for a valuable and adequate consideration.

(7) That the inventory contains goods, wares or merchandise purchased by the applicant or added to his stock in contemplation of such sale and for the purpose of selling the same at such sale. For this purpose any unusual purchase or additions to the stock of such goods, wares or merchandise made within sixty (60) days prior to the date of the filing of such application shall be presumptive evidence that such purchase or additions were made in contemplation of such sale and for the purpose of selling the same at such sale; provided, however, that this subsection shall not apply to an applicant regularly engaged in business at the location described who does not contemplate the closing out of his entire business at said location but proposes to sell such goods, wares or merchandise in the regular course of his business, advertising the source of such goods, wares or merchandise and keeping the same separate and apart from other goods, wares or merchandise in said location.

**SEC. 1306. Granting Permit; Conditions Thereof.** Upon a determination by the Chief of Police that all of the statements in the application are true and that the said proposed sale is of the character as represented therein, and that the advertising or conduct of such sale will not be injurious to the peace, health, safety and welfare of the people of the City and County of San Francisco, and that the said application is in full compliance with the terms and conditions of the herein section, the Chief of Police shall issue a revocable numbered permit to the applicant, authorizing him to advertise and conduct the sale as described in said application, which said permit shall be issued on the following terms and conditions:

(1) Such permit shall authorize the one type of sale as named and described in the application therefor, at the place named therein, and by the particular permittee, for a period of not more than sixty (60) calendar days following the issuance of the said permit.

(2) The said sale authorized by the permit shall be limited to the sale of the goods, wares or merchandise described in the inventory attached to the application.

(3) All of such goods, wares or merchandise as described in said inventory shall, for the duration of said sale, be definitely separated and distinguishable from any other goods, wares or merchandise displayed at or within the store or place of business, and all advertising in connection with such sale shall be strictly in accordance with the purpose of such sale and shall be the same as the copy of such advertisements filed with the Chief of Police under the agreement provided in the application.

(4) Upon the commencement of said sale and for its duration, the permit issued hereunder shall be prominently displayed in the store premises and a duplicate original of the application and stock list, pursuant to which such permit was issued, shall at all times be available to the Chief of Police or to his inspectors in the store premises and the permittee shall allow the Chief of Police or his inspectors to examine all goods, wares or merchandise in the premises at any time during such sale for comparison with such stock list.

(5) Suitable books and records shall be kept by the permittee in the store premises for the duration of the said sale. At the end of each thirty (30) day period after the date of the issuance of the permit the permittee shall revise his inventory to show the items then remaining unsold or shall cause a new inventory to be taken of such remaining goods. All such books, records and inventories shall be available to the Chief of Police or his inspectors for their inspection at all reasonable times during business hours.

A violation of any of the conditions of such permit as above set forth shall be unlawful and shall render such permit void, and each sale of goods, wares or merchandise as were not inventoried or described in said original application shall constitute a separate offense under this section.

The Chief of Police is empowered to make such further rules and regulations for the conduct and advertisement of such sale as he may deem necessary for the proper and efficient enforcement of the herein article.

**SEC. 1307. Revocation of Permit.** Upon written complaint being filed with the Chief of Police, or upon his own initiative, the said Chief of Police shall revoke any permit granted in accordance with this section whenever, upon investigation being made, he shall determine that any sale is being conducted in violation of the provisions of this section, or in violation of the rules or regulations made hereunder, or if

(1) The permittee has made any material misstatement in his application for such permit;

(2) The permittee has been guilty of any fraudulent practice or practices in the conduct of the sale authorized by such permit;

(3) The permittee has failed to include in the inventory required by the provisions of this section the goods, wares or merchandise required to be contained in such inventory;

(4) The permittee has added, caused to be added or permitted to be added any goods, wares or merchandise not described in the original inventory;

(5) The permittee has violated any of the laws of the State of California or of the City and County of San Francisco pertaining to advertising.

**SEC. 1308. Renewal of Permit.** The Chief of Police may, upon a verified application therefor, renew a permit issued hereunder for a further period of not to exceed sixty (60) calendar days upon the payment of a renewal fee in the amount of twenty-five dollars (\$25.00), no part of which is refundable. Such verified application for renewal shall set forth a complete list of the goods, wares or merchandise listed in the inventory attached to the original application and remaining unsold, and shall not contain any goods, wares or merchandise not included in such original application. Upon receipt of such application for renewal, the Chief of Police shall cause an investigation to be made and if satisfied of the truth of the statements contained in such application for renewal, the Chief of Police shall grant such renewal permit for the said additional period of not to exceed sixty (60) calendar days, upon like terms and conditions.

Any person holding a permit hereunder who shall have been conducting the same business in the same location where the sale is being conducted for a continuous period of at least three (3) years prior to the date of the commencement of such sale shall be exempted from the payment of such renewal fee as herein provided.

**SEC. 1309. Appeal.** If the Chief of Police shall deny an application for a permit hereunder, or an application for renewal, or shall revoke a permit already issued, the applicant may appeal to the Board of Permit Appeals of the City and County of San Francisco.

**SEC. 1310. Violations.** Any person violating or failing to comply

with any of the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding five hundred dollars (\$500.00) or by imprisonment in the county jail for a period of not more than ninety (90) days, or by both such fine and imprisonment.

**SEC. 1311. Advertising.** It shall be unlawful to indicate in any advertising, either directly or indirectly, that such sale is held with the approval of the Chief. Such advertising shall contain a statement in the following words and no others: "Sale held pursuant to Permit No. .... of the Police Department granted on the ..... day of ....." and in such blank spaces the permit number and the requisite dates shall be indicated.

**SEC. 1312. Exemptions.** The provisions in the herein section shall not apply to or affect the following persons:

(2) Persons acting in accordance with their powers and duties as public officers such as sheriffs and marshals;

(3) Duly licensed auctioneers selling at auction;

(5) Owners and operators of radio broadcasting stations who broadcast any such advertisement in good faith without knowledge of its false, deceptive or misleading character or without knowledge that the provisions of this section have not been complied with.

**SEC. 1313. Permit Required Notwithstanding Any Other Code Provisions.** The issuance of a permit under the provisions of this Article shall not exempt the permittee, notwithstanding any section of the San Francisco Municipal Code or any section of any ordinance of the City and County of San Francisco making any section or sections thereof inapplicable, from the provisions of the San Francisco Municipal Code or any ordinance or ordinances of the City and County of San Francisco requiring a permit or license or the payment of a fee or license tax.

**SEC. 1314. Saving Clause.** If any section, subsection, sentence, clause, phrase or word contained in this section is for any reason held to be unconstitutional or invalid, such decision shall not affect the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause, phrase and word thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses, phrases or words be declared unconstitutional or invalid.

### Relief of Technical Non-Residents (Series of 1939)

Supervisor O'Gara presented Resolution No. 2631, as follows:

Whereas, The present State law regulating relief for indigent technical non-residents imposes an inequitable burden on the people of the City and County of San Francisco, and

Whereas, It will be possible to amend said law at the 1943 session of the State Legislature, and

Whereas, Said County Supervisors' Association is holding its convention in Hollywood, California, next Wednesday, Thursday, and Friday, May 20, 21 and 22, 1942; now, therefore, be it

Resolved The Board of Supervisors hereby respectfully requests the Public Welfare Commission and the Mayor of San Francisco to furnish said Board of Supervisors with its recommendations for amendments of said law, in time for consideration by said Board as its meeting of May 18, 1942, so that said Board can authorize and delegate its representatives to present such recommendations to such Convention for its consideration, approval, and endorsement, and be it

Further Resolved, That a copy of this resolution be sent to Honorable Angelo J. Rossi, Mayor of San Francisco, and to Honorable Florence McAuliffe, Chairman of the Public Welfare Commission.

### Discussion

Supervisor O'Gara, after presenting the foregoing resolution, stated that he understood that in the coming budget there was no provision for the care of technical non-residents, and for that reason he was presenting the resolution for the Board's consideration.

Supervisor Brown, in discussing the resolution, pointed out that the matter had been before the Board on several occasions, and that the Board has declared, in effect, that the condition in which these people have found themselves was an emergency, and so aid has been extended to them.

Thereupon, Supervisor Brown offered the following amendment:

Be It Further Resolved, That the City Attorney be furnished with a copy of this resolution and that he be asked to inform the Board of Supervisors as to whether, in his opinion, it is legal for the Board of Supervisors to make gifts of public funds to persons who are technically not eligible to receive those funds under the category of relief.

Supervisor O'Gara objected to the proposed amendment. The proposed amendment, he stated, presumes that the Board is attempting to do something illegal. There is no possible way to force the Community Chest to take care of these unfortunate people. If the Community Chest is not going to take care of them, then the city must. The sole question is: Is the city going to try and meet this problem now or to wait until legally appropriated funds end on June 30th, and then try to make

necessary appropriations on July 1st. There is to be another endeavor to get State Legislature to change the State law in order to permit the use of funds for this purpose, and he intended to ask the Public Welfare Commission to furnish a statement on amendments that should be made to the state law.

Supervisor O'Gara, continuing, stated he was merely asking for information. He was not intending to ask for any change in the present law. He was merely proposing that during the coming fiscal year the same policy be maintained that has been followed in the past.

Supervisor Uhl suggested that Mr. McAuliffe be requested to appear before the Board on Monday, May 18, 1942, to present his views on the subject. Also, the Community Chest should be represented.

Thereupon, Supervisor Uhl moved that the Public Welfare Commission and representatives of the Community Chest be requested to come before the Board on Monday, May 18, 1942, at 2:30 P. M. to discuss the matter of relief for technical non-residents.

No objection, and so ordered.

Whereupon, the resolution, as presented by Supervisor O'Gara, was adopted by the following vote:

Ayes: Supervisors Brown, Gallagher, MacPhee, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Absent: Supervisors Colman, Green, Mead—3.

**Amending Salary Standardization Ordinance, With Respect to  
Classification Telephone Operator and Chief Telephone Operator  
(Series of 1939)**

The Finance Committee presented Bill No. 1717, Ordinance No. ...., as follows:

Amending Section 11 of Ordinance No. .... entitled "An Ordinance Fixing a Schedule of Compensations to Be Paid Employees of the City and County of San Francisco in Certain Specified Classifications Which Are Subject to the Provisions of Section 151 of the Charter and Providing That Said Schedule Shall Become Effective July 1, 1942," which said ordinance was enacted by the Board of Supervisors on the 11th day of May, 1942, and approved by the Mayor on said day, and which said amendment applies to the compensation of the employees included in Division B, Clerical Service, as set forth in Civil Service Commission's classification of positions.

**Section 11.**

As per printed schedule except as follows:

**Privilege of the Floor**

Miss Minrudi, representing employees of the "B" Classification, urged passage of the foregoing Bill.

**Explanations of Vote**

Supervisor O'Gara, in explanation of his vote, stated that although he had voted for salary standardization, he did not know whether the telephone operators were entitled to the proposed salary increases or not, and he did not think the Board should vote solely on representations of city employees. For that reason he would vote "No."

Supervisor Shannon announced his intention to vote "Aye." He believed the operators should be given consideration, along with other city employees.

Supervisor Brown announced his intention to vote "No." He believed the Board was getting away from the fundamental issue of salary standardization, which is to set wages on the basis of comparable wages paid elsewhere.

**Passage for Second Reading**

Thereupon, the roll was called and the foregoing Bill was Passed for Second Reading by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Meyer, Roncovieri, Shannon—6.

Absent: Supervisors Colman, Mead—2.

(Series of 1939)

Bill No. 1699, Ordinance No. .... as follows:

An ordinance fixing a schedule of compensations to be paid employees of the City and County of San Francisco in certain specified classifications which are subject to the provisions of Section 151 of the Charter and providing that said schedule shall become effective July 1, 1942.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. For the purposes of this ordinance the term "schedule of compensations" shall be construed and held to mean the 1930 schedule of compensations proposed by the Civil Service Commission, as revised, amended and specifically set forth in this ordinance.

Section 2. Pursuant to the provisions of Section 151 of the Charter, the schedule of compensations set forth herein shall, from and after the effective date of this ordinance, determine and fix the salaries, wages and compensations for the several classifications of employment in the San Francisco municipal service hereinafter enumerated.

Section 3. Employees legally occupying positions in the following classifications, designated by the Civil Service Commission, shall receive commencing July 1, 1942, those salaries and wages set forth in the annual budget as recommended by the Mayor and adopted by the Board of Supervisors for the fiscal year 1942-1943, provided, however,

that no employee shall receive less than two-thirds of the increment above his present salary, computed to the nearest dollar, to which he is entitled on the basis of seniority in service for the fiscal year 1942-1943, as indicated in the schedule of compensations set forth herein, provided, further, that the gross compensation for full time employees, occupying positions subject to civil service, shall not be less than \$106.00 per month. Commencing July 1, 1943, and each year thereafter, employees who are subject to the provisions of this ordinance shall receive in full the salaries or wages, based upon seniority in service provided for their particular classifications in the schedule of compensations herein set forth.

Section 4. Employees entering the municipal service on or after July 1, 1942, shall be paid the entrance rate provided for their particular classifications in the schedule of compensations herein contained, provided, however, that no new employee shall be paid more than other appointees then serving under regular Civil Service appointment in the same classification under the same appointing officer.

Section 5. Employees who are promoted to higher classifications shall enter such promotive classifications at the entrance rate fixed for such classifications in the schedule of compensations herein contained, provided, however, that if an appointee to a promotive position had, in his former classification, received the equivalent or more than the entrance salary provided in this ordinance for such promotive position, such appointee shall enter such promotive class at that salary fixed in the schedule of compensations, for such promotive classification, which is in immediate excess of the salary which such employee received immediately prior to his appointment to such promotive classification.

Section 6. Salaries and wages set forth in the schedule of compensations herein contained are gross compensations. Deductions shall be made from such salaries or wages, as provided by law, for maintenance or other accommodations and charges therefor shall be fixed by law, provided, however, that no charge shall be made for maintenance or other accommodations available to employees in public institutions unless such employees actually receive such maintenance or utilize such accommodations.

Wages fixed herein on a per hour or per diem rate are based upon an eight-hour work day.

Compensations fixed herein on a monthly or weekly basis are for full time service. The Board of Supervisors shall determine annually the amount to be paid employees whose positions are established in the annual salary ordinance as part-time positions.

Section 7. Seniority increments on the basis of years of service as fixed herein shall be effective beginning on the first day of July following the anniversary of permanent appointment in the classification to which the position of the employee is allocated.

Section 8. If the compensation paid as of June 30, 1942, to an employee legally occupying a position allocated to a classification for which a compensation schedule is herein fixed is higher than the amount to which such employee is entitled under the said compensation schedule, the employee shall continue to receive the salary he is receiving as of June 30, 1942.

Section 9. If it shall be determined by any court of competent jurisdiction that any salary or wage fixed in the schedule of compensations herein contained is contrary to the provisions of Section 151 of the Charter such determination shall not affect the validity of any other salary or wage fixed in said schedule of compensations.

Section 10. This ordinance shall take effect July 1, 1942.

Section 11. The compensation schedules for classification included in Division B, Clerical Service, as set forth in the Civil Service Commission's classification of positions are as follows, subject to the provision of this ordinance:

### Consideration Continued

(Called out of Police Committee on motion of Supervisor Brown.)

Mayor Requested to Call Meeting of Citizens Committee for the  
Purpose of Organization of the San Francisco Home Guard

(Series of 1939)

Resolution No. .... as follows:

Whereas, It is generally recognized that in the event of the invasion

of the Pacific Coast, it is probable San Francisco will be among the first cities to be attacked; and

Whereas, Due to its exposed position, our City is exceedingly vulnerable to such attack by enemy forces; and

Whereas, Although Civilian Defense has been adequately organized to take care of non-combatant types of resistance to attack, no provision has thus far been made to augment with local effort the combatant forces which will be opposed to the enemy; and

Whereas, Large numbers of San Francisco citizens have been and will be non-qualified through disability, age, or other basis for deferment, to become members of the military forces of the United States; and

Whereas, Such non-qualified citizens are nonetheless capable of taking part in home defense; now, therefore, be it

Resolved, That the Board of Supervisors does hereby heartily endorse the creation of a Home Guard for San Francisco, said Home Guard to be made up entirely of San Francisco residents and citizens, who are not qualified for active service in the Armed Forces of the United States; and said Guard to be employed solely in augmenting the defense of the City of San Francisco in the event of invasion of this immediate territory by enemy forces; and be it

Further Resolved, That the Mayor is requested to call a meeting of a Citizens Committee for the purpose of organization of the San Francisco Home Guard.

Requesting Purchaser of Supplies to Purchase Oldsmobile in Lieu of Cadillac Automobile Heretofore Requisitioned for Use by the Board of Supervisors.

(Series of 1939)

Resolution No. 2635, as follows:

Resolved, That the Purchaser of Supplies be and he is hereby requested and authorized to purchase for the use of the Board of Supervisors a 1942 five-passenger Oldsmobile, in lieu of the Cadillac heretofore requisitioned, at a price not to exceed \$1575.44 in cash, plus the Buick automobile now being used by the Board of Supervisors, for a sum not less than \$300.00.

#### Discussion

Supervisor Colman objected to the purchase of any automobile by the Board, stating that under the conditions the Board's business did not warrant such purchase. He would vote "No."

Supervisor Brown pointed out that every member of the Board has a certain amount of travel necessary in the performance of his duties as Supervisor. If it were possible to use the Supervisors' private cars, he would agree with Supervisor Colman. However, because of the necessity for transportation, and the impossibility of obtaining new tires, or even new automobiles for private use, he believed the Board was justified in purchasing a new car.

Supervisor Uhl stated that he believed the Board should get along with but one car. Possibly before the end of the war, the Board might find it necessary to get along without any automobile at all. He would, he declared, at the next meeting, propose legislation making it a misdemeanor for anyone to use a city car except for city business.

Supervisor O'Gara announced his intention to vote "Yes" on the proposed resolution. While he appreciated the remarks by Supervisor Colman, he felt that if any business was to remain in existence, it would be the business of the City and County of San Francisco. The Board of Supervisors needs a new car. If, in the future, the Board finds it can get along with but one car, it can turn the other car over to some other department of the city government.

Supervisor Mead disagreed with the views expressed by Supervisor Colman. The Board does need transportation, he held. The Streets Committee and the Finance Committee both need the use of a car, especially since members cannot use their own machines. He believed it would be false economy, under the circumstances and in view of the condition of the car to be turned in on the purchase of the proposed Oldsmobile, not to acquire a new automobile.

Thereupon, the roll was called and the foregoing resolution was *Adopted* by the following vote:

Ayes: Supervisors Brown, Gallagher, Mead, Meyer, O'Gara, Roncovieri—6.

Noes: Supervisors Colman, MacPhee, Uhl—3.

Ordinance Amending Section 1 of Bill No. 1698, Ordinance No. 1623 (Series of 1939), Providing for the Furnishing, Distribution and Wearing of Identification Tags for Children and Care of

**Children Between the Ages of Six Months and Eighteen Years, During the Now Existing War Emergency. An Emergency Ordinance.**

(Series of 1939)

Supervisor MacPhee presented Bill No. 1721, Ordinance No. 1633, as follows:

Section 1. of Bill No. 1698, Ordinance No. 1623, (Series of 1939) is hereby amended to read as follows:

Section 1. During the now existing wars between the United States, the Empire of Japan, the Kingdom of Italy and the German Reich, respectively, every child between the ages of six months and eighteen years residing in the City and County of San Francisco shall at all times wear an identification tag or badge made of metal or some other incombustible material securely attached by a chain, cord or other device around the arm, neck or ankle. Said tag or badge and said chain, card or other affixing device shall be of a kind and type approved by the Civilian Defense Council of the City and County of San Francisco, and shall be for the purpose of identifying said children, and said tag or badge shall contain a serial number to be assigned as hereinafter set forth and shall have inscribed thereon the name of said child, the place of residence of said child, the name and place of residence of the parent, guardian or custodian of said child, the telephone number of said parent, guardian or custodian, the letters S. F., and at the request of said parent, guardian or custodian any other pertinent information concerning said child.

Section 2. This ordinance is passed as an emergency measure, and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of this emergency being as follows: That there is immediate danger during the existence of the present war between the United States and Germany, Italy and Japan, of the City and County of San Francisco being attacked by the enemy and grave damage done to said City and County of San Francisco as well as the danger of injury being inflicted upon the residents thereof, and for the safety and welfare of a large number of the residents of said City and County, to-wit: all children between the ages of six (6) months and eighteen (18) years, it is necessary that said identification tags or badges be furnished with the least possible delay, and that since it is now difficult, if not impossible, due to war time priorities on metals of all kinds to obtain metal chains for the attachment of said tags or badges to the persons of said children, therefore, it is now necessary that this amending ordinance providing for substitute materials in the place of metal be passed with the least delay.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gailagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri—9.

No: Supervisor Uhl—1.

Absent: Supervisor Shannon—1.

**Explanations of Views of Supervisors Colman and Brown**

Supervisor Colman, under his name on Roll Call, announced that he desired the record to show that had he been present he would have voted "No" on the various measures on which he had expressed his opinion before the Board, in regard to passage of the budget: that is, all matters of salary standardization, etc.

On the question of the election of Director of the Golden Gate Eridge and Highway District, had he been present he would have voted "No," not because he had any personal objections to the gentleman chosen, but for certain other reasons. However, he now had no objection to the vote being made unanimous, in order to promote harmony and unity for the new Director.

Supervisor Brown announced that he had voted against the appointment of Mr. Kemper, not because of any personal objections, but because of the rather hasty manner in which the appointment had been considered. Under the circumstances, he would be most happy to move that the election of Mr. George Kemper to the Golden Gate Bridge and Highway District be made unanimous.

Motion seconded by Supervisor Colman.

No objection, and so ordered.

On motion duly made and seconded, the Mayor's veto was overridden by the following vote:

Supervisor O'Gara's resolution, as follows:

**Requesting Public Welfare Commission and Mayor to Advise Board of Supervisors What Provision Is Made in 1942-43 Budget for Care of Technical Non-Resident Indigents, and, if No Such Provision Is Made, How Such Persons Are to Be Cared for.**  
(Series of 1939)

Resolution No. ...., as follows:

Whereas, The City and County of San Francisco has been and will provide relief for indigent technical non-residents to and including June 30, 1942; and

Whereas, On March 19, 1942, the Community Chest of San Francisco addressed a letter to the Honorable Angelo J. Rossi, Mayor of San Francisco, calling attention to the fact that no provision has been made in the City's proposed budget for the fiscal year 1942-43 for the care of such indigents; and advising the Mayor that Community Chest contributions to the relief of such indigents cannot continue beyond June 30, 1942; and

Whereas, The budget now being considered by the Board of Supervisors contains no apparent provision for the care of such indigents; now, therefore, be it

Resolved, That the Board of Supervisors hereby requests the Public Welfare Commission and the Mayor to advise this Board as soon as possible:

1—What, if any, provision is made in said 1942-43 budget for the care of such technical non-residents;

2—If provision is not made in such budget for the care of such persons, how such persons are to be cared for, and who is to supply funds for the care of such persons; and, be it

Further Resolved, That a copy of this resolution be sent to the Public Welfare Commission and the Mayor, and that both are hereby respectfully urged to furnish the information requested at the earliest

possible moment, and in any case before May 31, 1942, and while the Board of Supervisors is still considering said budget.

*May 18, 1942—Consideration continued until May 25, 1942.*

### Privilege of the Floor

Mr. F. A. McAuliffe, in explaining the position of the Public Welfare Commission as to care of technical non-residents, stated that the Commission has sufficient funds in its budget to take care of the amount requested by the Community Chest to care for indigent technical non-residents. The Commission's position is that it does not have the legal authority to appropriate money to the Community Chest, but is trying to find a legal way to appropriate money to the Chest for other purposes. No agreement has yet been reached, however.

Supervisor O'Gara, however, did not agree with the position taken by the Public Welfare Commission. San Francisco will find itself in a very embarrassing position, he feared, if after July 1, 1942, these indigents are not taken care of.

Thereupon, no objection being offered, the foregoing Resolution was ordered filed.

### SPECIAL ORDER—3:00 P. M.

#### Passage for Second Reading

The following recommendation of the Streets Committee was taken up:

Present: Supervisors Meyer, Gallagher.

#### Reducing Sidewalk Widths on Post Street Between Taylor and Powell Streets (Series of 1939)

Bill No. 1716, Ordinance No. \_\_\_\_\_, as follows:

Amending Ordinance No. 1061, entitled, "Regulating the Width of Sidewalks," approved December 18, 1903, by amending section 837 thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1: Ordinance No. 1061, entitled: "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Director of Public Works, filed in this office December 22, 1941, by amending Section 837 thereof to read as follows:

Section 837. The width of sidewalks on Post Street, between Market and Stockton Streets, shall be 15 feet.

The width of sidewalks on Post Street, the northerly side of, between Stockton and Powell Streets, shall be 15 feet.

The width of sidewalks on Post Street, the southerly side of, between Stockton and Powell Streets, shall be abolished.

*The width of sidewalks on Post Street, the northerly side of, between Powell and Mason Streets, shall be 10 feet.*

*The width of sidewalks on Post Street, the southerly side of, between Powell and Masor Streets, shall be 10 feet.*

*The width of sidewalks on Post Street, between Mason and Taylor Streets, shall be 10 feet.*

The width of sidewalks on Post Street, between Taylor Street and Van Ness Avenue, shall be 10 feet.

Approved as to form by the City Attorney.

*May 18, 1942—On motion by Supervisor Gallagher, consideration was continued until Monday, May 25, 1942, at 3:00 P. M.*

### Discussion

A communication from the Retail Merchants Association, protesting

at length the proposed reduction of sidewalk widths on Post Street, was received, read by the Clerk and considered.

### Privilege of the Floor

Mr. Vining T. Fisher, of the Down Town Association; Mr. Lloyd Taylor, of the Market Street Association; Mr. Raymond D. Smith, representing the Real Estate Board; Mr. Delger Trowbridge, of the Building Owners and Managers Association; and Mr. Carl Stull, of the Retail Dry Goods Association, all opposed the reduction of sidewalk widths on Post Street.

Mr. George Skaller, Mr. A. F. Gallagher, Mr. George W. Gearhard, of the Civic League of Improvement Clubs, and Mr. Arthur Bruillet, all endorsed the proposed street widening.

Mr. George Melville of the City Planning Commission opposed the proposed street widening. The widening, he stated, could not possibly be completed before the opening of the Union Square Garage; the necessary steel, cable for lamp standards, etc., cannot possibly be obtained at this time. The street widening is not now needed, nor will it be needed for some time to come. The cost of the widening will be far greater than the benefits to be received would warrant, and would impose an unnecessary expense on the property owners.

Supervisor Shannon presented a letter, addressed to himself, in which the City Engineer recommends the widening of Post Street.

Supervisor O'Gara announced his intention to vote "Aye" on the proposed widening. He could not recall a single retail institution of consequence that would be affected, he stated, and he could not understand just how the retailers would be injured.

Supervisor Uhl favored the proposed street widening, and urged the members of the Board to vote "Aye."

Supervisor Gallagher moved that the proposed legislation be amended by striking from Section 837 the second paragraph, reading as follows:

"The width of sidewalks on Post Street, the northerly side of, between Stockton and Powell Street, shall be 10 feet."

After brief discussion of the proposed amendment Supervisor Shannon moved, as an amendment to the amendment, that in the second paragraph of Section 837 the figures "10" be stricken out, and the figures "15" be inserted in lieu thereof.

No objection, and so ordered.

Supervisor Colman, in explanation of his vote, pointed out that the Board had already passed on the widening of Post Street several years ago. The merchants, however, requested that execution of the ordinance be delayed because of the Exposition, and the interference with their business during the Exposition period. No protests were made at that time about hurting business or the bad effects of narrow sidewalks. The action of the Board in widening Taylor Street has been completely justified, and it is a great success. The widening of Post Street will be just as successful. The merchants on Post Street fear unduly. The money has been set aside for the purpose, and the decision of the Board should be registered as soon as possible. He would vote "Aye."

### Passage for Second Reading

Thereupon, the roll was called and the foregoing Bill was  
*Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—10.

No: Supervisor Green—1.

Approved as to form by the City Attorney.

**Discussion**

Mr. Wm. L. Henderson, representing the Civil Service Commission, reported, in discussing the foregoing legislation, that he had an opinion from the City Attorney, in which the City Attorney advised that the procedure, up to the present time in the enactment of the foregoing legislation, had not complied with the Charter provisions. The City Attorney has advised also that the Board must first receive from the Civil Service Commission proposed salary standardization schedules. Having been advised of that opinion during the past week, the Civil Service Commission took the matter up with the Finance Committee. Earlier during the day the Commission held a special meeting and considered salary schedules for courtroom clerks, telephone operators, institutional workers and Sealer of Weights and Measures.

The City Attorney confirmed the statement just made by Mr. Henderson. In explaining legislation about to be submitted by the Finance Committee, as substitute for legislation before the Board, on Final Passage, the City Attorney called attention to the question of Court Room Clerks. In Bill No. 1717, on Final Passage, the schedule for Class B-152, Courtroom Clerk is set at from \$180 to \$210 per month. In Bill No. 1719, on Passage for Second Reading, it is proposed to divide Class B-152, Courtroom Clerks, into two classes, Class B-152a, Courtroom Clerk (Municipal Court) and B-152b Courtroom Clerk (Superior Court) at salary ranges respectively \$180 to \$190 per month, and \$215 to \$225 per month. Such division of a classification cannot be made.

**Amendment to Salary Standardization Ordinance**

Thereupon, the Finance Committee presented the following Bill:

**Amending Ordinance Fixing Schedule of Compensations of Municipal Employees, as it Relates to Divisions B, Clerical Service, I, Institutional Service and N, Miscellaneous Inspection Service.**

(Series of 1939)

Bill No. 1728, Ordinance No. ...., as follows:

Section 2. All compensations contained in Sections 11, 17, and 21 of said Ordinance No. 1615 not in accord with this amendment are hereby annulled and repealed.

Mr. Henderson, thereupon, explained in detail the recommendations of the Civil Service Commission, pointing out wherein they changed from legislation heretofore considered by the Board. In the case of Class I-2, Institutional Workers, the Commission recommends a wage of \$4.50 per day, which would amount to about \$117 per month. The Finance Committee's recommendation, already approved by the Board on Passage for Second Reading, was from \$115 to \$135 per month. The Commission's recommendation can be justified on the basis of compensation now being paid in private institutions and in other governmental employments.

Mr. Michael Rohan, representing the institutional workers, pointed out that hotels are paying from \$4.75 to \$5.00 per day for their help in corresponding lines of employment on an eight-hour day of straight employment. Employments in city institutions are on a basis of eight hours out of twelve or fourteen consecutive hours. He urged that the Board's previous recommendations be approved.

The City Attorney, however, in reply to questioning, pointed out that if any changes were made, the matter would have to be sent back to the Civil Service Commission for further report.

Supervisor Colman announced his intention to vote "No." Hotels and restaurants are not to be taken into consideration in fixing rates for institutional help.

Mr. Henderson then pointed out further recommendations of the Civil Service Commission. For Telephone Operators, Class B-454, the Commission recommends a scale of \$140 to \$150 for a 5-day week; \$150 to \$160 for a 5½-day week and \$160 to \$170 for a 6-day week. For Chief Telephone Operator, the Commission recommends \$175 to \$200 per month. For Sealer of Weights and Measures, the Commission concurs in the Board's recommendation, \$300 to \$400 per month.

#### **Seriatim Consideration**

Thereupon Supervisor Uhl, seconded by Supervisor O'Gara, moved that the Board consider the Commission's recommendations seriatim.

No objection and so ordered.

#### **Approval of Recommendations for Institutional Service**

Thereupon the roll was called and the Commission's recommendation for salary range for Institutional Services was approved by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

#### **Approval of Recommendation for Sealer of Weights and Measures**

After brief explanations for the Finance Committee's recommendation by Supervisor MacPhee, and with the approval of the Chief Administrative Officer, the Commission's recommendations for salary scale for the Sealer of Weights and Measures was approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

#### **Approval of Recommendation re Supervisor of Budget Statistics**

Thereupon Mr. Henderson reported that the Civil Service Commission had recommended the salary range for the Class B26, Supervisor of Budget Statistics, at \$275 to \$325 per month.

Recommendation approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

#### **Approval of Recommendation for Jury Commissioner, Superior Court**

Mr. Henderson reported that for Class B86, Jury Commissioner, Superior Court, the Civil Service Commission had recommended a salary range of \$500 to \$600.

Recommendation approved by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—8.

No: Supervisor Uhl—1.

Absent: Supervisors Brown, Colman—2.

#### **Approval of Recommendations for Clerical Services, Superior and Municipal Courts**

Mr. Henderson reported the Civil Service Commission's recommendations for clerical services in the Superior and Municipal Courts, as follows, explaining that these rates were the same as previously approved by the Board, but vetoed by his Honor, the Mayor:

B152	Courtroom Clerk .....	\$215 to \$225
B154	Criminal Law Clerk .....	185 to 225
B156	Senior Criminal Law Clerk .....	225 to 275
B160	Civil Law Clerk .....	185 to 225
B164	Senior Civil Law Clerk .....	225 to 275
B166	Chief Clerk, District Attorney's Office.....	250 to 300
B168	Chief Clerk, County Clerk's Office .....	275 to 350
B170	Chief Assistant Clerk, Municipal Court.....	275 to 350
B172	Clerk, Municipal Court .....	400* to 500

Supervisor O'Gara announced that he desired to vote in favor of the recommendation for Superior Courtroom Clerks, but he was not in favor of other recommendations.

Mr. Henderson, however, reported that pursuant to Charter provision the Board must accept or reject the Commission's recommendations. If the Board should amend the recommendations, they must be returned to the Commission for further report.

Supervisor O'Gara, however, requested the opportunity to vote on the Commission's recommendation with respect to Courtroom Clerks, after which he would vote on the remainder of the recommendations.

No objection and so ordered.

#### Approval of Recommendation for Class B-152, Courtroom Clerk

Thereupon, the roll was called and the Civil Service Commission's recommendation for salary range for Class B-152, Courtroom Clerk, was approved by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

#### Point of Order

Supervisor Green announced that since the City Attorney had stated that the Board must either accept or reject the entire recommendations of the Civil Service Commission, or, if it should amend those recommendations in any way the matter must be sent back to the Commission for further report, he considered it an idle act to take up the various recommendations seriatim, and suggested that the ordinance be considered in its entirety.

The City Attorney, however, pointed out that a record vote could be taken on each item in the ordinance, if the Board desired, but unless each section of the ordinance was passed by majority vote, the Board would have no ordinance.

#### Approval of Recommendations for Classes B-154 to B-172, Inclusive

The roll was again called and Classes B-154 to B-172, inclusive were approved by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon—7.

Noes: Supervisors Brown, Colman, O'Gara, Uhl—4.

#### Approval of Recommendations for Classes B-454, Telephone Operator and B-458, Chief Telephone Operator

The Civil Service Commission's recommendations for Class B-454, Telephone Operator, and Class B-458, Chief Telephone Operator, were approved by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—8.

Noes: Supervisors Brown, Colman, O'Gara—3.

#### Passage for Second Reading

On motion of Supervisor MacPhee, Bill 1728, Amending the Salary Standardization Ordinance, and substituted for Bills 1710, 1717, 1719 and 1720, on Final Passage, was

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

#### Statement by Rear Admiral Greenslade

The following communication was presented by Supervisor O'Gara, read by the Clerk, and ordered printed in the Journal of Proceedings:

DISTRICT STAFF HEADQUARTERS  
Federal Office Building  
Civic Center  
San Francisco, California

May 18, 1942.

My dear Mr. O'Gara:

The Board of Supervisors' action in ordering the Police Department to cancel all photographers' permits and to prohibit them from taking pictures of Bluejackets on the streets is appreciated by these Headquarters.

It is my opinion that the present police restrictions, prohibiting the taking of these pictures, should cover this situation during the war emergency.

Yours very truly,

(Signed) J. W. GREENSLADE,

Rear Admiral U. S. Navy,  
Commandant.

Mr. Gerald O'Gara,  
Board of Supervisors,  
San Francisco, California.

After reading the foregoing communication, further action on the Bill repealing portion of Municipal Code, Providing for Regulation and Licensing of Street Photographers, on motion by Supervisor O'Gara, seconded by Supervisor MacPhee, was indefinitely postponed.

**Discussion**

Mr. W. L. Henderson reported that the foregoing Bill was recommended by the Civil Service Commission.

In reply to questioning by Supervisor Mead, Mr. Henderson stated that "overtime provisions" did not belong in a salary standardization ordinance. Such provisions had been made a part of the Annual Salary Ordinance.

Supervisor Mead, however, urged that provision be made in the foregoing proposed legislation to take care of any overtime work that might be required.

The Chief Administrative Officer, in reply to questioning, stated that he would be willing to recommend overtime payment for employees who actually worked overtime after working their regular eight hour day.

Mr. Henderson, in answer to question by Supervisor O'Gara, stated that he did not believe, if the language as requested by Supervisor Mead were to be placed in the foregoing Bill, that it would be necessary to refer same back to the Civil Service Commission for further report, inasmuch as such amendment would not constitute any change in the recommended rates approved by the Commission. However, he would like the City Attorney's advice on the matter.

Mr. J. Leonard, granted the privilege of the floor on motion by Supervisor Shannon, urged that money for overtime work be earmarked, in order that employees may get paid for overtime worked.

Thereupon, on motion by Supervisor Shannon, the foregoing Bill was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhce, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

Whereas, On May 11, 1942, this Board of Supervisors finally passed and the Mayor approved Ordinance No. 1615 fixing schedules of compensations for certain classifications in the municipal service which are subject to the provisions of Section 151 of the charter and on May 25, 1942, finally passed Bills Nos. 1709, 1710, 1717, 1719 and 1720, amending various sections of the above mentioned ordinance and providing new rates of pay for certain classifications, and on May 25, 1942 passed for second reading Bill No. 1727, enacting salary standardization schedules for certain per diem classifications and classifications related thereto which are likewise subject to the provisions of Section 151 of the Charter, and in the above mentioned ordinance and bills provided for making the schedules contained therein effective; and

Whereas, The City Attorney has advised that the schedules set forth in the above mentioned ordinance and bills when such bills have been finally passed and approved, must be paid to the respective employees in accordance with the terms and provisions of said ordinance and bills; now, therefore, be it

Resolved, That in all instances where the salary proposed for a position in the budget estimates for the fiscal year 1942-43 as submitted to this board is less than the minimum amount that is provided for such position under the provisions of the above mentioned ordinance and bills, the Clerk of this board is hereby directed to revise the salary proposed in the budget estimates so as to set forth the minimum amount which should be fixed for such position under the provisions of the said ordinance and bills above mentioned and such minimum salary as is specified in such ordinance and bills is hereby approved and shall hereafter be included in the appropriation ordinance and reflected in the annual salary ordinance for the fiscal year 1942-43, and department heads are hereby directed to forward to this Board at once, duly approved by the Mayor, requests for such revision in accordance with this paragraph; and be it further

Resolved, That in all instances where the salary proposed for a position in the budget estimates for the fiscal year 1942-43 as submitted to the Board of Supervisors equals the minimum amount that is provided for such position under the provisions of the above mentioned ordinance and bills and is not more than the amount specified in the said ordinance and bills for the position based on the years of service of the occupant thereof, the said proposed salary be and is hereby approved and shall be included in the annual appropriation ordinance and reflected in the annual salary ordinance for the fiscal year 1942-43; and be it further

Resolved, That in all instances where the salary proposed for a position in the budget estimates as submitted to the Board of Supervisors for the fiscal year 1942-43 is more than the amount specified in the said ordinance and bills for the position based on the years of service of the occupant thereof, the Clerk of this board is hereby directed to reduce the proposed salary in the budget estimates to the amount specified in the said ordinance and bills for the position based on the years of service of the occupant thereof and such reduced salary is hereby approved and shall be included in the appropriation ordinance and reflected in the annual salary ordinance, for the fiscal year 1942-43, provided, however, that in accordance with the said ordinance and bills, no salary paid as of June 30, 1942, to an employee legally occupying a position, the compensation for which is subject to the provisions of Section 151 of the Charter, shall be reduced as herein provided.

**Explanation**

Mr. Henderson explained the reasons for the Finance Committee's presentation of the foregoing Resolution. Adoption of the Resolution

will permit both the Civil Service Commission and the Controller to start immediately in preparing the Annual Salary Ordinance and the Annual Appropriation Ordinance. The Resolution provides that all employees must receive at least two-thirds of the increment to which they are entitled; it signified approval by the Board of full amount of increases to which employees are entitled by reason of seniority when so recommended in the budget; it provides that where department heads and the Mayor have approved salary adjustments in excess of the full increment to which employees are entitled to on the basis of seniority, that proposal shall be revised and reduced to conform to the full seniority increment.

Thereupon, the roll was called and the foregoing Resolution was *Adopted* by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

### Discussion

In discussing the budget of the Recorder, Supervisor O'Gara questioned the Recorder as to possible decrease in employment due to a falling off in the number of recordings, and a consequent reduction in personnel.

Mr. Tom Toomey, the Recorder, in reply, stated that should a reduction in amount of recordings warrant a decrease in personnel, such decrease would be taken care of by not filling vacated positions or by a reduction in temporary help.

The Chief Administrative Officer, who was present, announced that such would be his policy with regard to all departments over which he had jurisdiction.

Thereupon, on motion by Supervisor MacPhee, seconded by Supervisor Uhl, no objection being made, the budget of the Recorder was approved as presented.

**Explanations of Finance Committee's Recommended Reductions**

Supervisor MacPhee, in explanation of the Finance Committee's recommendations, stated that under Contractual Service the Committee was recommending a reduction of \$120, Hire of Autos, Trucks and Teams, cutting the allowance for "Dick" Harris from \$40 per month to \$30 per month. Telephone and Telegraph appropriation was reduced \$300 and Postage was reduced \$200, making a total recommended reduction of appropriation for Contractual Service, \$620. The Committee was recommending a reduction in Equipment of \$1000 and a reduction of \$150 in Materials and Supplies (Gasoline), making a total reduction in those three appropriations of \$1770. The Finance Committee was recommending a further reduction of \$1000 in Appropriation for Temporary Salaries.

Mr. Russell Wolden, Assessor, who was present, opposed the reduced appropriation for Hire of Autos, Trucks and Teams. Mr. Wolden opposed, also, the proposed reduction of \$1000 in Temporary Salaries, pointing out that by such reduction many thousands of dollars in revenue would be lost.

Thereupon Supervisor Shannon, seconded by Supervisor Roncovieri, moved that the amount in Appropriation for Temporary Salaries remain at \$60,000, as recommended by the Mayor.

Motion carried by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, Meyer, Roncovieri, Shannon—6.

Noes: Supervisors MacPhee, Uhl—2.

Absent: Supervisors Colman, Mead, O'Gara—3.

**Approval of Budget**

Thereupon, Supervisor Meyer, seconded by Supervisor Roncovieri, moved that the Budget of the Assessor, Index No. 3, as amended, be approved.

Finance Committee recommends: Personal Services, Sheet 4, Line 18, 1 B 24 auditor @ \$600 eliminated (position has been unfilled for some time, committee advised by representatives of Water Department). Maintenance, †Source of Supply, detail of which is on Sheet 29, reduced from \$165,565 to \$140,000, also see Sheet 1, Line 13; transmission and distribution, Sheet 1, Line 14, reduced from \$276,100 to \$248,079, detail of which is as follows: Sheet 30, Line 11, drayage (including gas and oil) reduced from \$5,160 to \$4,500; Sheet 30, Line 13, meter expense, reduced from \$5,156 to \$4,500; Sheet 30, Line 14, miscellaneous, reduced from \$17,760 to \$10,660; Sheet 30, Line 15, painting buildings and structures, reduced from \$10,678 to \$6,000; Sheet 30, Line 18, gardening, reduced from \$13,159 to \$12,000; Sheet 30, Line 19, repairs to transmission line, reduced from \$6,575 to \$5,500; Sheet 30, Line 20, repairs to distribution mains, reduced from \$64,682 to \$60,000; Sheet 30, Line 21, repairs to meters, reduced from \$63,011 to \$55,000. Maintenance, General, Sheet 1, Line 15, reduced from \$17,756 to \$17,000.

† In connection with this reduction the following statement was made by Mr. MacPhee, chairman of the committee: The committee is arbitrarily reducing the amount requested in the budget for Source of Supply Expense to \$140,000. This is done because the representatives of the Water Department are unable to give reasonable information as to the items in the budget—refer particularly to “Miscellaneous” which showed \$500 expended first six months and an arbitrary budget of \$14,109. An item of \$8,000 expended for “Gardening” first six months; budget arbitrarily set at \$25,000. An item of “Painting Buildings and Structures” with no expenditures in 1940-1941; \$5,000 first six months expenditures, 1941-1942; budget arbitrarily set at \$15,000. Item of \$24,000 for “Clearing Around Lakes and Reservoirs,” expenditures \$9,000 first six months; the \$24,000 was apparently arbitrary.

Contractual Services: Contract payments, Sheet 18, Line 10, reduced from \$1,000 to \$500; Sheet 18, Line 12, reduced from \$50 to 0. \*Heat, light and power, Sheet 18, Line 17, reduced from \$149,000 to \$100,000.

\* In connection with this reduction the following statement was made by Committee Chairman Mr. MacPhee:

This reduction is based upon the fact that the new plant in Baden and the new plant at Alemany will not go into operation until March, 1943, and a budget had been set for these items for \$73,000 for the entire year. We have allowed \$6,000 which is included in the cost of city central pumps.

Materials and Supplies (Sheet 1, Line 26), reduced from \$68,350 to \$61,293; Sheet 20, Line 4, tires and tubes, reduced from \$500 to 0 (reduction at request of Water Department); Sheet 20, Line 7, metals, castings, reduced from \$259 to \$59; Sheet 20, Line 8, small tools, reduced from \$592 to \$500; Sheet 20, Line 9, shop. eng. supplies, reduced from \$966 to \$500; Sheet 20, Line 11, lumber, millwork, reduced from \$1,322 to \$1,000; Sheet 20, Line 12, builders' miscellaneous hardware, reduced from \$1,719 to \$1,500; Sheet 20, Line 13, pipe supplies, reduced from \$650 to \$500; Sheet 20, Line 17, illuminants, etc., reduced from \$7,935 to \$6,500; Sheet 20, Line 18, household supplies reduced from \$1,161 to \$1,000; Sheet 20, Line 19, janitorial supplies, reduced from \$765 to \$500; Sheet 20, Line 20, dry goods, reduced from \$1,110 to \$750; Sheet 20, Line 21, wearing apparel, reduced from \$362 to \$100; Sheet 20, Line 23, laboratory supplies, reduced from \$2,093 to \$1,200; Sheet 20, Line 24, stationery, reduced from \$8,878 to \$7,720; Sheet 20, Line 26, horticultural supplies, reduced from \$1,944 to \$1,500; Sheet 20, Line 27, forage, reduced from \$230 to \$100.

Foodstuffs (Sheet 1, Line 27), reduction recommended from \$7,188 to \$5,750; (committee's allowance based on past experience, plus normal price increase).

Discussion

In the discussion of the budget for the San Francisco Water Department, Mr. E. G. Cahill, Manager of Utilities urged that the position of auditor, Index 66, Sheet 4, Line 18, be not deleted. The vacancy was caused by the death of Mr. John Sharon. The situation as it now exists is not satisfactory, Mr. Cahill stated. The position is greatly needed; it should not be abolished. Thereupon, Supervisor Meyer, seconded by Supervisor Roncovieri, moved that the position of auditor be not deleted. Supervisor Brown, however, moved as an amendment to the motion, that further consideration of the budget of the San Francisco Water Department be continued until the full board should be present.

No objection, and so ordered.

### Opinion of City Attorney

Mr. E. G. Cahill, in discussing the Finance Committee's recommendation to delete \$160,000 for the reconstruction of the Stockton Street line, presented the following:

May 14, 1942.

Subject: In Re, Reconstruction and Replacement Fund of the  
Municipal Railway

Dear Sirs:

I am in receipt of your communication which reads as follows:

"I am informed that the Finance Committee of the Board of Supervisors has recommended that there be deleted from the Municipal Railway budget the item of Track Reconstruction on Stockton Street, Market Street to Green Street, \$160,000.00, as shown on Index No. 65, Sheet 15, Line 5.

"Under Charter Section 128.1, Reconstruction and Replacements, I note therein it is stated the Public Utilities Commission must create and maintain a reconstruction and replacement fund for each utility sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character.

"This has been done in the present budget by the Public Utilities Commission.

"This expenditure is contemplated to be made from the reconstruction and replacement funds of the Municipal Railway, which are set up under the authority granted the Public Utilities Commission under Charter Section 128.1.

"I request your opinion as to the power of the Board to delete any of the items set up in the budget by the Public Utilities Commission under the authority granted to the commission by Charter Section 128.1."

### OPINION

Reconstruction and replacement are provided for in Section 128.1 of the charter which was adopted by the people on January 18, 1937, and ratified by the Legislature on April 14th of the same year. This amendment was adopted for the purpose of clearing up some uncertainties which theretofore existed in the charter as to the right of the Public Utilities Commission to care for the physical depreciation of its properties. The section reads as follows:

"Section 128.1. For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of each of the utilities under the jurisdiction of the commission, the commission must create and maintain a reconstruction and replacement fund for each such utility, sufficient for the purposes mentioned in this section, and in accordance with an established practice for utilities of similar character, which shall be the basis for the amount necessary to be appropriated annually to provide for said reconstruction and replacements."

Prior to the enactment of this section, Section 128 as it existed before the amendment of 1937 dealt with the matter of depreciation. Section 128, before it was amended, fixed no hard and fast rule for determining the amount which would be placed in a depreciation fund for each utility and for many years the depreciation fund was a fund in name only. In other words, the fund was set up but the depreciation was not funded.

Note the mandatory provisions in the new section (128.1):

"For the purpose of providing funds for reconstruction and replacements due to physical and functional depreciation of each of the utilities under the jurisdiction of the commission, the commission *must* create and maintain a reconstruction and replace-

ment fund for each such utility, sufficient for the purposes mentioned in this section. . . .”

For what purpose?

For the purpose of providing funds for reconstruction and replacements.

Section 121 of the charter provides for the general powers and duties of the Public Utilities Commission as follows:

“The Public Utilities Commission shall have charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities. . . .”

If the commission is to obey the mandate contained in Section 128.1, it has the right to exercise the powers given to it by Section 121 and one of these powers would be to determine the amount necessary for the reconstruction and replacements of the Stockton Street line. The commission would have the right to set up the actual amount of money necessary, either at one time or in a depreciation fund to be augmented year by year to provide for the reconstruction and replacements of the tracks of the Stockton Street line.

To hold otherwise would be attempting to vest in the Board of Supervisors a power which the charter, by clear and unambiguous language, vests in the Public Utilities Commission. This view is sustained by the provisions of Section 127 of the charter which deals with receipts from each utility operated by the commission and provides that they shall be paid into the city and county treasury and maintained in a separate fund for each utility. The section provides the purposes for which appropriations from these funds shall be made, viz.:

“(a) for the payment of operating expenses, pension charges, and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require; (b) for repairs and maintenance; (c) for reconstruction and replacements. . . .”

Note the language of subdivision (a). This subdivision does vest in the Board of Supervisors some control of the various amounts which must be provided to meet the charges set forth in subdivision (a) but the same power is not carried in any of the other subdivisions. Therefore, it would appear that the other expenditures, especially for reconstruction and replacements, are not left to the discretion of the Board of Supervisors but are to be determined by the Public Utilities Commission.

In view of the foregoing I am of the opinion that Section 128.1 of the charter makes it mandatory upon the Public Utilities Commission to set up a fund for each utility in order to provide for reconstruction and replacements due to physical and functional depreciation and that the amount of this fund is to be determined by the Public Utilities Commission and when so determined it is not subject to change by the Board of Supervisors unless the maintenance of such a fund would come from tax moneys and not be derived from the earnings of the utility.

You are so advised.

Respectfully yours,

(Signed)

JOHN J. O'TOOLE, City Attorney.

To the Public Utilities Commission.

Copy to Board of Supervisors.

Reconstruction and Replacements, Sheet 1, Line 20, reduced from \$203,000 to \$33,000, detail of which is reduced as follows: Sheet 15, Line 5, Stockton St.—Market to Green, \$160,000, item recommended for elimination; Sheet 15, Line 14, special work minor replacement, \$25,000 reduced to \$15,000.

Supervisor MacPhee, in support of the committee's recommendation, held that he could see nothing in the City Attorney's opinion that states that the Board cannot delete anything from the budget. Because of the doubt as to obtaining the needed materials, and because of the studies that are still being made of streets and the traffic problem, the committee believed this item should not be set up in the budget at this time.

Special Work, Minor Replacement, Sheet 15, Line 14. The Finance Committee recommends reduction in this item from \$25,000 to \$15,000. Supervisor MacPhee pointed out that this item is in the same category as the previous item, and moved that the committee's recommendation be approved. Motion seconded by Supervisor Uhl.

#### Explanation of Vote

Supervisor Green, in explanation of his intended vote, stated that the City Attorney had not stated definitely whether or not the Board can make this deletion. On the ground that the opinion does not seem final, Supervisor Green stated, he would support the Finance Committee's recommendation.

#### Committee Recommendation Not Approved

Thereupon, the roll was called and the motion failed by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Uhl—4.

Noes: Supervisors Brown, Meyer, O'Gara, Roncovieri—4.

Absent: Supervisors Colman, Mead, Shannon—3.

#### Further Consideration Postponed

Thereupon, on motion by Supervisor MacPhee, further consideration of the Public Utilities Commission's budget was postponed.

**Index 26—Chief Administrative Officer  
Publicity and Advertising Appropriation**

Supervisor MacPhee, seconded by Supervisor Mead, moved that the Finance Committee's recommendation to reduce the appropriation for Publicity and Advertising from \$320,000 to \$300,000 be approved.

Motion failed by the following vote:

Ayes: Supervisors Colman, Gallagher, MacPhee, Mead, Uhl—5.

Noes: Supervisors Brown, Green, Meyer, O'Gara, Shannon—5.

Absent: Supervisor Roncovieri—1.

Thereupon, Supervisor MacPhee moved that the appropriation for WPA Projects, Index 26, Sheet 1, Line 28, be reduced by \$40,000.

No objection, and so ordered.

**Approval of Budget**

Thereupon, on motion by Supervisor MacPhee, no objection being made, the budget of the Chief Administrative Officer, as amended, was approved.

**Discussion**

Supervisor MacPhee, in discussing the budget of the Chief Administrative Officer, urged that the Finance Committee's recommendation for reduction of \$20,000 in the Publicity and Advertising Fund be approved by the Board. He believed that, under the present conditions, that economy could and should be effected.

The Chief Administrative Officer opposed the deletion, and recommended that the maximum amount allowed by law for Publicity and Advertising should be provided. There were, in his office, he stated, requests for about \$500,000. However, his allocations would be based on the amount approved by the Board.

Supervisor Brown opposed any reduction in the Publicity and Advertising allowance. San Francisco has to compete against Los Angeles, which spends a million dollars a year on advertising, half of which is a direct charge against the taxpayers. No business concern would think of curtailing its advertising expenditures, even in war time.

Thereupon, Supervisor Brown moved that the Publicity and Advertising Fund be set up at \$320,000, as presented to the Board by the Mayor. Motion seconded by Supervisor Meyer.

Supervisor Shannon moved that because of the importance of the matter, a vote on the foregoing motion be postponed until a full membership of the Board is present.

No objection, and so ordered.

Supervisor Brown, thereupon, suggested that the Chief Administrative Officer consent to a further reduction in the WPA appropriation.

The Chief Administrative Officer, in reply to the foregoing suggestion, stated that while the WPA rolls are decreasing, today there are about 6,000 or 7,000 still on the rolls, most of whom are women, for whom it is rather difficult to find employment in private industry. He would hesitate to reduce that appropriation below \$125,000.

**Approval of Budget, with Exception of Publicity and  
Advertising Appropriation**

Thereupon, Supervisor MacPhee, seconded by Supervisor Uhl, moved that the budget of the Chief Administrative Officer, with the exception of the Publicity and Advertising Fund, be approved as recommended by the Finance Committee.

No objection, and so ordered.

**RECESS**

The Board, after consideration of various matters not pertaining to the budget (see Journal No. 19, Vol. 37, May 14, 1942), recessed at the hour of 5:55 p. m., to reconvene on Friday, May 15, 1942, at 10:00 a. m., to continue its consideration of the budget.

**FRIDAY, MAY 15, 1942, 10:00 A. M.**

The Board of Supervisors met pursuant to recess to consider, in general, the proposed budget and Annual Appropriation Ordinance for the fiscal year 1942-1943.

**CALLING THE ROLL**

The roll was called and the following Supervisors were noted present: Supervisors Brown, Gallagher, MacPhee, Meyer, O'Gara, Roncovieri, Uhl—7.

Thereupon, on motion by Supervisor MacPhee, seconded by Supervisor Uhl, no objection being made, the budget of the library, as recommended by the Finance Committee, was approved.

**Discussion**

Index 61, Sheet 1, Line 4, Contractual Services.

Mr. Mark Jorgensen, in explaining the supplemental budget, requests for the City Planning Commission, urged approval of request for \$15,000 for Consulting Engineering Services, and \$41,500 for Other Professional Services.

Supervisor Uhl, in commenting on the foregoing request, announced that he would be in favor, if necessary, of increasing the amount for Consulting Engineering Services to \$20,000.

Mr. Jorgensen requested that the appropriation for printing be increased from \$2,500 to \$3,000.

Supervisor Uhl objected.

Supervisor Brown, in discussing the City Planning Commission's budget, stated that he had never been much impressed with the policy of hiring experts from other places to tell San Franciscans how to run their city.

Supervisor O'Gara held that situations change so rapidly that he did not think the Board could foresee what might be needed. He believed the Board should approve the requests made with the understanding that it intends to criticize any plan submitted by the commission and judge the merits of any proposal when it is presented.

Mr. Clarence King, President of the City Planning Commission, announced that the commission would have no objection to Supervisor O'Gara's suggestion that the Board approve or reject any proposed contract.

Supervisor Brown, in continuing his statement, stated that the question was not whether, but when should proposed improvements be made. He could see no reason, at the present time, for requesting extra services for such non-essential jobs. Such things could be well undertaken after the war.

**Further Consideration Postponed**

Thereupon, further consideration of the budget of the City Planning Commission was postponed until 3:00 p. m. in the afternoon session.

#### Consideration of Budget Resumed

At the hour of 4:00 p. m., during the regular meeting of May 18, 1942, proceedings of which are reported elsewhere, the Board resumed its consideration of the budget of the City Planning Commission for the fiscal year 1942-1943.

Supervisor MacPhee explained the reasons for detailed consideration of the City Planning Commission by the entire Board rather than by the Finance Committee. The Mayor has approved a supplemental budget for the commission, because of the reorganization of that commission.

Mr. George Melville, City Planning Engineer, explained the needs of the commission. The field of the commission includes traffic, transit, zoning, and post war planning. There will be no duplication of effort, but rather coordination with other departments.

Supervisor Uhl moved that the Board allow the City Planning Commission two additional employments. The commission, during the year, can request additional help if it is needed. He was in accord with the commission's desire that they have a full-time engineer.

The Chair, after further brief discussion, suggested that the budget of the City Planning Commission be re-referred to the Finance Committee with the request that the committee study it and bring in a recommendation thereon, and he would so move. Motion seconded by Supervisor Brown.

No objection and so ordered.

**ADJOURNMENT**

The Finance Committee was recommending a reduction of \$25,000 in appropriation for "Other Professional Services, Index 61, Sheet 3, Line 13. It is estimated that this work can be done by the Department of Public Works. The Chief Administrative Officer so stated before the Finance Committee and it was agreed on by the City Planning Commission.

**Approval of Budget**

Thereupon, on motion by Supervisor MacPhee, no objections being made, the budget of the City Planning Commission, as recommended by his honor, the Mayor, and amended by the Finance Committee to effect a reduction of \$25,000 in appropriation for "Other Professional Services," was approved.

**Index No. 13—Recreation Department  
Action Rescinded**

Supervisor MacPhee announced that the Finance Committee had additional recommendations affecting the Recreation Department, and moved that the action of the Board, whereby the budget of that department had previously been approved, be rescinded. Motion seconded by Supervisor Uhl.

No objection, and action rescinded.

Supervisor Uhl, in discussing the budget of the Recreation Department, called attention to \$15,000 originally in the budget for Silver Avenue playground. Miss Randall has recommended to her commission to place \$1,000 in the budget for that item; \$2,000 is also recommended for equipment and leveling off land. The Finance Committee is recommending the additional appropriations.

Supervisor Roncovieri objected to any increase in the Recreation Department budget. The Recreation Department had been given a 2c increase in the tax rate, giving them 7c in the tax rate. The extra 2c was to provide for necessary land purchases.

**Approval of Budget**

Thereupon, the roll was called and the budget of the Recreation Department, with amendments as recommended by the Finance Committee, was approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—10.

Finance Committee recommends: Municipal Band, Sheet 1, Line 4, reduced \$17,000 to \$15,000; Municipal Chorus—no recommendation.

### Discussion

Supervisor MacPhee explained the Finance Committee's recommendations.

Supervisor Uhl, in enlarging upon Supervisor MacPhee's statements, stated that there was in the budget an item of \$5,000 for Municipal Chorus, \$1,000 of which was for expenses and the balance for salary of the director. Last year the Municipal Chorus gave two concerts. The chorus met regularly for rehearsals, though. Supervisor Uhl recommended that the appropriation for the Municipal Chorus be not approved, for a year, at least, and possibly for the duration of the war. The item should be eliminated, and he would so move.

Supervisor Colman opposed deletion. The Municipal Chorus reflects great credit on San Francisco. The cost is very reasonable for such great cultural value.

Motion failed for want of a second.

Thereupon, Supervisor Gallagher, seconded by Supervisor Green, moved that the \$5,000 item for the Municipal Chorus be retained in the budget.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri—9.

No: Supervisor Uhl—1.

Absent: Supervisor Shannon—1.

Supervisor Roncovieri objected to any reduction in the amount of appropriation for the Municipal Band. He would, however, vote "Yes" on the Art Commission budget as originally printed.

Supervisor MacPhee moved that the Finance Committee's recommendation that the appropriation for the Municipal Band be reduced from \$17,000 to \$15,000 be approved. Motion seconded by Supervisor Uhl.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, O'Gara, Uhl—8.

Noes: Supervisors Meyer, Roncovieri—2.

Absent: Supervisor Shannon—1.

### Approval of Budget

On motion by Supervisor MacPhee, seconded by Supervisor Mead, the budget of the Art Commission, as amended, was approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—10.

Absent: Supervisor Shannon—1.

Supervisor Uhl, in voting approval of the budget, stated that he was approving the budget, although he was opposed to the item therein for the Municipal Chorus.

Supervisor MacPhee, in explaining the Finance Committee's recommendations stated that the committee had recommended a reduction of \$1,000 in appropriation for exhibitions, with the understanding that a like reduction would be made in a similar appropriation for the De Young Museum. Now the committee recommends that the appropriation for exhibitions remain as presented, \$5,000. The total reduction from the Mayor's budget will be \$560.

### Discussion

Supervisor MacPhee explained in detail the reasons for the Finance Committee's recommended deletions in the budget of the Civilian Defense Council.

The Finance Committee has set up in a supplemental budget recommendation, the sum of \$380,000 for emergencies, to be made available when necessary. The Board of Education and the Art Commission has offered the use of motion picture projections, thus making unnecessary any appropriation for such equipment. As for traveling expense, printing, etc., the Finance Committee considers that any necessary amounts could be paid out of the \$380,000.

Mr. John Helms, Director of Civilian Defense, on being granted the privilege of the floor, objected to the recommendations of the Finance Committee. The reductions contemplated, he stated, would reduce

possible activities for Civilian Defense. However, the elimination of the chief of service is in order because a supplemental request has been made covering the position of Assistant Director. As to Press and Radio Coordinator, Mr. Helms felt that service to be absolutely essential. The item, Motion Picture Rental, is for rental of films and not for machines. That is absolutely essential. The films are needed for training personnel of the service and for educating the public. He would agree to the elimination of the item, Portable Motion Picture Projectors, since equipment can be borrowed from other city departments. He could not see at the present time exactly how much will be needed for materials and supplies. The item for Traveling Expense is absolutely essential for the operation of the Air Raid Warden service. The item of \$12,000 for belts is necessary for the protection of the Auxiliary Police service. They are identifying marks which make it possible to direct traffic at night. That item should be retained in the budget.

Supervisor MacPhee pointed out that the committee is recommending a supplemental budget of \$380,000. The committee, he continued, has been criticized for reduction of \$100,000 for defouling stations. Because of the importance of the matter, the committee has made a further check-up and is recommending \$100,000 for constructing and equipping a defouling station. Thereupon, Supervisor MacPhee moved approval of the Finance Committee's recommendation re defouling station.

No objection, and recommendation approved.

Supervisor MacPhee then moved approval of the supplemental budget for \$380,000, to be drawn on as needed.

No objection, and supplemental recommendation approved.

Index 2, Sheet 3, Line 2, Chief of Service. Supervisor MacPhee, seconded by Supervisor Uhl, moved elimination.

No objection, and so ordered.

Index 2, Sheet 3, Line 5, Press and Radio Coordinator. Supervisor MacPhee, seconded by Supervisor Uhl, moved elimination.

Mr. John Helms objected to the proposed elimination.

Supervisor O'Gara, in explanation of his vote, stated that in all such doubtful questions he intended to vote to retain the appropriation. He believed it would be good insurance. He believed that the Board should take the position that it could expect the worst, as far as San Francisco is concerned. San Francisco cannot expect to save pennies under the circumstances. He would vote in favor of retaining the position of Press and Radio Coordinator.

Supervisor MacPhee, in reply, merely stated that the Finance Committee was of the opinion that \$380,000 can be drawn on when necessary. If it is found that the positions need filling later on, the committee can recommend the matter to the Board.

Supervisor Green, in expressing his views, stated that in general he was inclined to go along with the Finance Committee, but in matters of this kind, he believed the recommendations of the Director of Civilian Defense should be approved, unless there should be a good reason for doing otherwise.

Supervisor O'Gara suggested that the item be allowed to remain in the budget, with the understanding that such action be without prejudice to any report the Finance Committee might want to make on the subject prior to the time the position is filled.

Mr. Helms reiterated that in his opinion the position was necessary. However, the Finance Committee has indicated a splendid attitude of willingness to work the thing out. The Finance Committee will meet with the Civilian Defense Council weekly and discuss some of the items affecting that council. Although he believed the position was essential if the Board desired to defer action, with the view of taking funds from the \$380,000, if necessary, he would not object.

Supervisor Meyer objected to the proposed elimination. He believed there should be a reserve of more than \$380,000. One air raid would use up the amount of \$380,000.

Thereupon, the roll was called on the motion to delete the item, Index 2, Sheet 3, Line 5, Press and Radio Coordinator, at \$300 per month.

Motion failed by the following vote:

Ayes: Supervisors Colman, MacPhee, Mead, Uhl—4.

Noes: Supervisors Brown, Gallagher, Green, Meyer, O'Gara, Roncovieri—6.

Absent: Supervisor Shannon—1.

Index 2, Sheet 3, Line 8, Temporary Salaries. Mr. Helms offered no objection to the elimination of the item for Temporary Salaries.

Index 2, Sheet 3, Line 15, Printing Posters, Quarter Cards, etc. Supervisor MacPhee moved that the committee's recommendation for reduction from \$23,500 to \$10,000 be approved. Mr. Helms offered no objection to the reduction.

No objection, and committee's recommendation approved.

Index 2, Sheet 3, Line 16, Motion Picture Rental. Mr. John Helms objected to the deletion of appropriation for motion picture rental, as recommended by the Finance Committee. The Defense Council definitely sees need for this appropriation.

Supervisor MacPhee explained the reason for the Finance Committee's recommendation, stating that the committee had questioned the need for this item because of the fact that so many films have been donated in the past. The committee hopes such donations will be continued in the future. If the committee is satisfied that there is a need to rent motion picture films and it becomes necessary to appropriate funds for that purpose, those funds can be appropriated out of the \$380,000.

Thereupon, the roll was called on the recommendation of the Finance Committee to delete the item, Index 2, Sheet 3, Line 16, Motion Picture Rental, \$2,500, and the Finance Committee's recommendation was refused approval by the following vote:

Ayes: Supervisors Brown, Colman, MacPhee, Mead, Uhl—5.

Noes: Supervisors Gallagher, Green, Meyer, O'Gara, Roncovieri—5.

Absent: Supervisor Shannon—1.

Index 2, Sheet 3, Line 17, Other Contractual Services. Mr. Helms offered no objection to the deletion of the appropriation for Other Contractual Services.

No objection, and Finance Committee recommendation to delete the foregoing item was approved.

Index 2, Sheet 4, Line 6, Travel Expense. Mr. Helms objected to the deletion of appropriation for Travel Expense, \$21,000. At the request of Mr. Helms, Mr. John McKeon explained the necessity for the foregoing appropriation. At present, stated Mr. McKeon, there are 26,000 air raid wardens enrolled, and the Defense Council is in the process of enrolling 25,000 more. The appropriation requested was originally \$28,500, based on the rate of \$25 per month for each of 195 men for the use of their own automobiles. The \$21,000 now requested is for the purchase of automobiles and their upkeep for the fiscal year. The automobiles would be purchased by the Police Department.

Supervisor MacPhee announced that the Finance Committee had not approved the item for travel expense. The committee desired more time to study the matter, and it was the intention of the committee to bring in, later on, a recommendation for or against the item. Any appropriation, if it should be deemed necessary, could be made out of the \$380,000.

Thereupon, Supervisor MacPhee, seconded by Supervisor Uhl, moved that the Finance Committee's recommendation that the appropriation for travel expense be eliminated, be approved.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, MacPhee, Mead, Uhl—5.

Noes: Supervisors Gallagher, Green, Meyer, O'Gara, Roncovieri—5.

Absent: Supervisor Shannon—1.

Index 2, Sheet 4, Line 22, Portable Motion Picture Projectors. Supervisor MacPhee moved deletion of the foregoing item. Mr. Helms offered no objection.

Thereupon, no objections being made, the Finance Committee recommendation that the appropriation of \$2,400 for portable motion picture projectors be eliminated was approved.

Index 2, Sheet 7, Line 24, Furniture. Supervisor MacPhee moved the appropriation for furniture be reduced from \$4,251 to \$2,000. Mr. Helms offered no objection to the recommended reduction.

Thereupon, no objection being made, the Finance Committee recommendation to reduce the appropriation for furniture from \$4,251 to \$2,000 was approved.

Index 2, Sheet 11, Line 4, Temporary Salaries. Supervisor MacPhee moved elimination of the appropriation for temporary salaries. Mr. Helms offered no objection to the recommended elimination.

Thereupon, no objection being made, the Finance Committee recommendation to eliminate the appropriation for temporary salaries was approved.

Index 2, Sheet 14, Line 2, Night Sticks. Supervisor MacPhee moved that the appropriation for night sticks be reduced from \$9,000 to \$4,000. Mr. Helms offered no objection to the recommended reduction.

Thereupon, no objection being made, the Finance Committee recommendation that the appropriation for night sticks be reduced from \$9,000 to \$4,000 was approved.

Index 2, Sheet 14, Line 4, 4,000 Belts (for night sticks). Supervisor MacPhee moved that the appropriation of \$12,000 for belts be eliminated. The Chief of Police, who was present, informed the Board that in his opinion the belts were necessary. Mr. Helms repeated the objection that he had previously made to the elimination of the foregoing item.

Thereupon, the roll was called and the motion to delete the appropriation for 4,000 belts (for night sticks), \$12,000, failed by the following vote:

Ayes: Supervisors Colman, MacPhee, Uhl—3.

Noes: Supervisors Brown, Gallagher, Green, Mead, O'Gara, Roncovieri—7.

Absent: Supervisor Shannon—1.

#### Supplemental Budget Request—Assistant to the Coordinator and Director of Civilian Defense

Mr. John R. Cahill, Chairman of the Advisory Board, Civilian Defense Council, called attention to request by him, addressed to the Mayor, asking that the budget for Civilian Defense be increased by the amount of \$4,800 per year to provide for a full-time assistant to the Coordinator and Director of Civilian Defense, together with the Mayor's approval of that request.

Mr. Helms, in urging the approval of the supplemental recommendation, reiterated his previous statements that it is urgently necessary that a man be provided for that position.

Mr. John Cahill supported the recommendation of Mr. Helms.

Supervisor Uhl announced that he had suggested that the Mayor return Captain Skelly to that position. During Mr. Cullenward's

absence from the Mayor's office, on his Civilian Defense assignment, the Mayor did not fill that secretarial position.

Supervisor Meyer, in discussing the Supplemental Budget request stated that he believed Mr. Helms should have an assistant and that he should be permitted an assistant of his own choice, and he would so move. Motion seconded by Supervisor Gallagher.

Supervisor Colman, in explanation of his vote, stated that he had already voted favorably on the matter, and he could see no change in the situation. He would vote "Aye."

Supervisor Brown suggested to the Board that any roll call should be on approval of the supplemental budget.

Thereupon, the roll was called and the supplemental budget, to provide an additional appropriation of \$4,800 to provide for a full-time assistant to the Coordinator and Director of Civilian Defense, was approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Roncovieri—7.

Noes: Supervisors MacPhee, Mead, Uhl—3.

Absent: Supervisor Shannon—1.

Supervisor MacPhee moved that the budget of the Civilian Defense, as amended by the Board of Supervisors, be approved. No second.

Supervisor Gallagher moved that further action on the budget of Civilian Defense be deferred. No second.

Supervisor Brown moved adoption of the Civilian Defense budget as amended by the Board of Supervisors.

Supervisor Gallagher, thereupon, moved that action be postponed until 2:00 p. m. Motion seconded by Supervisor Green.

Motion failed by the following vote:

Ayes: Supervisors Gallagher, Green—2.

Noes: Supervisors Brown, Colman, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Uhl—8.

Absent: Supervisor Shannon—1.

#### Point of Order

Thereupon, Supervisor Brown raised as a point of order that the motion by Supervisor Gallagher was an amendment to his motion that the roll be called on adoption of the budget of Civilian Defense.

The Chair declared the point of order well taken.

Supervisor Roncovieri announced that he felt, since the Board had voted on each budget item seriatim, he had already voted on the budget.

Supervisor Gallagher requested information as to the status of the budget for Civilian Defense. What is the Board to vote on? What has been deleted from the budget of Civilian Defense?

The Chair, in reply to Supervisor Gallagher, announced that information should be obtained from the City Attorney.

#### Privilege of the Floor

During the foregoing consideration of the budget for Civilian Defense, Supervisor Mead moved approval of the floor for Mr. James Ricketts, newly appointed manager of the Golden Gate Bridge.

Mr. Ricketts, in brief statement to the Board, thanked the Board for giving him the opportunity of becoming the manager of the bridge, by first appointing him as director of the Golden Gate Bridge and Highway District, for without having been appointed as director he would not have become manager. He realized the responsibility attached to his new position, and would give all his time and his best efforts to the job.

**CALLING THE ROLL**

President Jesse C. Colman presiding.

Supervisor Brown was noted present at 8:55 p.m.

Supervisor O'Gara was noted present at 8:30 p.m.

Supervisor Roncovieri was noted present at 10:35 p.m.

**BUDGET CONSIDERATION****Adoption of Budget, Civilian Defense**

Supervisor Gallagher moved that the budget of Civilian Defense Council, Index 2, as amended by the Board, be approved.

Motion carried by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Absent: Supervisors Brown, Roncovieri—2.

**Action Rescinded**

Supervisor Shannon, seconded by Supervisor Uhl, moved that the action of the Board, whereby the budget of Civilian Defense Council was approved, be rescinded.

Mr. David A. Lewis, in reply to questioning by Supervisor Shannon as to the duties of Press and Radio Coordinator, answered that the position, as was explained to him, was for the purpose of arranging radio time and arranging with the newspapers a more detailed and systematic coverage of the news.

Supervisor O'Gara, thereupon, remarked that if the Board intended to review the budget for Civilian Defense Council, Mr. Helms should be present.

Supervisor Shannon, however, stated he merely desired to know why it is necessary to have a full-time man for Press and Radio Coordinator. The newspaper men in the City Hall will get any news

they can for publicity purposes. The budget can well be reduced, so far as press information is concerned, and it is doubtful if a full-time radio coordinator is needed.

Thereupon, Supervisor Gallagher, seconded by Supervisor Mead, moved that further consideration of the Civilian Defense Council be postponed temporarily.

No objection, and so ordered.

Subsequently, during the proceedings, the budget of the Civilian Defense Council was again taken up.

Following a discussion as to the number of votes required to approve the budget of Civilian Defense, Supervisor MacPhee moved that the budget be approved, with the exception of items questioned.

Supervisor Brown declared the motion was out of order. The Board should dispose of all items first, and then approve the budget.

The chair ruled that the items in question are now in the budget, and could be removed therefrom only after approval of proper motions, by a majority vote of the Board. Whether or not the questioned items are eliminated, it will require nine votes to approve the budget of the Civilian Defense Council.

Supervisor O'Gara stated he believed motions should be made to include these questioned items in the budget. Then the Board could act on them in a positive way, rather than in a negative way. Accordingly, he would move to include in the budget, one Chief of Service at \$500, Index 2, Sheet 3, Line 2.

Supervisor MacPhee objected to the motion. The Finance Committee has not refused to allow these items; all it has requested is that time be permitted for further study. There is an appropriation of \$380,000 from which these items can be cleared. Therefore, he would move that the budget for Civilian Defense Council be approved as recommended by the Finance Committee. Motion seconded by Supervisor Uhl.

Supervisor Gallagher moved, as an amendment to the motion, that the Board take up each item for which deletion has been recommended, seriatim.

The chair ruled that the matters should be so taken up.

Thereupon, Supervisor Shannon, seconded by Supervisor Gallagher, moved that the item of Chief of Service at \$500, Sheet 3, Line 2, be eliminated.

Supervisor MacPhee moved that, in accordance with the chair's ruling, item in Index 2, Sheet 2, Line 2, Director of Civilian Defense, at \$600 per month, be approved.

Supervisor Brown objected to the motion. There are, he stated, only four items that are controversial.

Supervisor Shannon, following Supervisor Brown's objection, that what was before the Board was the Finance Committee's recommendation for the deletion or reduction of about twelve items. The Finance Committee's recommendations should be taken up seriatim. That was the reason for his motion that the item, Chief of Service at \$500, be eliminated.

The Chair declared the motion to be in order.

Thereupon the roll was called, and the item, Chief of Service, was eliminated by the following vote:

Ayes: Supervisors Brown, Gallagher, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Noes: Supervisors Colman, Green—2.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee, seconded by Supervisor Uhl, moved that Press and Radio Coordinator at \$300 per month, Sheet 3, Line 5, be eliminated.

Motion failed by the following vote:

Ayes: Supervisors Colman, MacPhee, Mead, Uhl—4.

Noes: Supervisors Brown, Gallagher, Green, Meyer, O'Gara, Shannon—6.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee, seconded by Supervisor Meyer, moved that Temporary Salaries, \$3,720, Sheet 3, Line 8, be eliminated.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Meyer, moved that Appropriation for Printing Posters, Quarter Cards, etc., be reduced from \$23,300 to \$10,000.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Mead, moved Appropriation for Motion Picture Rental, \$2,500, Sheet 3, Line 16, be eliminated.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, MacPhee, Mead, Uhl—5.

Noes: Supervisors Gallagher, Green, Meyer, O'Gara, Shannon—5.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee, seconded by Supervisor Mead, moved that appropriation for Other Contractual Services, \$1,700, Sheet 3, Index 17, be eliminated.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Uhl, moved that Appropriation for Travel Expense, \$21,000, Sheet 4, Line 6, be eliminated.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Green, MacPhee, Mead, Uhl—6.

Noes: Supervisors Gallagher, Meyer, O'Gara, Shannon—4.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee, seconded by Supervisor Mead, moved that Appropriation for Portable Motion Picture Projectors, \$2,400, Sheet 4, Line 22, be eliminated.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Uhl, moved that Appropriation for Furniture, \$4,251, Sheet 7, Line 24, be reduced to \$2,000.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Uhl, moved that Appropriation for Temporary Salaries, \$3,720, Sheet 11, Line 4, be eliminated.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Mead, moved that Appropriation for Night Sticks, Sheet 14, Line 2, be reduced from \$9,000 to \$4,000.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Uhl, moved that Appropriation for 4,000 Belts, Sheet 14, Line 4, \$12,000, be eliminated.

Supervisor MacPhee, in explaining the reasons for the committee's recommendation, stated that the committee considered this appropriation unnecessary. The Auxiliary Police have arm bands, jackets and white hats, and are easily recognized.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Green, MacPhee, Mead, Uhl—6.

Noes: Supervisors Gallagher, Meyer, O'Gara, Shannon—4.

Absent: Supervisor Roncovieri—1.

Index 2, Sheet 4, Line 6, Travel Expense. Supervisor Meyer moved that the action of the Board, whereby the appropriation for Travel

Expense, \$21,000, as eliminated from the budget of the Civilian Defense Council, be rescinded.

Motion failed by the following vote:

Ayes: Supervisors Gallagher, Green, Meyer—3.

Noes: Supervisors Brown, Colman, MacPhee, Mead, O'Gara, Shannon, Uhl—7.

Absent: Supervisor Roncovieri—1.

#### Approval of Supplemental Budget, \$330,000

Thereupon, Supervisor MacPhee moved that an additional \$330,000 be added to the \$50,000, unallocated amount for Civilian Defense, making the total unallocated appropriation \$380,000, as recommended by the Mayor in his communication of May 21, 1942, copy of which is printed in full elsewhere in this Journal, be approved.

No objection, and Supplemental Budget approved.

#### Approval of Supplemental Budget, \$100,000, for Decontamination Facilities

Supervisor MacPhee moved that Supplemental Budget in amount of \$100,000 for Decontamination Facilities, as recommended and approved by his honor, the Mayor, be approved.

No objection, and Supplemental Budget approved.

#### Supplemental Budget, Creating Position of Assistant Director of Civilian Defense

Supervisor Gallagher, seconded by Supervisor Colman, moved that the Supplemental Budget approved by the Mayor, for the creation of position of Assistant Director of Civilian Defense, be approved.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara—6.

Noes: Supervisors MacPhee, Mead, Shannon, Uhl—4.

Absent: Supervisor Roncovieri—1.

#### Approval of Budget for Civilian Defense Council

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, O'Gara, Shannon, Uhl—9.

No: Supervisor Meyer—1.

Absent: Supervisor Roncovieri—1.

#### Board of Supervisors, Index 1

The Board of Supervisors took up consideration of the budget, Board of Supervisors, Index 1, consideration of which had previously been temporarily postponed.

Supervisor MacPhee again explained the Finance Committee's recommendations thereon.

Index 1, Sheet 3, Line 27, Dues, Alta California, Inc. Supervisor Shannon, in discussing the Finance Committee's recommendation to delete the appropriation of \$500 for dues for Alta California, Inc., urged that the committee recommendation be not approved. Alta California, Inc., he pointed out, was doing splendid work for the counties of northern California. San Francisco County is now in very good standing with the northern California counties due to her activities and membership and attendance at the meetings of Alta California, Inc. He would vote against the Finance Committee's recommendation, and he would request a roll call on that item.

Supervisor MacPhee explained the reason for the Finance Committee's recommended deletion. The committee felt the appropriation to be a needless one—that it was a duplication of an appropriation for the County Supervisors' Association.

Supervisor Gallagher announced that he would go along with Supervisor Shannon. He believed, too, the Board should retain its membership in the League of California Municipalities (Cities).

Supervisor Green strongly urged that San Francisco retain membership in both the Alta California, Inc., and the League of California Cities. The cost of such membership is insignificant compared to the benefits that will be derived. San Francisco has been too penny wise and pound foolish, he felt. San Francisco cannot afford to give up membership in either of these organizations.

Supervisor Meyer opposed the proposed deletions. He felt the cost of membership in both organizations was an extremely good investment.

Supervisor Colman, also, expressed opposition to the deletions of appropriations for memberships in both Alta California, Inc., and the League of California Cities. San Francisco's participation in the activities of both organizations tends to create good will. Good will of our neighboring counties will pay good dividends. Those items should remain in the budget.

Thereupon, Supervisor Shannon moved that the Board approve the Finance Committee's recommendations except the deletion of \$625 for membership dues in the League of California Cities and \$500 for membership dues in Alta California, Inc.

Supervisor MacPhee moved that further consideration of the two foregoing discussed items be postponed temporarily.

No objection, and so ordered.

Index 1, Sheet 2, Line 3, Cost Analyst. Supervisor Uhl called attention to the position of Cost Analyst, Index 1, Sheet 2, Line 3, and stated that in his opinion the Board has not sufficient use for a cost analyst to warrant its retention in the Board's budget. The position was formerly attached to the Controller's staff, and should be returned there. Thereupon, Supervisor Uhl moved that the item, Cost Analyst, \$3,120, Index 1, Sheet 2, Line 3, be deleted from the Supervisors' Budget. Motion seconded by Supervisor Colman.

Mr. Harry Ross, Chief Deputy Controller, suggested that the proper action would be to transfer the position to the Controller's office, rather than to delete it from the Supervisors' Budget.

Supervisor Shannon opposed the motion. The position does not affect the tax rate in any way, he stated. The Cost Analyst has done some valuable services in the past, and we still have matters coming up from time to time which few men in the city's employ have the ability to analyze and report on to the Finance Committee. It would be a great mistake to delete the position, or to transfer it to the Controller's office. He would vote against the motion.

Thereupon, the roll was called and the motion to delete the position of Cost Analyst failed by the following vote:

Ayes: Supervisors Colman, Gallagher, Uhl—3.

Noes: Supervisors Brown, Green, MacPhee, Mead, Meyer, O'Gara, Shannon—7.

Absent: Supervisor Roncovieri—1.

Index 1, Sheet 2, Line 15, Chauffeur. Supervisor Uhl moved deletion of Chauffeur, Index 1, Sheet 2, Line 15. Motion seconded by Supervisor Colman.

Supervisor Colman, after seconding the foregoing motion, stated that if the motion should carry, the chauffeur whose position was deleted would take his place at the head of the eligible Civil Service list for chauffeurs without loss of seniority or salary, and would be appointed to the first available position.

Mr. Henderson, representing the Civil Service Commission, stated that undoubtedly the commission would permit a transfer of a chauffeur to some other department, at the current rate of pay, where such

transfer was not voluntary. However, seniority, with respect to lay-off, is governed by date of appointment to a department.

Supervisor Mead opposed the motion. For eleven members of the Board there are two automobiles. Sometime or other every Supervisor finds use for one of the chauffeurs. Supervisor Uhl, himself, has sent a chauffeur around town at all hours of the day or night. The services of the chauffeurs, whether we are with them or not, are required. There are three automobiles in the Mayor's office for the use of one man, and two automobiles with the Board of Supervisors for the use of eleven members. To delete one machine does not make sense, especially since in the future we will have to depend on the city's cars to get some of our work done. The members of the Board should not be foolish enough to delete one of these chauffeurs.

Mr. Henderson, in reply to questioning by Supervisor O'Gara, announced that unless there should be a place for a chauffeur for immediate transfer, if one of the chauffeurs of the Board should be deleted from the budget, that chauffeur would, of course, not continue on the payroll.

Thereupon, Supervisor O'Gara expressed himself, saying that he thought to chop men from the payroll who had served the city for years on a matter of doubtful economy was very bad policy.

Mr. Joseph L. Bury, in reply to questioning by Supervisor Mead, supported the statement by Supervisor Mead that Supervisor Uhl, himself, had demanded the services of a chauffeur at all hours of the day and night, and reported that he had been on assignments by Supervisor Uhl checking on lights in certain portions of the city. Such assignments had required his services at 1:00 to 2:00 o'clock in the morning.

Supervisor Colman, in further expressing his views, stated that in his opinion the Board had no use for two automobiles. For ten years of his twenty years' service on the Board, a machine had been assigned to him for Saturday morning, and he never knew it. He still had the use of a machine for Saturday mornings, but very seldom used it. The Board should set an example in economy by getting along with one machine.

Thereupon, the roll was called and the motion to delete one position of Chauffeur, Index 1, Sheet 2, Line 15, failed by the following vote:

Ayes: Supervisors Colman, Uhl—2.

Noes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon—8.

Absent: Supervisor Roncovieri—1.

#### Approval of Budget

Thereupon, Supervisor MacPhee, seconded by Supervisor O'Gara, moved approval of the Supervisors' Budget, as printed, but with the reductions recommended by the Finance Committee, as follows:

Index 1, Sheet 3, Line 4, Printing Journals, Calendars, Resolutions, etc., reduced from \$14,000 to \$13,000.

Index 1, Sheet 3, Line 4, Publication of Ordinances and Resolutions, reduced from \$16,000 to \$15,000.

Index 1, Sheet 3, Line 16, Miscellaneous Materials and Supplies, reduced from \$500 to \$250.

Motion carried by the following vote:

Ayes: Supervisors Brown, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon—8.

No: Supervisor Uhl—1.

Absent: Supervisors Colman, Roncovieri—2.

#### Mayor, Index 2

Supervisor MacPhee called attention to the Mayor's budget, con-

sideration of which had been temporarily postponed earlier in the day, and moved that the budget be approved, as recommended by the Finance Committee. Motion seconded by Supervisor Mead.

Index 2, Sheet 2, Line 15, Chauffeur. Supervisor Uhl moved as an amendment, that Index 2, Sheet 2, Line 15, providing for two chauffeurs, be amended by eliminating one chauffeur.

Motion failed for want of a second.

#### Mayor, Emergency Reserve, Index 2

The following communication from his honor, the Mayor, protesting any reduction in the Mayor's Emergency Reserve Fund, as recommended by the Finance Committee:

May 21, 1942.

To the Honorable,  
The Board of Supervisors,  
City Hall, San Francisco, Calif.

Gentlemen:

Enclosed is copy of a letter from the San Francisco Civilian Defense Council and copy of a resolution passed by the Civilian Defense Council in which the Mayor and the Board of Supervisors are requested "to provide in the Civilian Defense budget an unallocated fund of \$380,000, consisting of \$230,000 being withdrawn from the Emergency Fund, originally requested in the Mayor's budget, and \$150,000 additional funds." The resolution also recommends an additional provision for \$100,500 for decontamination facilities.

Under date of May 19 I forwarded your Honorable Board a recommendation that the sum of \$100,000 be included in the 1942-43 budget for decontamination facilities; therefore, that portion of the appended resolution dealing with these facilities is a duplication and is not considered in this letter. My letter of May 19 also recommended that the sum of \$50,000 be included in the 1942-43 budget to take care of unforeseen expenses.

Inasmuch as the San Francisco Civilian Defense Council believes that the unallocated amount should be \$380,000 instead of \$50,000 as originally recommended, I hereby recommend that an additional sum of \$330,000 be included in the 1942-43 budget to take care of unforeseen expenses, thus raising my total recommendation in this respect to \$380,000, last requested by the Civilian Defense Council.

I wish to make it plain, however, that I do not concur in the suggestion contained in the resolution that any part of the \$380,000 come from the Emergency Reserve Fund. The two are entirely separate and have no bearing upon each other. The only similarity between the two is that they are to take care of unforeseen contingencies. Here the similarity ends, however, because the Emergency Reserve Fund, provided by Section 79 of the Charter, is for the purpose of taking care of any and all emergencies which might arise in any department of the city and county government during the ensuing fiscal year and is not restricted nor is it intended to be restricted to one department of government. Certainly we cannot foresee at this time all expenses which may become necessary in Civilian Defense, and that activity of government should have a reserve fund upon which to draw in the event the funds are necessary. By the same token, other departments in the city and county government likewise must be protected, and it is for the latter purpose that the Emergency Reserve Fund was provided for in the Charter.

I am informed that it will be the recommendation of the Finance Committee to the full Board that the Emergency Reserve Fund, requested by me at the maximum of \$364,363 be reduced to \$200,000. I must protest this action of the Finance Committee because I believe the maximum allowable by the Charter (Section 79—

"The annual appropriation for said fund and the annual tax rate therefor shall not exceed one percentum of the amount of the levy required to meet all other expenditures \*\*\*") should be provided in the 1942-43 budget in order to provide in so far as possible for any contingencies that may present themselves to the various city departments during 1942-43.

The purposes for which the appropriations from this fund may be made are defined in Section 16 of the Charter as "immediate necessary preservation of public peace, property, health or safety, provision for the uninterrupted operation of any city and county department or office, or action required to comply with time limitations as established by law\*\*", and are further defined in Section 25 of the Charter as "\*\*\* a public emergency involving or threatening the lives, property and welfare of the citizens, or the property of the city and county."

We are going into a war year during which no one can foresee what emergencies may occur. It seems to me that common prudence would dictate that the maximum allowable by the Charter must be provided in the Emergency Reserve Fund in such times. Also, the budgets of the various city departments have been reduced so drastically for 1942-43 that there is no likelihood of any departmental surpluses developing next year, as was the case during the current fiscal year.

Although the Emergency Reserve Fund is referred to frequently as the Mayor's Fund, this is incorrect. Under the Charter no appropriations may be made from this fund unless nine members of the Board of Supervisors approve the appropriation. Thus the Board always has full knowledge of the nature of each proposed appropriation from this fund and unless nine members of the Board approve, no appropriation can be made nor can any funds be expended.

Again I repeat that the sum of \$364,363 is anything but excessive to take care of any emergency which may occur and which may affect any or all other departments of the city and county as well as the San Francisco Civilian Defense Council.

Because of the reasons set forth hereinabove, I most respectfully urge the members of the Finance Committee to reconsider their previous action and recommend to the full Board the sum of \$364,363 for the Emergency Reserve Fund for the fiscal year 1942-43, together with the sum of \$380,000 for an unallocated fund in the Civilian Defense Council budget.

Yours very truly,

ANGELO J. ROSSI, Mayor.

Supervisor Meyer, following the reading of the foregoing communication, opposed the Finance Committee recommendation to reduce the Mayor's Emergency Reserve Fund to \$200,000.

#### Approval of Finance Committee's Recommendations

Supervisor MacPhee, seconded by Supervisor Meyer, moved that the following Finance Committee's recommendation be approved:

Index 2, Sheet 3, Line 7, Storage and Care of Vehicles, reduced from \$625 to \$300.

Index 2, Sheet 3, Line 23, Tires and Tubes, reduced from \$400 to \$300.

Total reduction in the two foregoing items of \$425.

No objection, and foregoing recommendations approved.

#### Approval of Finance Committee's Recommendations re Mayor's Emergency Reserve Fund

Supervisor MacPhee moved that the Finance Committee's recommendation that the Mayor's Emergency Reserve Fund, Index 2, Sheet 1,

Line 21, be reduced from \$364,363 to \$200,000, a reduction of \$164,363, be approved. Motion seconded by Supervisor Uhl.

Finance Committee's recommendation approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Mead, Uhl—6.

Noes: Supervisors Meyer, O'Gara, Shannon—3.

Absent: Supervisors Green, Roncovieri—2.

Noes: Supervisors Meyer, Uhl—2.

### Discussion

Index 40, Sheet 1, Line 2, Contractual Services. Mr. Ivan Flamm, who, on motion by Supervisor Shannon, opposed the recommendation of the Finance Committee to reduce the item for Contractual Services from \$194,190 to \$176,880, a reduction of \$17,310. This amount should be left in the budget, assuring the employees affected of continuity of employment.

Mr. John O'Connell urged the Board not to approve the Finance Committee's recommendation. Some of the men affected are employees of thirty years' standing, or more.

Mr. Thomas A. Brooks, Chief Administrative Officer, asserted that the items were deleted by him, not by the Finance Committee. The Board of Supervisors cannot make any additions to the budget. He was satisfied that the positions are not necessary. Since he, himself, had taken the employments out from the budget, neither the Mayor nor the Board of Supervisors can replace them. However, if there should be work for these men, they will be called for.

Mr. John O'Connell questioned the right of any individual, other than the Mayor, to eliminate any item from the budget.

The Chief Administrative Officer, however, informed the Board that if the items should be left in the budget he would, on July 1st, drop from the payroll the employees affected, whether the money is in the budget or not. He would not spend the taxpayers' money needlessly, regardless of Mr. O'Connell or anyone else.

Thereupon, Supervisor Gallagher, seconded by Supervisor O'Gara, moved that further action be deferred and the advice of the City Attorney requested on the question of the right of the Chief Administrative Officer to delete any item from the budget.

Supervisor Mead agreed with Supervisor Gallagher. The Board should have the advice of the City Attorney on this question.

Supervisor Colman announced his intention to vote against the motion. At the same time he commended the Chief Administrative Officer for his courage and his ability to stand up for what he believes to be right.

Supervisor Mead, on behalf of the employees to be affected, again pointed out that they had been employed by the city and county for many years, and he pleaded with the Chief Administrative Officer to reconsider his attitude in the matter, and to endeavor to make some arrangements to bring about a condition so these employees can continue their employment. They are entitled to consideration.

The Controller, when questioned, stated that the entire question was whether or not the employments under consideration are in the budget. If they were in the budget it was up to the Board whether they should remain in; if they were not in the budget there was nothing for the Board to do. However, the employments were in the budget.

Thereupon, the Clerk presented and read a communication from the Chief Administrative Officer, stating that he had reduced the budget request by elimination of appropriation for these employments.

Thereupon, Supervisor Gallagher, after pointing out that inasmuch as the employments still appeared in the budget, when presented to the Board by the Mayor, he believed the Board should defer action until after hearing from the City Attorney.

Supervisor Roncovieri moved postponement of action on motion until 10:00 a. m. on Tuesday, May 26, 1942.

The Controller, however, urged because of the volume of work to be performed in getting the Annual Appropriation Ordinance in proper form for publication, the Board not to postpone action.

Whereupon, at the suggestion of the Chair, action was postponed temporarily and the City Attorney sent for.

Subsequently during the proceedings, consideration of the foregoing matter was resumed.

Supervisor Gallagher moved that the budget of the Department of Public Works, Bureau of Engineering, Index 40, be approved as presented by the Mayor.

Whereupon, Supervisor MacPhee pointed out that the Finance Committee was recommending additional changes.

Supervisor Colman, in his discussion, held that the amount of \$17,310 should, in his opinion, be taken from the budget. The Chief Administrative Officer has stated that this appropriation is not necessary. He would not go behind the statement by the Chief Administrative Officer.

Supervisor Gallagher, however, stated that if the \$17,310 is retained in the budget, the employees affected will be able to retain their Civil Service rights. The appropriation should remain in the budget.

Supervisor O'Gara stated that while he had great admiration for the Chief Administrative Officer, and for what he is trying to do, he felt that the Board had the right to approve this questioned appropriation. During the recent depression many corporations held on their staffs men whom they would need in the future. The Board should vote to keep this item in the budget. In voting for the retention of this appropriation, he was not voting against the Chief Administrative Officer, but merely against the idea of firing men who have worked for the city and county for many years.

Thereupon, Supervisor Gallagher moved that the amount of \$17,310 be not deleted from the budget. Motion seconded by Supervisor Roncovieri, and carried by the following vote:

Ayes: Supervisors Gallagher, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—7.

Noes: Supervisors Brown, Colman, Green, Uhl—4.

#### Approval of Budget

After brief explanation of additional recommendations by the Finance Committee, Supervisor MacPhee moved that the budget of the Department of Public Works, Bureau of Engineering, Index 40, with the additional recommendations of the Finance Committee, be approved.

Motion carried by unanimous vote.

### Discussion

Mrs. Mary R. Schwab, Assistant Secretary, Joint Highway District No. 10, on being granted the privilege of the floor, stated that the budget for Joint Highway District No. 10 should be considered before considering the budget for Joint Highway District No. 9. Mrs. Schwab presented communication by the district, addressed to the Board, requesting the inclusion in the budget of appropriation for Joint Highway District No. 10. Opinion from the City Attorney, pointing out that once a Joint Highway District had been created, funds therefor must be appropriated. After quoting portion of Section 19 of Act 3269 of the Joint Highway District Act of the State of California, the City Attorney ruled as follows:

"You are therefore informed that the Board of Supervisors has no right to delete from the budget demands for assessments duly and regularly made by the Board of Directors of said Joint Highway District No. 10."

Thereupon, Supervisor Roncovieri stated that after hearing the opinion of the City Attorney there seems to be nothing left to do but to move restoration of the \$51,000 assessed by Joint Highway District No. 10, and he would so move. Motion seconded by Supervisor O'Gara.

The Chief Administrative Officer announced that the item was deleted by him before the budget went to the Mayor. He did not propose to have in the budget, and charged to one of his departments, any appropriation over which he had no control.

Supervisor Brown asserted that in his opinion the Board of Supervisors was powerless in the matter, and there was nothing before the Board.

The Chair ruled Supervisor Roncovieri's motion to be out of order. The Board, the Chair held, had not authority to insert the amount in the budget.

The Controller, however, pointed out that the appropriation being considered has its origin in gas tax funds, over which the Board has exclusive control, and stated that the Board could restore the appropriation in the budget.

Supervisor Meyer, in discussing the matter, pointed out that the city and county has made contracts with both Highway Districts, No. 9 and No. 10, and is obligated to pay its share of the cost of both projects.

Mr. M. D. Johnson, Engineer for Joint Highway District No. 10, explained in detail the work now being performed in District No. 10.

Thereupon, Supervisor Green, seconded by Supervisor Shannon, moved the previous question.

Thereupon, the roll was called and the motion to restore \$51,000 for Joint Highway District No. 10 was approved by the following vote:

Ayes: Supervisors Brown, Gallagher, Meyer, O'Gara, Roncovieri, Shannon—6.

Noes: Supervisors Colman, Green, MacPhee, Mead, Uhl—5.

Index 48, Sheet 1, Line 7, Joint Highway District No. 9. Supervisor Meyer pointed out that other counties in the Joint Highway District No. 9 have already appropriated their quota. A contract has already been entered into. Therefore, he moved that the appropriation of \$66,000 for Joint Highway District No. 9, Index 48, Sheet 1, Line 7, be restored to the budget. Motion seconded by Supervisor Roncovieri.

### Explanation of Vote

Supervisor Colman, in explanation of his vote, stated he did not believe San Francisco had to make this appropriation. He did not agree with the opinion of the City Attorney in the matter. He had

never been in favor of these Joint Highway Districts and had always voted against their establishment. He would vote "No" on the foregoing motion.

Thereupon, the roll was called and the motion to restore \$66,000 in the budget for Joint Highway District No. 9 was approved by the following vote:

Ayes: Supervisors Gallagher, Green, Meyer, O'Gara, Roncovieri, Shannon—6.

Noes: Supervisors Brown, Colman, MacPhee, Mead, Uhl—5.

#### Approval of Budget

Thereupon, Supervisor Roncovieri, seconded by Supervisor Gallagher, moved that the budget of the Department of Public Works, County Roads, Construction—Index 48, be approved as amended.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, Meyer, O'Gara, Roncovieri, Shannon—8.

Noes: Supervisors MacPhee, Mead, Uhl—3.

#### Index 54—Department of Public Health, Emergency Hospitals

Consideration of the budget of the Department of Public Health, Emergency Hospitals, Index 54, which had been postponed previously, was, on motion by Supervisor Shannon, again taken up.

Supervisor Shannon, seconded by Supervisors Mead and Green, moved that there be added to the budget an amount of \$125,000 for an emergency hospital in the Richmond District.

The hospital, Supervisor Shannon stated, would be similar in style to the hospital on Alemany Boulevard. It would accommodate eight male and six female patients. The City Architect has estimated it would cost \$79,500. The balance of the appropriation amounting to about \$45,000, would be for personal services, contractual services, equipment, etc. The hospital could be erected at the foot of the Police Station lot, at Sixth Avenue and Geary Boulevard. The district has been requesting this hospital for the past eight years.

Supervisor Colman stated that inasmuch as the proposal had not the approval of the Chief Administrative Officer he would vote "No" on the motion.

Mr. Harry Ross, representing the Controller, reminded the Board that it could not include in the budget any amount for personal services, contractual services, materials and supplies, etc., and the \$125,000 should be reduced by \$17,200.

Supervisor Green, in support of the motion, held that inasmuch as there are no such conveniences now, this is a very important matter and should be approved.

Supervisor Uhl suggested that arrangements might be made with the French Hospital for emergency hospitalization.

Supervisor Colman pointed out that if the motion by Supervisor Shannon should be approved, there would be provision for a hospital but for no equipment or personnel.

Thereupon, the roll was called and the motion by Supervisor Shannon was approved by the following vote:

Ayes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, Roncovieri, Shannon, Uhl—8.

Noes: Supervisors Brown, Colman, O'Gara—3.

Supervisor Gallagher called attention to item in the budget for position, Chief of Bureau of Inspections. The position was included in the budget for 1941-1942, but never filled.

Mrs. Dolen explained that the position is being recommended as the result of a survey by the Civil Service Commission.

Supervisor Gallagher, however, moved that the position, Chief of Bureau of Inspection, be deleted from the budget of the Department of Public Health. Motion seconded by Supervisor Meyer.

Supervisor Colman opposed the motion. It is recommended by the Health Officer and by the Chief Administrative Officer, who are of the opinion, as the result of a survey, that it will result in greater efficiency. The position should be approved.

Thereupon, the roll was called and the motion to delete the position, Chief of Bureau of Inspections, was defeated by the following vote:

Ayes: Supervisors Gallagher, MacPhee, Mead, Meyer—4.

Noes: Supervisors Brown, Colman, Green, O'Gara, Shannon, Uhl—6.

However, in a subsequent letter, the Board of Trustees have agreed to a reduction of \$2,000, and are requesting the foregoing appropriation item be approved in the amount of \$3,000.

Thereupon, Supervisor MacPhee, seconded by Supervisor Mead, moved that supplemental budget recommendation, making the foregoing item read \$3,000, be approved.

Finance Committee recommends appropriation, \$5,000, for Crystal Palace Baths and \$1,369 for taxes and delinquencies of Telegraph Hill Neighborhood Association.

#### Discussion

Supervisor Shannon, in discussing the request for Crystal Palace Baths, pointed out that \$10,000 has already been allowed for that

#### Action Rescinded

Supervisor Shannon, following the foregoing action by the Board, stated that he did not think there had been sufficient explanation of the supplemental budget recommendation made, and he moved that the foregoing action be rescinded and that Mr. Lewis, from the Mayor's office, furnish an explanation of the matter. Motion seconded by Supervisor Gallagher.

No objection, and so ordered.

Thereupon, Mr. Lewis explained the foregoing recommendations, pointing out that employees of the Park Department who are subject to salary standardization, and for whose classifications salary ranges have been set up, are taken care of. These employees in the supplemental budget recommendation just considered have not yet had salary ranges established. These employees came under Civil Service only last September. The Mayor and the Park Commission recommend these salaries in an attempt to equalize salaries of those employees not yet taken care of by salary standardization. Mr. Henderson has stated that the salaries proposed are within the ranges that will be submitted by the Civil Service Commission.

Supervisor O'Gara, in explanation of his vote, stated that he had voted for salary standardization with the belief that salaries would be standardized. The result, however, seems to be general wage increases. He thought, too, that the Mayor should have reported these recommendations to the Board earlier. He believed requests for salary increases now are bad, and he voted "No."

Supervisor Brown announced his intention to vote "No." There has

been no evidence at all submitted to indicate that these are proper scales. In his opinion, this is a loose type of procedure.

Supervisor MacPhee stated he would vote "No." He had not had time to make a proper examination of the recommendations.

Supervisor Shannon stated that as a result of the explanation by Mr. Lewis, the Board would have a little clearer insight into the recommendations. He would vote "Aye."

Thereupon, the roll was called and the foregoing supplemental budget recommendations were disapproved by the following vote:

### Approval of Budget

All departmental budget requests having been considered and action thereon taken, Supervisor MacPhee moved that the budget for the fiscal year 1942-1943 be approved, as amended by the Board of Supervisors.

### Discussion of Budget

Supervisor Brown, in discussing the budget, announced that when the budget should be before the Board on final passage, he would present a statement about the entire procedure and the results thereof. He would vote against the budget, although he would vote in favor of the appropriation ordinance.

Supervisor Colman, in explanation of his vote, announced that he had usually voted for the budget in the past. He commended the industry and close attention to duty of the Finance Committee, but he was very much disappointed with the budget and he would vote "No." However, he would vote "Yes" on the Appropriation Ordinance.

Supervisor O'Gara stated that although he was not satisfied with the budget, he believed it was too important a matter on which to register such protest. He would vote as if his own were the one decisive vote. The City Departments cannot function if we do not approve the budget.

Thereupon, Supervisor MacPhee presented the following letter, which, at his request, was read by the Clerk:

May 25, 1942.

Board of Supervisors,  
City Hall, San Francisco.

Gentlemen:

In presenting the recommendations of the Finance Committee on the 1942-1943 budget, I wish to express my sincere appreciation to those who have contributed so much to bring about a complete and thorough analysis of the budget.

To Chief Administrative Officer Thomas A. Brooks, who appeared regularly at our meetings from 7:00 a. m. on and without whom our investigations would have been incomplete and whose unselfish cooperation was a source of extreme pleasure to the members of the committee.

The Controller, Harold Boyd, who recommended the procedure of complete investigation of every item by the Finance Committee.

To Administrative Assistant to the Mayor Dave Lewis, whose constructive criticisms and keen cooperation inspired the committee.

To Vincent Ryan and John Roper, of the Controller's office, who gave unstintingly of their time and effort.

To Sam Holton and Clerk Dave Barry of the Board of Supervisors, who gave freely of their time beyond the call of the duties of their office, and to Mrs. Dolen of the Civil Service Commission.

Also, especially to Supervisors Adolph Uhl and Dewey Mead, without whom a real, intelligent survey of the budget would not have been possible. Both of these men deserve a new and greater respect from the citizens of San Francisco as a result of their efforts.

Every item in the seventy-million dollar budget has been examined and although \$1,000,000 was reduced from the Mayor's recommendations, almost every reduced item was accepted by the department head. In the interest of time and efficiency, a booklet of the budget has been prepared, showing all reductions by the Mayor and Finance Committee.

Although it is understood and realized that the Board may not agree on all recommended reductions, it is hoped that the Super-

visors will support the recommendations of the Finance Committee wherever possible.

Respectfully submitted,

CHESTER R. MACPHEE, Chairman,  
Finance Committee.

Supervisor Uhl, in speaking about the Finance Committee's consideration of the budget, announced that he had never worked with anyone with whom he got along so well as with Supervisor MacPhee; he is quick on the trigger; he has an analytical mind. He cannot be praised too highly for the honest, earnest manner in which he carried out his duty as Chairman of the Finance Committee.

Supervisor Mead expressed agreement with statement by Supervisor Uhl. However, he had been unable to be present at all of the meetings, so full credit should be given to Supervisors MacPhee and Uhl.

#### Budget Disapproved

Thereupon, the roll was called and the budget for the fiscal year 1942-1943 was disapproved by the following vote:

Ayes: Supervisors Green, O'Gara—2.

Noes: Supervisors Brown, Colman, Gallagher, MacPhee, Mead, Meyer, Shannon, Uhl—8.

Absent: Supervisor Roncovieri—1.

#### Action Rescinded

Thereupon, Supervisor Mead, seconded by Supervisor Meyer, moved that the action just taken be rescinded.

Motion carried by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

Noes: Supervisor Brown—1.

Absent: Supervisor Roncovieri—1.

#### Renewal of Motion for Adoption of Budget

Thereupon, Supervisor MacPhee, seconded by Supervisor Mead renewed the motion for approval of the budget.

Supervisor MacPhee, speaking on his motion, announced that he did not agree with many things in the budget, but that the budget must be adopted, and it should be adopted by unanimous vote of the Board. The Finance Committee, he continued, has had a lot of "kicks in the face." The committee should have received a great deal more support in view of the work it had done. Now there should be unanimity of action. All differences should be buried and the budget should be adopted by unanimous vote.

Supervisor Brown, in explaining his views, stated that he sincerely believed that the votes he cast were cast in the best interests of the City and County of San Francisco, and not for any one group of taxpayers. He believed that a very serious error had been made in granting a number of salary increases in the budget, and he did not believe the taxpayers could collectively stomach the tremendous increased burden placed upon them.

Supervisor Colman, in reply to questioning by Supervisor Gallagher, stated that should the Board fail to adopt the budget, it would have to go over the matter again and come to a meeting of minds. In the past, he continued, he had voted for budgets in which he did not agree; he could not do that now.

Supervisor Brown, in discussing the budget further, stated that the major difference in this year's budget originally submitted by the Finance Committee over last year's budget, includes: Public Welfare Department, \$47,000; Bond Interest and Redemption, \$505,000; Sewer

Construction, \$269,000; Equipment, Fire Department, \$172,000; and many minor items ranging from \$50,000 to \$109,000. Among major increases are: Civilian Defense, increases in Fire Department, Health Department, Municipal Railway, etc. Non-recurring items total over \$1,000,000. In spite of that this budget is increased about \$1,500,000 over last year's budget. That means the budget represents some \$2,500,000 more than it should. It is an accomplishment that cannot be looked on with satisfaction by the people who have to pay the bills. Tax requirements from the federal government have been raised to a point where everyone will feel them very severely. City employees were very well dealt with last year. They received increased salaries which anticipated any increases in the cost of living. This year we have gone even farther. He believed himself justified in voting "No" on this year's budget.

Supervisor Colman, in explaining his views, stated: "There is nothing personal in my remarks. I am sincere when I compliment the attention to duty and the intelligent manner in which the Finance Committee has handled the budget. And I join in my appreciation of the splendid work of the various assistants. Notwithstanding that, however, I cannot go along with the budget. I feel we could have done a very much better job. I do not wish to slap the Finance Committee, or anyone else. I cannot make this unanimous by voting for it. I have to voice my dissatisfaction with the budget. I think the Finance Committee has failed to carry out its trust."

Supervisor Green stated that he felt that the Finance Committee had done very excellent work, and he would like to have the budget voted unanimously.

Supervisor Uhl announced that he had sat down in Finance Committee with a determination to cut the budget, and to reduce the tax rate. Relief demands are much lower than formerly, but Civilian Defense has skyrocketed. The Chairman of the Board voted for Civilian Defense. In conclusion, Supervisor Uhl announced his intention to vote against the budget, but inquired of the President just what his objections were.

Supervisor Mead announced that he agreed with Supervisor Uhl. However, he would go a bit farther than did Supervisor Uhl. Both Supervisors who have voted "No" on the budget voted for increases of salaries in the higher brackets, and they voted for many matters in the Civilian Defense budget. They cannot get around that. He could not understand why they should persist in voting "No" when in so many instances there was nothing else the Board could do. Since Supervisors Brown and Colman were insistent on voting "No," he too, would vote "No."

Supervisor Shannon stated that he could not recall any substantial amounts recommended by the Finance Committee that had been voted down by the Board; therefore, he failed to see where a "No" vote was a consistent vote. Neither did he recall any substantial amounts approved in the budget over the protest of the Finance Committee.

Supervisor O'Gara announced his intention to vote "No," and he hoped that the Board would be able to make changes in the budget that would be satisfactory to all members.

Supervisor MacPhee stated he would vote against the budget.

Supervisor Uhl again inquired as to just what the objections to the budget were, and he suggested that an itemization be made of those items. There was a considerable amount of money involved in salaries for institutional workers; he would vote for those salaries again, if called upon so to do. Supervisor Brown has stated, continued Supervisor Uhl, that there were many salary increases. Just what were those increases? The charter calls for salary standardization, which is now an accomplished fact, for which he would compliment Supervisor MacPhee. Any increases in the budget occasioned by salary standard-

ization should not be placed on the shoulders of the Finance Committee. Such criticism would not be fair or right.

Supervisor Colman, in reply, stated that if the Supervisors felt that the budget was good, they should pass it; if they felt it not to be good, they should not pass it. That should be the determining factor. However, there is no need for a unanimous vote on the budget; many budgets have been passed without unanimous vote.

Supervisor Shannon renewed his question previously put, and inquired directly from Supervisor MacPhee, Chairman of the Finance Committee, whether there were any recommendations of the Finance Committee, amounting to any material sums, which were voted down by six votes of the Board of Supervisors.

Supervisor MacPhee replied, stating that he would be glad to go over the budget later and furnish that information. There was one item, however, which he remembered distinctly, an amount of \$160,000 for reconstruction of Municipal Railway lines on Stockton Street, on which the Finance Committee had been overruled. That amount, however, was not reflected in the tax rate.

Supervisor Mead reminded Supervisor Shannon that the Board had increased the Finance Committee's recommendation for Publicity and Advertising.

Supervisor MacPhee then recalled that the Finance Committee had been overruled with respect to a number of items for Civilian Defense.

Supervisor Colman, in further explanation of the reasons for his disapproval of the budget, announced that he believed in standardization, but not in standardization that does not standardize. Every member of the Board, he continued, knows full well that telephone operators, stenographers, electric elevator operators, do not begin at anything like the wages paid in the city hall. This is not the time to standardize because wages are very high on the outside, no more than it is right to standardize at the depths of a depression. Wages now have gone up to a degree that everyone knows will not be maintained. The Chief Administrative Officer made a recommendation and stated very clearly that men whom he desired to replace would get positions on the outside and they had no work to do here. That is his responsibility and the Board of Supervisors ignored it. He admired the stand of Supervisor Shannon for the Richmond emergency hospital, but it is an unprecedented action for the Board to take against the recommendation of the chief of the department, and was most unwise. That means \$100,000. Many other similar matters would come to his mind. Such things represented a great deal of money. In view of such actions, and the way department heads have been ignored in their recommendations—those are the things that have influenced him to vote against the budget. However, he did not desire to criticize members in exercising their rights.

As to supporting the Finance Committee, he believed he had supported that committee as much, or perhaps more, than most members of the Board. Several hundred thousand dollars increase in the budget are due to salary raises. He objected to the wage approved for street car men, and asserted that no street car men in California receive \$7.00 per day for comparable work. Institutional workers are not paid such wages on the outside, and the charter forbids payment of wages higher than those on the outside. Street sweepers and others are to be paid overtime pay for work which is not really overtime, but for regular work.

Those were his reasons for voting "No."

Supervisor O'Gara, in explaining his own views, stated that he did not question the sincerity of Supervisor Colman, but pointed out that if the other members of the Board should refuse to vote for the budget simply because it did not meet with their entire approval, there would be no budget. The budget must be approved, and the President knows that it would be very misleading, and would make some of us appear

as rascals for voting for a budget to which he was opposed. For that reason he would, in spite of the request by the Controller not to recess, move that the Board recess, to reconvene at 5:00 p. m. to consider any amendments that might be proposed by the President and by Supervisor Brown, unless the Supervisors are prepared to present such amendments immediately. He, himself, Supervisor O'Gara stated, had always tried to vote conscientiously on each matter. Now since his views have not prevailed in all cases he must take it as sportsmanly and as good government and good business to get the budget passed.

Motion to recess seconded by Supervisor Gallagher.

Supervisor Shannon pointed out that there was a motion before the Board, to which Supervisor O'Gara's motion was not germane.

Whereupon, the Chair ruled that there was a motion before the Board to adopt the budget. While that motion was pending, the Board could not recess.

The Controller, in addressing the Board, pointed out that the Board had completed its deliberations on a \$70,000,000 budget. Of that \$70,000,000, \$50,000,000 is beyond the ability of the Board to change in any way. Fourteen million dollars, or 20 per cent of the total budget, is for bond interest and redemption. Twelve million dollars is for the school department, over which the Board has no power. That is about 16 per cent of the entire budget. Salary standardization has been adopted, and that is beyond the power of the Board to change in the immediate future. Apart from standardization of salaries, the total payroll is \$24,000,000 only, or more than 33 $\frac{1}{3}$  per cent of the budget. Many salaries are set by the charter itself. There is about 70 per cent of the budget which the Board can not readily change, and of the remaining 30 per cent there is a great deal that the Board would not want to change. There is very little in the Department of Public Health that the Board would want to change, and nothing in Civilian Defense. If the Board is going to review the budget it is well that it recognizes now that the field of its function keeps narrowing and narrowing. The City Attorney has already informed the Board that this budget, in order to be a legal budget, must be adopted by the 26th day of May, and there are now only 16 hours left of the 26th day of May. There might be as much as four hours left if the Board desires to come back to struggle through the little bit of steadily narrowing amount of money over which it has jurisdiction. The practical thing would be for the Board, by majority vote, to adopt the budget now and let the clerical work that must be done be stated so that the budget can be printed.

Thereupon, Supervisor Gallagher raised a point of order. Supervisor O'Gara has moved that the Board recess to a time certain. That motion has been seconded.

Supervisor Brown stated he desired to raise a point of personal privilege. He was sure, he stated, that the Controller had no individual in mind when he was speaking. "I want to make the members of the Board know," continued Supervisor Brown, "that I tried to vote sincerely on this matter. I think the record will show how I have voted on each individual item. My vote on the full budget is in conformity with my vote on the individual items. My vote has been cast the way I feel."

Supervisor Colman, in further brief remarks, stated his conscience was his guide and he did not care what might be thought of him as long as he felt he was right.

Mr. David Lewis, in reply to questioning, stated that there is an increase in the budget of about one million dollars.

Supervisor Uhl thereupon announced that he would move to amend the motion to recess until 1:30 p. m. instead of until 5:00 p. m. Motion seconded by Supervisor Gallagher.

Thereupon, Supervisor Shannon called attention to the fact that

Supervisor Gallagher, having seconded the original motion, could not second the motion to amend.

The Chair declared the point of order well taken, and ruled that the motion to amend was lost for want of a second.

Whereupon, the roll was called and the motion to recess until 5:00 p. m. was defeated by the following vote:

Ayes: Supervisors Gallagher, O'Gara, Meyer—3.

Noes: Supervisors Brown, Colman, Green, MacPhee, Mead, Shannon, Uhl—7.

Absent: Supervisor Roncovieri—1.

Thereupon, Supervisor O'Gara suggested that if Supervisors Colman and Brown had any amendments to offer, that they do so. If the amendments are good, he would vote for them. An effort should be made for the Board to agree on the budget.

Thereupon, Supervisor Colman announced that he would vote for many of the salary amendments. However, he would ask that Supervisor Shannon's proposal for the Richmond emergency hospital be amended.

Supervisor Brown suggested a motion that it be the sense of the Board that the pay raises granted to institutional help be stricken from the budget. They amount to about \$150,000.

Supervisor MacPhee held that Supervisor Brown was wrong, and the raises for institutional help did not amount to more than \$60,000, if that much.

Supervisor Colman declared that a statement was made by Mr. Henderson that there are no carmen in California receiving \$7.00 per day for two-man car operation.

Supervisor Mead asserted that such statement, if made, was incorrect.

Supervisor Colman suggested that the Board delete the \$17,310 retained in the budget against the recommendation of the Chief Administrative Officer.

Thereupon, Supervisor Uhl renewed his motion to recess until 1:30 p. m., stating that in the meantime he desired information as to what the tax rate would be. Motion seconded by Supervisor Gallagher.

Motion failed by the following vote:

Ayes: Supervisors Gallagher, Uhl—2.

Noes: Supervisors Brown, Colman, Green, MacPhee, Mead, Meyer, O'Gara, Shannon—8.

Absent: Supervisor Roncovieri—1.

Supervisor Gallagher, seconded by Supervisor MacPhee, moved that the Board recess for ten minutes.

Motion carried by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—9.

No: Supervisor Brown—1.

Supervisor Mead called attention to pending motion by Supervisor MacPhee, to approve the budget, and moved a call of the Board. Motion seconded by Supervisor Uhl.

Chair, however, ruled that the Board was in recess, and so could not conduct any business.

## TUESDAY, MAY 26, 1942, 5:30 P. M.

The Board of Supervisors reconvened pursuant to recess.

The roll was called and the following Supervisors were noted present: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—10.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee moved that no members of the Board be allowed to leave the chambers until after the budget had been approved, and that a guard be stationed at the door to prevent anyone from leaving. Motion seconded by Supervisor Uhl.

However, motion was not pressed and no action taken thereon.

Thereupon, Supervisor MacPhee called for a vote on his motion to approve the budget.

Motion failed by the following vote:

Noes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—10.

Absent: Supervisor Roncovieri—1.

Supervisor Brown announced that salary standardization raises total some \$260,000, and moved that it be the sense of the Board that in the final consideration of the budget, items making up these increases in the budget be removed. Motion seconded by Supervisor Colman.

The Chair announced that the motion was in order, but it would have to be followed by proper legislation to bring about the desired effect. The approval of the motion, continued the Chair, in reply to question by Supervisor Shannon, would eliminate all salary increases due to salary standardization.

Whereupon, Supervisor Shannon pointed out that such action would be contrary to the charter.

The Chair agreed, but at the same time stated that there was a difference of opinion as to the kind of standardization that the Board had adopted.

Supervisor Brown announced that should the motion carry, he would undertake to single out the separate raises which would be eliminated.

Thereupon, the roll was called and the motion failed by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Absent: Supervisor Roncovieri—1.

Supervisor Brown, seconded by Supervisor Colman, thereupon moved that it be the sense of the Board that \$150,000 granted institutional workers be deleted from the budget.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Absent: Supervisor Roncovieri—1.

Supervisor Uhl moved to reduce the amount in the Mayor's Emergency Reserve Fund by \$100,000. Motion seconded by Supervisor Gallagher.

### Explanations of Votes

Supervisor Colman, in explaining his vote, announced his opposition to the motion. The Board has already cut that appropriation, and this proposed reduction would be taking too much away, and would be very unwise.

Supervisor Brown announced that he had already voted to reduce the Mayor's Emergency Reserve Fund \$164,000, and he believed, as did Supervisor Colman, that the fund should not be reduced more.

Thereupon, the roll was called and the motion to reduce the Mayor's Emergency Reserve Fund by \$100,000 failed by the following vote:

Ayes: Supervisors Gallagher, Uhl—2.

Noes: Supervisors Brown, Colman, Green, MacPhee, Mead, Meyer, O'Gara, Shannon—8.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee moved that the Publicity and Advertising Fund be reduced to \$150,000.

Supervisor Mead moved, as an amendment to the motion, that the entire amount set up in the Publicity and Advertising Fund be deleted. Supervisor MacPhee agreed to the amendmnt.

Supervisor Colman, in explaining his vote, stated that the Publicity and Advertising Fund was necessary, and a great deal of good would come from it, and if possible, it should be larger. The money, under the direction of the Chief Administrative Officer, is very well handled. He would vote against elimination.

Supervisor Uhl pointed out that the Chief Administrative Officer, before the Finance Committee, had stated that he wished the entire amount could be wiped out. That would save him a lot of grief and trouble.

Supervisor Shannon opposed the motion. The Publicity and Advertising Fund is absolutely necessary at this time. San Francisco has been advertised around the country as the city that has been "blacked out." Newspapers of the East carry stories that theaters are closed. This fund is ridiculously petty against the Los Angeles fund of a million dollars.

Supervisor Brown, in explanation of his vote, stated that Supervisor Colman had already expressed his views.

Thereupon, the roll was called and the motion to eliminate the entire Publicity and Advertising Fund failed by the following vote:

Aye: Supervisor Mead—1.

Noes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Meyer, O'Gara, Shannon, Uhl—9.

Absent: Supervisor Roncovieri—1.

Supervisor Gallagher moved that the Publicity and Advertising Fund be reduced to \$200,000.

Motion failed by the following vote:

Ayes: Supervisors Gallagher, Green, Uhl—3.

Noes: Supervisors Brown, Colman, MacPhee, Mead, Meyer, O'Gara, Shannon—7.

Absent: Supervisor Roncovieri—1.

Supervisor Gallagher, in commenting on the series of motions just made, and defeated, stated that he felt the Board was wasting its time. It is apparent, he continued, that no one wants to accept any amendments. He, himself, felt that the Publicity and Advertising Fund, at this time, was a non-essential, and \$200,000 was more than ample for advertising and publicity at this time. California is well advertised all over the United States.

Supervisor Colman announced that he would agree to a reduction in that amount of \$70,000.

Supervisor Brown called attention to an appropriation of \$17,310 for salaries, in the Bureau of Engineering, Department of Public Works, and moved that the Board reconsider its action and vote by which that item had been approved. Motion seconded by Supervisor Colman.

Supervisor Gallagher reminded the Board of the Chief Administrative Officer's statement that he intended to lay off the men affected on July 1st. If he does so, the money will remain in the General Fund anyway.

Supervisor Meyer opposed the motion, stating he would not vote to put any man out of a job.

Thereupon, the roll was called and the motion was defeated by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Uhl—7.

Absent: Supervisors Roncovieri, Shannon—2.

Supervisor Colman, following the action of the Board on the foregoing series of motions, announced that the members of the Board who had voted "Yes" on the various appropriations in the budget, should, logically, vote in favor of the budget. He and Supervisor Brown had voted consistently against the items they did not approve, and so should vote against the budget. There could be no denying of such statement, Supervisor Colman concluded.

Supervisor MacPhee, in reply to Supervisor Colman, stated: "I am not in favor of the entire budget, but I am willing, for the sake of good sportsmanship, to go along with the budget. However, I will not so vote until you and Supervisor Brown vote for it. I will stay here until Hell freezes over."

Supervisor Uhl moved that the budget of the City Planning Commission be reduced by \$30,000. Motion seconded by Supervisor Gallagher.

Supervisor MacPhee, speaking on the motion, stated that if he felt that the budget would be approved by such reduction, he might feel inclined to vote for the motion. However, he believe it would be an idle act to cut out any items unless such deletions or reductions would result in some good.

Supervisor Mead agreed with the views expressed by Supervisor MacPhee, stating that there was no assurance that members would change their opinions.

Supervisor Colman, in further comment on the proceedings, stated that there were eight members of the Board who can vote for the budget if they wish. To refuse to vote for the budget indicated lack of faith in their own judgment.

Supervisor O'Gara, thereupon, stated that he had heard the Chair repeatedly urge the other members of the Board to vote for the budget. He could not see why Supervisor Colman should urge that and at the same time insist on voting against the budget himself. Any further voting on motions for reductions of appropriations, or deletions, would, he believed, be but a waste of time. The Chair has suggested that instead of voting against the budget, we might explain our votes, and then vote for the budget.

Supervisor Brown announced that he had made his statement concerning the budget. However, he would vote for the appropriation ordinance.

Whereupon, Supervisor Shannon pointed out that Supervisors Brown and Colman would be willing to vote to appropriate money for a budget which they disapproved.

Supervisor Shannon also pointed out that appropriation items for Civilian Defense, including bond interest, mean 25 cents in the tax rate, which is directly due to the war. Except for Civilian Defense,

which probably no member of the Board would touch, the tax rate would be 25 cents lower.

Supervisor Brown announced that he would explain his vote at the proper time. However, in the matter of the appropriation ordinance he would make a personal sacrifice so the machinery of the government could go along.

### RECESS

Thereupon, Supervisor Brown moved that the Board recess for ten minutes. Motion seconded by Supervisors Green and Mead.

No objection, and so ordered.

### Reconvening of Board

The Board of Supervisors reconvened pursuant to recess.

### Discussion

Supervisor Colman, in further discussion of the budget, stated that Supervisor Brown and he both felt they had a perfect right to vote against the budget, but that after the budget shall have been passed, they would vote for the appropriation ordinance. Supervisor Colman then suggested that a motion to recess until 1:30 p. m. would be in order.

Thereupon, Supervisor Gallagher moved that the Board recess until 1:30 p. m.

Supervisor MacPhee opposed the motion to recess.

The Clerk called attention to motion by Supervisor Uhl, to reduce the budget of the City Planning Commission by \$30,000. That motion was still pending.

Thereupon, the roll was called and the motion to reduce the budget of the City Planning Commission by \$30,000 failed by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, O'Gara—4.

Noes: Supervisors Green, MacPhee, Mead, Meyer, Shannon, Uhl—6.

Absent: Supervisor Roncovieri—1.

Supervisor Uhl thereupon suggested that the appropriation for WPA be cut \$100,000; Mayor's appropriation (Emergency Reserve Fund) be reduced by \$50,000; Publicity and Advertising be reduced by \$70,000; Surveyors in Bureau of Engineering, \$17,310 be eliminated; and then from some other source sufficient amount could be eliminated or reduced to make a total reduction in the budget of \$350,000. He would go along with some such changes.

Supervisor Mead, however, urged that before any motion for proposed reductions be made, that a commitment be made by the two Supervisors who were objecting to the budget that they would then go along with the budget.

Supervisor Colman suggested that the Mayor's Emergency Reserve Fund be not reduced, but that a reduction of \$300,000 in the budget be made.

### RECESS

Thereupon, Supervisor MacPhee suggested that the Board recess for fifteen minutes in order that the Finance Committee might give consideration to and bring in recommendations based on Supervisor Uhl's suggestion.

No objection, and so ordered.

### Reconvening of Board

The Board of Supervisors reconvened pursuant to recess.

After the Board had reconvened, Supervisor Mead announced that in order to pacify Supervisors Brown and Colman the Finance Committee had agreed to make certain recommendations which it had pre-

viously refused to make. The Finance Committee suggested a reduction of \$35,000 in the WPA appropriation. The committee was suggesting, also, the elimination of the \$17,310 for Surveyors in the Bureau of Engineering.

Supervisor Gallagher suggested that the Board recess until 12 o'clock, noon, and that in the meantime Supervisors Colman and Brown meet together and return to the Board of Supervisors and show where cuts in the budget can be made.

Supervisor Mead expressed agreement with Supervisor Gallagher's suggestion, in part, but not to recess until noon. There was, he believed, an obligation for Supervisors Brown and Colman to submit proposals for reductions.

Supervisor Brown, in reply, pointed out that proposals for reductions had been submitted, but had been voted down.

Supervisor O'Gara, thereupon, announced that he had in mind several items for reduction or elimination. The items were: \$35,000 off the WPA item; \$30,000 from the City Planning Commission; \$107,000 for Richmond Emergency Hospital; \$17,310 for Surveyors; \$20,000 from Publicity and Advertising; \$15,000 from Civilian Defense; \$50,000 from Mayor's Emergency Reserve Fund.

Supervisor Colman, in commenting on the foregoing suggestion, stated that he felt the principal item of objection was one that it is too late to do anything about. That is the increase in salaries. However, in that matter, he and Supervisor Brown would become hopelessly involved, and probably could not prevail. That would still be a reason for voting against the budget, but, he now felt, it would be unreasonable, under the present conditions, to do anything about it. That leaves only the items mentioned by Supervisor O'Gara. However, Supervisor Colman continued, he and Supervisor Brown did not consider themselves in any way responsible for items in the budget which they had been opposing, and they did not believe they had blocked passage of anything that six votes could pass. The reason these items have been selected is that both the appropriations for surveyors and for the hospital were made against the recommendations of the department heads. The Publicity and Advertising Fund was suggested by the Finance Committee, and he, Supervisor Colman had supported that recommendation, although that recommendation had not carried. The reduction of \$35,000 from the WPA item appears to leave a reasonable amount there. These reductions are reasonable. However, had Supervisor Brown's and his own votes prevailed, the budget might have been reduced by several hundred thousand dollars more. Under the circumstances, if these reductions should be made, he would vote for the budget. The suggested eliminations or reductions to which he and Supervisor Brown are agreed, are: Publicity and Advertising Fund, reduction of \$20,000; Hospital, \$107,000; Surveyors, \$17,000; WPA fund, \$35,000; a total of \$179,000.

Supervisor O'Gara, in commenting on the foregoing suggestions, stated that there were two items in which there seems to be agreement. Those are Publicity and Advertising Fund and WPA reductions. He would suggest a reduction of \$30,000 from the City Planning Commission budget rather than the \$17,000 appropriation for the surveyors.

Supervisor Mead announced that he did not believe any reduction should be made in the City Planning Commission budget until that commission had been given the opportunity to show what it could do. He was not prepared to go along with all the items recommended. However, he would be willing to delete the \$17,000 for surveyors provided it is stipulated that the Clerk be instructed to send a communication to the men affected, or to their organization, advising them just exactly what brought the condition about.

Thereupon, Supervisor MacPhee announced that he would move that the items in question be taken up seriatim.

Supervisor Mead, thereupon, requested that before the items were considered that Supervisors Brown and Colman assure the Board that if the deletions should be approved, they would agree to vote to adopt the budget.

Supervisor Brown announced that he would vote "Aye" on the budget, and would then have a statement to make.

Supervisor Colman had previously announced his intention to vote "Aye."

Thereupon, Supervisor MacPhee moved that the appropriation for WPA be reduced from \$110,000 to \$75,000, a reduction of \$35,000.

No objection and so ordered.

Supervisor MacPhee moved that the item for Surveyors, Department of Public Works, in amount of \$17,310, be eliminated.

Supervisor Brown suggested that if there was to be a roll call on the foregoing item, there should be a roll call on all items to be considered.

Thereupon, Supervisor MacPhee, seconded by Supervisor Shannon, moved that the Board reconsider its action whereby reduction of \$20,000 in the Publicity and Advertising Fund had been approved.

No objection, and action reconsidered.

Whereupon, Supervisor MacPhee moved that the appropriation for Advertising and Publicity be reduced from \$320,000 to \$300,000, a reduction of \$20,000.

Motion carried by the following vote:

Ayes: Supervisors Colman, Gallagher, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—8.

Noes: Supervisors Brown, Green—2.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee moved that the appropriation for WPA be reduced from \$110,000 to \$75,000, a reduction of \$35,000.

No objection, and so ordered.

Supervisor MacPhee, seconded by Supervisor Gallagher, moved that the appropriation of \$17,310 for Surveyors, Bureau of Engineering, be eliminated.

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Meyer, O'Gara, Uhl—7.

Noes: Supervisors Green, Mead, Shannon—3.

Absent: Supervisor Roncovieri—1.

Supervisor MacPhee announced that he had voted "Aye" under protest.

Supervisor MacPhee, seconded by Supervisor Colman, moved that the appropriation of \$107,000 for the Richmond Emergency Hospital be deleted.

Supervisor Shannon, in explanation of his vote, stated: This is a hard pill to swallow. The people of the district have looked forward to this hospital. He would vote "No."

Supervisor Green announced that he believed the hospital was an absolute necessity, and he would vote against deletion of the item. He did not believe any of these suggested deletions or reductions should be approved.

Thereupon, the roll was called and the foregoing motion was carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, MacPhee, Meyer, O'Gara, Uhl—7.

Noes: Supervisors Green, Mead, Shannon—3.

Absent: Supervisor Roncovieri—1.

### Approval of Budget

Supervisor MacPhee, seconded by Supervisor Gallagher, moved approval of the budget.

### Explanation of Vote

Supervisor Brown, before answering to his name on roll call, explained his vote as follows: "As the Board knows, I have consistently voted against salary items and against many of the budget increases, having registered my vote, not only by that means but in the course of subsequent debate. As I recognize the budget as the vehicle by which the city's funds are made available, I will vote in favor of the budget as finally amended."

Thereupon the roll was called and the budget was approved by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Shannon, Uhl—10.

Absent: Supervisor Roncovieri—1.

### Passage for Second Reading

Supervisor MacPhee, thereupon, moved that the Annual Appropriation Ordinance be passed for second reading.

Before voting on the Annual Appropriation Ordinance, Supervisor Mead was assured by the Controller that provision for payment of overtime for per diem men was not included in the Annual Appropriation Ordinance. However, it would be in the Annual Salary Ordinance.

Thereupon, the Annual Appropriation Ordinance was taken up and passed for second reading by the following vote:

BILL No. 1729, Ordinance No. 1650 (Series of 1939), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1943.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1943, are hereby appropriated to the several funds or departments as enumerated herein. Each department for which an expenditure appropriation is herein made is hereby authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, in the manner provided by law.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available for expenditure the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for Collection of Rents (Real Estate Department), Tearing Up Streets, Inspection Fees (Engineering), Advertising Fees (Engineering), and Camp Mather (Recreation Department).

In connection with the operation of Camp Mather (Recreation Department) the Controller is authorized to establish an account for depositing revenues which are applicable to the ensuing fiscal year; said revenues shall be carried forward and become a part of the funds available for appropriation in said ensuing fiscal year.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for such department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of apportionment, an additional allotment

for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the Annual Salary Ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available for the compensation of the appointee, and the Mayor shall approve the appointment.

Appointing officers shall not make appointments to seasonal or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonal or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds, Revolving Funds, and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding amounts deposited in the treasury in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

#### Adopted

(Called out of Police Committee on motion of Supervisor Brown.)

Mayor Requested to Call Meeting of Citizens Committee for the Purpose of Organization of the San Francisco Home Guard  
(Series of 1939)

Resolution No. ...., as follows:

Whereas, It is generally recognized that in the event of the invasion of the Pacific Coast, it is probable San Francisco will be among the first cities to be attacked; and

Whereas, Due to its exposed position, our City is exceedingly vulnerable to such attack by enemy forces; and

Whereas, Although Civilian Defense has been adequately organized to take care of non-combatant types of resistance to attack, no provision has thus far been made to augment with local effort the combatant forces which will be opposed to the enemy; and

Whereas, Large numbers of San Francisco citizens have been and will be non-qualified through disability, age, or other basis for deferment, to become members of the military forces of the United States; and

Whereas, Such non-qualified citizens are nonetheless capable of taking part in home defense; now, therefore, be it

Resolved, That the Board of Supervisors does hereby heartily endorse the creation of a Home Guard for San Francisco, said Home Guard to be made up entirely of San Francisco residents and citizens, who are not qualified for active service in the Armed Forces of the United States; and said Guard to be employed solely in augmenting the defense of the City of San Francisco in the event of invasion of this immediate territory by enemy forces; and be it

Further Resolved, That the Mayor is requested to call a meeting of a Citizens Committee for the purpose of organization of the San Francisco Home Guard.

(Series of 1939)

Bill No. 1734, Ordinance No. \_\_\_\_\_, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1943; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation thereof, and fixing compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year, and for temporary positions; and providing for the method of making effective retitling and reclassifications of positions by the Civil Service Commission pursuant to Section 141 of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1943. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized, subject to the provisions of this ordinance, to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such temporary or seasonal positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. The requisition for such service shall first be filed with the Civil Service Commission and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the pro-

Before the filling of any vacated position shall be approved, the Civil Service Commission shall make an investigation of the necessity for such position. A copy of the report of such investigation shall be filed with the Mayor and the Board of Supervisors and such report shall be made by the Commission within thirty days after the Commission is notified of such vacancy, and in the meantime a temporary appointment to said vacancy may be made. The Mayor may approve or disapprove the filling of such vacancy. In the event that the Mayor does approve the filling of such vacancies he shall make a report as to his reasons to the Board of Supervisors. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1942-43 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the Department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present occupants of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid the entrance salary or wage fixed for such position in the schedule of compensations adopted by the Board of Supervisors pursuant to the provisions of Section 151 of the Charter, or if no schedule of compensation has been adopted by the Board of Supervisors for the classification to which said position is allocated or classified, the person appointed to such position shall, pending adoption by the Board of Supervisors of a schedule of compensation for such position, receive the entrance salary or wage proposed by the Civil Service Commission for such position and shall remain at the said entrance rate during the current fiscal year; provided, however, that an employee holding permanent appointment under the same appointing officer may be advanced, on the recommendation of the appointing officer and in order of seniority and subject to the approval of the Civil Service Commission to the salary fixed in this ordinance for any vacated position of his classification, but in no case to exceed the amount fixed for his position in the above mentioned schedule of compensation in accordance with his years of service; and provided further, that persons who have acquired permanent status in a position other than those on military leaves of absence, who are re-employed in the same positions after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract. The compensations herein fixed on a per diem basis are for 8 hours' work.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the

compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter include the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

**Urging Mayor, Chief Administrative Officer and Director of Public Works to Devise Ways and Means to Provide Watering Troughs and Hitching Posts Throughout San Francisco for the Welfare and Comfort of Horses.**

(Series of 1939)

Resolution No. ...., as follows:

Whereas, The conservation program brought about as a result of the war demonstrates with poignance, among other human frailties, the fickle character of mankind and this with particular reference to our equine friend and benefactor, and

Whereas, Tire rationing, gasoline rationing and the possibility of automobile requisitioning are the measures which focus public conscience upon this sad commentary and, history repeating itself, evoke blatantly the cry: "A horse, a horse, my kingdom for a horse," as the bleaters, sans the blush which even the most elastic conscience should provoke, suddenly profess a heartfelt concern and undying friendship for the Dobbin they had formerly relegated to desuetude and/or looked upon with slight or slighting regard depending upon his position at the finish line, and

Whereas, Cognizant of the sorry lot which has been that of the horse; with a desire to provide for his safety and protection and in some small measure to mitigate the affront which he has so long borne without having raised his voice in a single nay, this Board of Supervisors does hereby

Resolve, That His Honor the Mayor, the Chief Administrative Officer and the Director of Public Works be and are hereby respectfully urged to devise ways and means to immediately provide, at suitable locations, throughout our fair city, watering troughs and hitching posts for the welfare and comfort of the conquering hero, the horse.

### Requesting Board of Education to Consider Delay of One Week in Commencement of School Children's Vacation

(Series of 1939)

Supervisor Green presented Resolution No. .... as follows:

Whereas, Thousands of San Francisco's school children will embark on their summer vacation commencing June 19 and ending August 31, 1942, and

Whereas, Many of them, along with their parents and friends, will undoubtedly disport themselves at the various summer resorts for which the State of California is so well known, and

Whereas, It is essential, propitious and in consonance with the fundamental principles of National Defense that recreational proclivities be made a component part of our every-day life, and

Whereas, It has been suggested that the Board of Education give favorable consideration to the proposition that the summer vacation period be delayed one week from June 19th so that the termination of such vacation period may extend beyond the Labor Day holidays, thus providing additional time for recreation, and

Whereas, Favorable action by the Board of Education will achieve a four-fold purpose, to-wit:

- (a) Contribute materially to the financial stability of the recreational centers
- (b) Contribute materially to the financial stability of the community in which the summer resorts are located
- (c) Provide a basis on which to build everlasting goodwill and friendship between San Francisco and the various counties
- (d) Faithful compliance with the letter and spirit of National Defense

now, therefore, be it

**Expressing Confidence in Mayor Rossi as a Patriotic, Loyal  
and Conscientious Citizen of the United States**

(Series of 1939)

Supervisor MacPhee presented Resolution No. .... as follows:

Whereas, On many occasions this Board of Supervisors or its individual members have disagreed with or disapproved of the administration of the municipal government by his Honor the Mayor and in all probability this Board or its individual members when in its or their opinion the expediency warrants, will continue to differ with the Mayor, and

Whereas, Regardless of the honest differences of opinion which have and undoubtedly will continue to exist between the Mayor and the Board of Supervisors or its individual members there never has been felt, by the members of the Board toward the Mayor, anything but profound respect for his integrity as well as for his loyalty to and abiding faith in the United States of America and its institutions, and

Whereas, His Honor Angelo J. Rossi, Mayor of the City and County of San Francisco has recently been the subject of much discussion and controversy in connection with the question of his patriotism and loyalty to the United States of America, and

Whereas, This unfortunate incident has received widespread publicity, the inferences from which are adverse to the best interests of the City and County of San Francisco and derogatory of his Honor the Mayor, and

Whereas, It is the considered and unbiased opinion of this Board of Supervisors that the hearing before the Interim Committee of the State Legislature failed to disclose one scintilla of evidence to demonstrate that Mayor Rossi is or has been anything but patriotic, loyal to, and a good citizen of the United States of America, now, therefore, be it

Resolved, That this Board of Supervisors cognizant of the hysteria and prejudices with which the human mind may be pervaded, particularly in war times, takes this opportunity to express publicly and without reservation its complete confidence in Mayor Angelo J. **Authorizing Public Utilities Commission to Enter into Lease With Market Street Railway Company for Acquisition of its Transportation Facilities, with an Option to Purchase.**

(Series of 1939)

Bill No. 1741, Ordinance No. ...., as follows:

Authorizing Public Utilities Commission to enter into lease with Market Street Railway Company for Acquisition of its Transportation facilities, with an option to purchase.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Resolution No. 5076 of the Public Utilities Commission, adopted May 25, 1942, the said Commission is hereby authorized and directed to enter into a lease with the Market Street Railway Company which lease shall, among other things, provide for the acquiring of the use of all the operating properties of the said company, including, but not limiting the same to lands, rights of way, street cars, buses, tracks, trolleys, car barns, power lines, transmission lines, underground conduits, and all appurtenances and other proper-

ties required in the operation of the Market Street Railway Company transportation system in the City and County of San Francisco and in the County of San Mateo.

Section 2. Said lease shall forthwith provide that the term thereof shall be for a period not to exceed seven years, at annual rentals to be agreed upon, which total rentals shall not exceed, for the period stated, the sum of \$11,535,000, and which lease shall provide that the City shall have the option at any time within the term of the lease to have the rentals paid for the use of the properties apply as payment for the purchase price of the said transportation system.

Approved as to form by the City Attorney.

*The above matter is presented by the Joint Finance and Public Utilities Committee with the recommendation that it be made a special order of business for 3:30 P. M.*

#### Committee of the Whole

Supervisor Shannon, seconded by Supervisor Mead, moved that the Board resolve itself into a committee of the whole, the President of the Board to act as Chairman.

No objection, and so ordered.

Mr. E. G. Cahill, Manager of Utilities, explained the proposed Lease Purchase Plan for the acquisition of the Market Street Railway Company's Operative Properties, reading to the Board communication from Mr. Samuel Kahn, President of the Company, addressed to Mayor Angelo J. Rossi, and informing that he would recommend to his Board of Directors and Stockholders, an offer of \$8,350,000 for the acquisition of the Market Street Railway Company operative properties under a lease-purchase plan.

Mr. Adolph Petry, representing Haight-Fillmore District Inc., opposed the proposed lease-purchase plan.

Mr. Carroll Newburgh, President of Central Council of Civic Clubs, and Mr. E. Pfeffel, of the Market and Guerrero Streets Improvement Club, requested postponement of at least two weeks, in order that their respective clubs might study the proposed plan and be in a position to make recommendations thereon.

#### In Hands of the Board

Thereupon, on motion by Supervisor Brown, the matter was taken into the hands of the Board.

#### Committee of the Whole Arises and Reports

Supervisor Shannon moved that the Committee of the Whole arise and report to the Board of Supervisors.

No objection, and so ordered.

During the discussion following, various reports were presented, some of which were read, and were ordered printed for distribution to interested citizens, and made part of the record.

Supervisor Brown, after announcing that it seemed clear that the people of San Francisco had been inadequately advised as to the nature of the Board's deliberations, and that no action should be taken without giving them the opportunity to be heard, and he would, therefore, move that action be postponed for one week, and be made a Special Order of business for Monday, June 15, 1942, at 2:30 P. M.

Motion seconded by Supervisor Roncovieri.

Supervisor O'Gara, however, moved as an amendment to the motion, that further consideration be postponed for two weeks, and be made a Special Order of business for Monday, June 22, 1942, at 2:30 P. M.

Motion seconded by Supervisor Gallagher.

Supervisor Brown accepted the amendment to his motion.

Supervisor O'Gara, in discussing the motion for postponement stated he did not question Mr. Cahill's views that the proposed lease-purchase

plan was the thing to be effected, but he desired the Clerk to notify all civic organizations of the matter and to invite them to send representatives to the Board to present their views on the matter. He also requested that the Clerk obtain from the City Attorney, an opinion as to just what authority Mr. Fred Meyer, Administrator of Local Transport in San Francisco, has with respect to transportation in San Francisco.

Supervisor Roncovieri moved that during the two weeks period of postponement, all the documents that have so far been presented on the subject be printed, and made available to all interested civic organizations and citizens.

Supervisor Roncovieri, seconded by Supervisor Green, moved that statements presented to the Board be submitted to the Controller, for check by him as to the accuracy of the figures shown therein.

No objection, and so ordered.

Supervisor MacPhee announced that he had no particular opposition to the consolidation of the Market Street and Municipal railways. He believed, though, that the Mayor, the Public Utilities Commission and the Manager of Utilities were sold on the idea that the plan proposed was the right thing to do. Although he, Supervisor MacPhee, was not at this time prepared to offer a different plan, he was not in agreement with the proponents of the proposed plan, and he would suggest that during the two weeks before the matter was again before the Board, that the Public Utilities Commission give study to some other plan.

In reply thereto, Mr. Cahill agreed that the fundamental thing is that the two roads should be consolidated. The only difference is as to the methods to arrive at the conclusion desired by both sides to this controversy. He had done his best, and so had the Mayor, in presenting a plan to the Board. If any one has a better plan, however, the Board will receive the full cooperation of the Mayor, the Public Utilities Commission, and of himself.

Thereupon, no objection being made, further consideration of the proposed lease-purchase plan was postponed until Monday, June 22, 1942, at 2:30 P. M.

Following are statements heretofore presented in connection with the foregoing discussion:

Honorable Angelo J. Rossi, Mayor  
City and County of San Francisco  
City Hall, Civic Center  
San Francisco, California

Dear Mr. Mayor:

You have asked me to indicate the amount which I would be willing to recommend to the Board of Directors and the Stockholders of the Market Street Railway Company, for approval, as the minimum cash price for its operative properties for sale to the City and County of San Francisco.

In my letter to you of May 21, regarding acquisition of the properties at the termination of the proposed lease, I pointed out that the payments to the Company for its operative properties would aggregate \$8,350,000.00.

Upon advice from you, to be received during the current calendar

year, that the City has authorized the purchase of the said properties, for the amount mentioned above, I will recommend the offer to the Board of Directors and the Stockholders. Any sale would require the approval of the Railroad Commission of the State of California.

Very truly yours,

May 21, 1942

Honorable Angelo J. Rossi, Mayor  
City and County of San Francisco  
City Hall, Civic Center  
San Francisco, California

Dear Mr. Mayor:

This letter will confirm the understanding reached with you, Mr. Cahill and Mr. O'Toole at the City Hall on Monday, May 18th, 1942 in regard to the proposed lease and ultimate acquisition of the operative properties of the Market Street Railway Company by the City and County of San Francisco.

I am prepared to recommend for the consideration of the Board of Directors and the Stockholders of the Market Street Railway Company and to the Trustee of the First Mortgage 5% bonds due April 1, 1945 of the Market Street Railway a proposal that the Company lease all of its operative properties—a list of which is to be furnished—to the City and County of San Francisco for a period of seven years beginning January 1, 1942.

I shall not attempt to outline comprehensively herein all of the terms and conditions of the proposed lease since the provisions of such a document must be necessarily worked out by our counsel in conjunction with the City Attorney. Among other things, however, the lease will provide that the City shall pay to the Company as rentals during each year of the lease the amounts listed as follows:

1943.....	\$ 2,000,000.00
1944.....	2,000,000.00
1945.....	1,520,000.00
1946.....	1,520,000.00
1947.....	1,520,000.00
1948.....	1,520,000.00
1949.....	1,454,415.72

Total .....\$11,534,415.72

The rentals for each calendar year, mentioned above, will be paid in twelve equal monthly installments on the first of each month. Provision will be made whereby the City may anticipate rental payments if it should desire to do so.

We have estimated that from the aggregate amount of rentals the Company would be able to pay all interest on its bonds and other interest bearing obligations, as outstanding from time to time, and amounting during the current year to \$320,000.00; to pay its property taxes to the City now amounting to \$215,000.00 annually; to dispose of injury and damage claims and pay the legal costs incident thereto, estimated at \$750,000.00; to pay the balance of \$729,000.00 (which will remain due on January 1, 1943) against purchase price of busses which cost when new approximately \$1,250,000.00; to pay office expenses and insurance cost of \$70,000.00 annually and leave a balance of \$6,871,000.00 to the Company for its corporate purposes. That balance, plus the

amounts for injury and damage claims and bus payments aggregates \$8,350,000.00 and represents the price for the properties to be leased.

The agreement would also provide that the City and the Company would make a cash adjustment for any tax accruals at the date of commencement of the lease and that an adjustment would be made in the annual rental to compensate any change in the property taxes levied by the City above or below \$215,000.00 annually so that if taxes should be increased the City would increase its rental payments accordingly or if taxes should be lowered there would be a corresponding reduction in the rental.

It would be provided further that at the termination of the lease the Company would cause its operative properties to be transferred to the City and County of San Francisco for the amount of \$1.00.

Upon advice from you, at any time during the remainder of the calendar year, that the City has duly authorized you to proceed with the carrying out of the transaction as generally outlined above, I shall recommend the lease and purchase contract to the Board of Directors and stockholders of the Company and to the Trustee of the First Mortgage 5% Bonds of the Company for their approval.

The proposals herein contained will have to be approved and sanctioned by all public authorities, commissions, boards and governmental agencies having jurisdiction and validated by an adjudication of the Supreme Court of the State of California.

I shall appreciate your advising me as to whether or not the foregoing correctly outlines our understanding.

Very truly yours,

(Signed) SAMUEL KAHN

**Results of Consolidation of Market Street Railway Company and  
Municipal Railway under the Lease Purchase Plan**

1. *The Universal Fare*—At the present time approximately half the people of San Francisco pay five cents for street car, cable car and bus service, while the other half pays seven cents. This burden should be equalized in order that no district should have advantage over another.

2. *The Universal Transfer*—Inter-system transfers are now a rare thing because of the conviction of the Market Street Railway Company that exchange of transfers would result in revenue losses to them. Under the lease-purchase plan with a universal fare, the practice of giving universal transfers will be adopted immediately, thus enabling riders to reach any part of the city without payment of an extra fare.

3. *Equalization of Market Street Track Usage*—Municipal Railway street cars which use the outer system of tracks on Market Street are overburdening the available track space. Meanwhile, the inner tracks used by Market Street Railway, are not used to their capacity. These burdens should be equitably distributed and would be under the lease-purchase plan.

4. *Utilization of Equipment Not Now in Use*—Municipal Railway has in use at the peak hours of service every operating unit it owns. These units are loaded to capacity and any appreciable addition to their number would fail of their purpose for lack of track space on lower Market Street. Meanwhile, Market Street Railway with surplus operating space on its Market Street tracks and approximately 50 idle usable street cars in the barn must withhold this track space and equipment for lack of demand. Consolidation or unification would pool both equipment and demand, making it possible for Municipal Railway to supplement its regular service by adding Market Street Railway street cars not now in use to supply additional service badly needed on J, K, L, N, B, C, and F lines.

5. *Elimination of Duplications*—A unified mass transportation operation would put an end to the competitive features of the systems as now constituted and would permit of the abandonment of duplicating lines. The equipment thus withdrawn from service could be put back into service in other parts of the City, thus not only aiding in the war effort, but increasing the income from equipment which formerly performed a competitive and duplicating service. There are several such lines, but a notable example is the bus operation on Sacramento Street, which was put into effect as a substitute for a cable car operation. Withdrawal of these buses for use in giving transport to defense workers would work no injury to the general public for the

reason that adequate service would remain on the California Street cable car system which completely duplicates the Sacramento Street operation.

6. *Alleriation of Primary Line Crowding*—Partly because of the discrepancy in fares, Municipal Railway street cars and buses carry loads far beyond rated capacity all during the peak hours. Meanwhile, Market Street Railway carries less than capacity loads. The equalization of fare, together with unification of operations, would permit us of idle Market Street Railway equipment on Municipal Railway lines and the shift of patrons from overcrowded duplicating lines to those lines which were not overcrowded. This would mean that every Municipal Railway line, now inadequately served, would be given more equipment to carry a load which would already have been substantially decreased by removal of the fare differential.

7. *Establishment of New Motorized Primary Routes*—Congestion on lower Market Street makes it impossible under any circumstances to add new street car lines of a primary nature to the present systems, either Municipal Railway or Market Street Railway, regardless of availability of construction materials.

It is useless to add new feeder routes to these primary lines which are already overloaded. What the City needs is new *motorized Primary* routes which feed from residential districts into the downtown area without traversing any part of the Market Street bottleneck.

The institution of such service by Municipal Railway has always been impossible for the simple reason that no motorized primary line can be operated at a profit on a 5-cent fare. Nor can it be operated on a 6-cent fare. It can, however, be operated at a profit on a 7-cent fare.

A route we have in mind is one that would split the Sunset District somewhere between Taraval and Judah streets, both of which are served by Municipal Railway lines running east and west. Those who live midway between these two streets and between 19th Avenue and the beach are without transportation of any kind. A primary motor coach route could bring transportation much nearer to the doors of these people and under a 7-cent fare would pay its way. This is an impossibility under a 5-cent fare.

This is but one of several lines which could be put into service under unified operation on a universal fare with the universal transfer privilege.

8. *No Need to Tap Tax Funds*—Under the lease-purchase plan, the Market Street Railway operating properties can be acquired without recourse to a bond issue or to a pledge of the credit of the tax-payers of San Francisco.

9. *Gradual Replacement of Obsolete Equipment*—The Market Street Railway Company has been unable to maintain a normal replacement program for a number of years and it will be necessary to make many replacements, both of rolling stock and tracks, as soon as it is financially possible and as soon as materials can be purchased. The lease-purchase plan will make such a program financially possible.

10. *Speed in Making Traffic Jam Corrections*—No other program, including a bond issue, would make possible the speed with which corrective action can be taken under the lease-purchase plan.

Report of Public Utilities Commission as to Valuation of Properties  
of Market Street Railway Company  
OFFICE OF MANAGER OF UTILITIES

The Honorable  
Public Utilities Commission  
City Hall,  
San Francisco, California.

May 29, 1942.

Gentlemen:

In accordance with your request, a valuation has been made of the Market Street Railway Company properties.

The values determined are the reproduction costs less accrued depreciation. Appraisals were made of those parts of the company properties which would be used and useful if acquired by the City, for operation in conjunction with the Municipal Railway, and which were indicated in a condensed list furnished by the Market Street Railway showing the properties they propose to transfer to the City. No values have been included for intangible assets such as good will, going concern, etc. No values have been included for unexpired franchises or other permits to operate, although in fixing depreciation consideration was given to the fact that the company operates in San Francisco under a permit that expires in 1956. Deferred maintenance has been considered in fixing the reproduction costs less depreciation. The appraisal has been subdivided into accounts prescribed by the Interstate Commerce Commission.

A detailed inventory and valuation of all Market Street Railway Company properties was made under the direction of the late M. M. O'Shaughnessy as of June 30, 1928. This valuation was used as a base for the present study. The reproduction costs of the properties determined in the 1928 valuation were adjusted by adding expenditures for additions and betterments and deducting allowances for retirements to develop reproduction costs as of December 31, 1941. Further adjustments were made to bring these costs down to May 1, 1942. Field surveys of the physical condition of the properties were made and the reproduction costs were reduced by the amount of depreciation indicated.

Attached are Exhibits Nos. A and B. showing a summary of the valuation of the properties, a brief inventory and description of the properties. Grouping the data shown in the exhibits, the valuation of the properties of the Market Street Railway as of May 1, 1942, follows:

<i>Description of Properties</i>	<i>Production Cost less Depreciation</i>
Lands and rights of way.....	\$1,737,000
Trackage .....	3,762,000
Electrical transmission, distribution and overhead systems .....	1,305,000
Buildings and shops, including equipment.....	627,000
Rolling stock (cars and buses).....	2,087,000
Miscellaneous .....	189,000
	<hr/>
	\$9,707,000
Materials and supplies.....	250,000
	<hr/>
Total, all items.....	\$9,957,000

The valuation was made by the Engineering Bureau of the Public Utilities Commission, under the direction of Mr. J. H. Turner, Manager and Chief Engineer. The men assigned to the work are employees of long standing, familiar with the phases of the work assigned to them, and had previous knowledge of the problems involved. Mr. L. V. Degnan, Civil Engineer, who had charge of the detailed 1928 valuation, directed the work of the present study. Mr. J. H. Harwood, Construction Engineer, made the inventory and field valuation of trackage and related items; Mr. L. M. Perrin and Mr. F. L. Requa, Electrical Engineers, made the inventory and field valuation of the electrical systems, shops, etc.; Mr. W. C. Bendel, Superintendent of Equipment and Overhead Lines of the Municipal Railway, made the inventory and valuation of rolling stock and shop equipment. Mr. William H. Scott, Manager of the Municipal Railway, helped in the determination of the figures and results.

I am indebted to Mr. Paul L. Beck, Chief Valuation Engineer with the City Attorney's office, who reviewed the detailed procedure, made personal investigations and conferred in all phases of the study. Mr.

Beck's examination was independent of the Public Utilities Commission Engineering Bureau's, and he concurs in the findings herein expressed.

Very truly yours,

EGC:B

E. G. CAHILL,

Encls.

Manager of Utilities.

 The total valuation of these properties has been fixed at \$1,737,000.  
 This is the total of the detailed appraisals applied to each of the parcels  
 shown in the above list.

504-511, 515, 516, *Track and Appurtenances*—The track to be ac-  
 quired is shown in the following list, and is expressed in miles of single  
 track:

	San Francisco County	San Mateo County	Total
Electric Owned (Revenue).....	182.966	28.292	211.258
Cable Owned (Revenue) .....	6.900		6.900
Electric Owned (Not Operated) .....	14.203	.306	14.509
Cable Owned (Not Operated) .....	4.519		4.519
Total .....	208.588	28.598	237.186

The total for reproduction cost less depreciation as indicated in the  
 attached Exhibit A, for track and appurtenances is \$3,762,000. As indi-  
 cated in the accounts involved, this item covers all factors of track  
 construction including grading, ballast, ties, rails, fastenings, special  
 work, underground construction, paving, bridges, crossings, fences and  
 signs.

In fixing the condition per cent (depreciation factor) a small amount  
 was allowed for salvage for operative property, but no allowance was  
 made for salvage for non-operative property. A remaining service life  
 of five years was adopted for the operating cable lines on the theory  
 that by the end of that time they would be superseded by some other  
 method of transportation.

512, *Roadway Machinery and Tools*—This account covers concrete  
 mixers, compressors, rail benders, asphalt kettles, etc., used in con-  
 nection with track and paving work. Reproduction cost less deprecia-  
 tion \$22,000.

517, 518, *Signals and telephone lines*—This account is a relatively  
 small one and an arbitrary condition per cent of 50% was adopted.  
 Reproduction cost less depreciation is \$9,000.

519, *Poles and Fixtures*—The title of this account is self explana-  
 tory. Poles, particularly steel poles, have a long life, but deprecia-

tion has been accelerated in this instance through lack of paint. Reproduction cost less depreciation is \$415,000.

520. *Underground Conduits*—The principal runs of underground conduit are on Market and Webster Streets. A considerable part of that on Market Street and all of that on Webster Street has never been used by the company and there being no prospective use for them, they have been written off in this valuation. Those on Webster Street however, are now used by the Pacific Gas and Electric Company for 11KV lines serving the Railway. Reproduction cost less depreciation is \$44,000.

521. *Distribution System*—This account includes feeder cables, trolley wires and supporting wires, together with accessories and insulators. Like the poles these properties have also not been well maintained. Reproduction cost less depreciation \$625,000.

523. *Shops and Car Houses*—The properties to be acquired under this account are as follows:

Location	Reproduction Cost less depreciation
Clement and 32nd .....	\$ 11,000
Geneva Car House .....	31,200
Geneva paint shop .....	9,000
Geneva shops .....	49,000
Haight .....	7,000
McAllister .....	10,000
24th and Utah .....	63,000
Turk and Fillmore .....	31,000
Washington and Mason .....	73,000
	284,000
Add for overhead items.....	40,000
	\$324,000

524. *Stations and Miscellaneous Buildings*—This item includes a large number of small items; the aggregate however, amounts to an appreciable sum in the 1928 valuation, which has been depreciated to a small figure in the present valuation. Reproduction cost less depreciation \$45,000.

530, 533. *Cars and Buses*—A list of rolling stock to be acquired follows:

Electric Revenue rolling stock .....	441 cars
Electric (School car) .....	1 car
Trolley coaches—Revenue rolling stock.....	9 coaches
Cable cars—Revenue rolling stock .....	39 cars
Motor coaches—Revenue rolling stock .....	124 coaches

Reproduction cost less depreciation \$2,087,000.

532. *Service Equipment*—This item includes work cars, cranes and similar equipment. 29 such items of equipment are to be acquired. Reproduction cost less depreciation \$94,000.

536. *Shop Equipment*—Included in this item are the machines and similar equipment located in the shops of the company. Most of this equipment is old but usable. Reproduction cost less depreciation \$134,000.

537. *Furniture*—The furniture to be acquired has not been determined definitely at this time. An experience figure has been applied to the furniture figure listed in the 1928 valuation to determine a value for this report. Reproduction cost less depreciation \$32,000.

538. *Miscellaneous Equipment*—This account covers trucks, automobiles, motorcycles and similar equipment. The items to be acquired are as follows:

30 trucks
18 trailers
6 passenger motor cars
10 motorcycles

Reproduction cost less depreciation \$25,000.

540, *Substation Buildings*—The buildings to be acquired under this account are as follows:

Location	Reproduction cost less depreciation
Bryant St. ....	\$ 29,000
Eighth Ave. ....	18,000
Geneva .....	5,000
Millbrae .....	15,000
Stevenson .....	20,000
Turk and Fillmore .....	21,000
	<hr/>
	108,000
Add for overhead items .....	16,000
	<hr/>
Total .....	\$124,000

542, *Power Plant Equipment*—This account comprises power plant equipment for the cable lines. In accordance with our estimated remaining five year service life for these lines, a very low figure is used for the condition percent. Reproduction cost less depreciation \$16,000.

543, *Substation Equipment*—The Market Street Railway operates six substations with a combined machine capacity of 34,000 kilowatts. A seventh substation, San Bruno Avenue, was dismantled and the equipment sold during the early part of 1942, and accordingly is written off in this valuation.

The Pacific Gas and Electric Company owns more than half of the rectifying units in these stations, as indicated below:

Station	Market St. Ry. Co.		P. G. & E. Co.	
	No.	Capacity K.W.	No.	Capacity K.W.
11th and Bryant .....	1	1,500	4	6,000
Turk and Filmore .....			5	7,500
8th Avenue .....	3	5,000		
Geneva Avenue .....			3	4,500
Stevenson St. ....	3	7,000		
Millbrae .....				2,500
	<hr/>	<hr/>	<hr/>	<hr/>
	7	13,500	15	20,500

The equipment owned by the Pacific Gas and Electric Company is not included in the valuation.

The substation equipment is satisfactorily maintained, and under existing conditions, should have more than normal life, which is reflected in the condition per cent established herein. Reproduction cost less depreciation \$176,000.

544, *Transmission System*—The Market Street Railway owns a portion of the 11,000 volt circuits connecting the substations. This portion is included herein. Reproduction cost less depreciation \$36,000.

545, *Franchises*—This account covers actual amounts paid to a State or to a political subdivision thereof, for franchises. The franchises under which the company now operates are the following:

San Francisco County: A 25-year operating permit acquired in accordance with Amendment No. 35 of the old Charter (Sec. 131 of the present charter). This permit expires on February 9, 1956.

San Mateo County: Various franchises, expiring in 1952.

Previous valuations have contained a small sum for this account; in the present report it is eliminated entirely.

*OVERHEAD ACCOUNTS*—Items 501, Engineering; 546, Law Expenses; 547, Interest; 548 Injuries and Damages; 549 Taxes, and 550, Miscellaneous; are computed at the same ratio these items bear to the road and equipment accounts in the 1928 valuation. In the present instance they are distributed to the respective items of road and equipment.

*MATERIALS AND SUPPLIES*—The company has stocks of materials and supplies in its warehouses and shops and other locations. An item

to cover the cost of these materials and supplies has been added to the valuation. The 1941 balance sheet of the company shows that they had at the end of the year, materials and supplies costing approximately \$256,000; hence the estimate of \$250,000.

**Statement by Mr. Frederick W. Meyer to the Joint Committee on  
Finance and Public Utilities of the Board of Supervisors  
Friday, June 5, 1942, at 2:00 P. M.**

As Administrator of Local Transport in San Francisco, I am here today to share with you some of the observations and facts that come to my attention in relation to the proposed Lease-Acquisition of the Market Street Railway by the City and County of San Francisco.

It seems to me that there are four fundamental phases to be considered in connection with this proposal:

1. Condition of the property to be leased and acquired.
2. Benefits to be derived.
3. Financial aspects.
4. Legal aspects.

Taking these points in order:

*1. Condition of property—*

The valuation made by the Engineering Bureau of the Public Utilities Commission and concurred in by the Chief Valuation Engineer of the City Attorney's office clearly shows the condition of the Market Street Railway Company's properties as of May 1, 1942, in relation to the reproduction cost less accrued depreciation, as 24 per cent, or \$9,707,000, compared to the reproduction cost of \$39,791,000. In other words, in the valuation study an allowance of 76 per cent has been made for depreciation. It is, therefore, evident from a strictly engineering study that approximately  $\frac{1}{4}$  of the useful life of these properties is yet to be realized.

It is thus apparent at the start that while we know the properties are a long way from being in ideal condition, yet they have a usefulness which must be recognized. It is also appreciated that a certain portion of the rolling stock of the Market Street Railway Company is known to be obsolete, yet on the other hand, every piece of equipment capable of being maintained in usable condition for the next few years has an intrinsic value beyond any actual engineering appraised value.

I think it is safe to assume that in any extensive long range program for consolidating and modernizing the mass transportation system in San Francisco, it would be necessary to effect many changes on both systems and acquire new rolling stock to replace obsolete equipment of both the Market Street Railway and the Municipal Railway.

*2. Benefits to be derived—*

It should be recognized at the outset that the Market Street Railway Company has certain operating rights and certain franchises which have prevented the possibilities of unifying the street railway systems in San Francisco. These franchises would perpetuate this company's rights until 1956. On the other hand, it is obvious that the street railway systems of San Francisco should be operated as a single unit with a uniform fare and a universal transfer. This might be accomplished by the Municipal Railway acquiring the Market Street Railway or the Market Street Railway Company acquiring the Municipal Railway. However, the former issue is the only one now under consideration. It seems to me that the proposed Lease-Acquisition Plan offers a very practical way to bring about a consolidated operation with uniform fares and universal transfers which are so essential for the coordination of the local transport facilities and which are necessary in any long range program for improving the mass transportation facilities.

Combined rolling stock in actual use by both companies shows the Market Street Railway double that of the Municipal Railway.

### 3. *Financial aspects—*

All the Lease-Acquisition rental payments during the life of the proposed contract, and totaling \$11,534,415.72, could be met, and in addition, there would be provided a margin to apply to deferred maintenance, depreciation, and reconstruction, if we assume that the revenue passengers carried by the Municipal Railway and Market Street Railway during the next seven years were equal to those carried during the past seven years, 1935-1941, and further assuming that a 7-cent fare and increases be granted platform men under the joint operation plan.

Current operating conditions also indicate there would be little question of the capacity of the consolidated systems to earn sufficient revenues to meet the obligations of the Lease-Acquisition Plan.

With the possibilities of nation-wide gasoline rationing some time in July, it is reasonable to assume that the business of the mass transportation systems will rise rapidly. Already, according to a report just handed me, Municipal Railway passenger revenues in May show a new monthly high of \$386,319 or 12 per cent above May last year.

Cognizant that we are in an emergency period where conditions are changing rapidly in favor of the mass transportation carriers and revenues are mounting, many delays in putting the Lease-Acquisition Plan into effect will reduce the financial benefits to be derived by the City during the high revenue period.

Contrasting the possibilities held out by the present and immediate future outlook, should peace be declared soon after the Lease-Acquisition Contract has been signed and the street railway company were faced with the competition from the automobile which existed during the past two years, a 7-cent fare would not be sufficient to meet the full payments stipulated in the plan. However, should this condition actually be faced, certain provisions are being considered to provide for such a situation. On the other hand, there would be no reason to prevent increasing the fare to provide the necessary payments. The average street railway fare in the United States is now 8.3 cents and an increase of one cent on the basis of 1941 revenue passenger experience would produce 13¼ millions dollars.

### 4. *Legal aspects—*

In a letter addressed to Mayor Rossi on May 21 from Mr. Kahn, it was pointed out that the proposed contract would have to be approved and sanctioned by all public authorities, commissions, boards, and governmental agencies having jurisdiction, and validated by an adjudication of the Supreme Court of California. It would thus seem that ample provision is made for determining the legality of the contract on which there seems to be some difference of opinion at this time.

In summarizing, it appears to me that while the City is a partner in the Lease-Acquisition Plan, the contract in no way should jeopardize the financial position of the City due to the fact that as a good business proposition, it should be made to pay its way by charging sufficient for the transportation offered.

### **Statement of Supervisor Chester R. MacPhee Made in Joint Finance and Public Utilities Meeting, June 5, 1942**

The Mayor and Manager of Public Utilities have proposed a lease purchase agreement under which the operative properties of the Market Street Railway would be acquired by the City and County of San Francisco over a seven year period for a base price of \$8,350,000.00 and a total price of \$11,534,415. As Chairman of the Finance Committee of the Board of Supervisors, I have given close study to the problem and wish to submit my preliminary views herein, together with a series of questions, the answers to which will have a definite and direct bearing on the final conclusions to be reached by me.

In the first place, I am in favor of a unified operation, particularly because of the problems created by the war emergency. But, and I emphasize these conditions, I am only in favor of unification if it can

be accomplished at a fair price, on terms which are business-like and if the interests and rights of the riding public and the taxpayers are recognized and protected.

The only justification, from the City's standpoint, for the lease purchase plan in this instance is, I believe, purely theoretical. The argument is made that if after a trial period, unified operation proves unsatisfactory, or unprofitable, then the City would give back the Market Street Railway properties and continue to operate the Municipal Railway. This is only theoretical justification, because the City will be bound to continue its payment if a lease contract is signed—bound to levy taxes to meet the payments, or issue bonds, if necessary, in order to keep from forfeiting the millions which would then already have been paid on account of the agreement.

This raises the question of the taxpayers being saddled with a potential liability extending seven years into the future. Earnings may or may not prove sufficient to operate the systems and pay off the contractual amounts. If insufficient, the taxpayers will be called upon to make up the deficits, according to my understanding. Whether we can legally enter into such a contract, even if we so desire, without a popular vote is a questionable matter. I would like to know under what express provisions of our charter such action could be taken.

To me, an attempt to pay off an eleven and one-half million dollar obligation in seven years is ridiculous. What justification is there for projecting earnings for seven years based on travel in the first four months of this year? If these payments were made over a 15 to 20 year period, funds would be made available out of revenues for necessary repairs, street work, rehabilitation, a possible reduction in the proposed 7-cent fare and new equipment. After the war, men will need jobs and San Francisco should be in a position to undertake this much needed work without recourse to the taxpayers. This could be done out of earnings if the projected figures are achieved under the proposed plan, but if they fall short, then funds will not be available. Also, while a 7-cent fare might be desirable at the outset, the possibilities of a reduction to 6 cents would be remote under the heavy payments called for in the 7-year plan. I am not sold on a 7-cent fare if any way can be found to give adequate service and charge less.

In addition to the universal transfer and the discontinuance of duplicating lines, I am not satisfied there has been a sufficient breakdown of the proposed benefits that will accrue to the riders of the cars as a result of the contemplated increased fare.

What is the justification for entering into a lease under which the City may find itself owing and operating a system greatly in need of repairs and rehabilitation, with insufficient funds to be used for these purposes? This might well eventuate if earnings are not up to the estimates.

Assuming the City acquires the Market Street Railway, what arrangements are to be made by the City to repair the roadbeds of the Market Street Railway which daily are causing the motorists of San Francisco undue hazards on already thin tire treads?

Has the \$2,000,000.00 delinquent street repair program of the Market Street Railway been considered as a liability of the Market Street Railway in arriving at the valuation as set up by the Public Utilities Commission?

What will be the Civil Service status of the employees of the Market Street Railway under the lease-purchase agreement? Do they become City employees and if so, in event the Market Street Railway properties are taken back in event of failure of the City to go through with the purchase, what status would the employees then have?

I am reliably informed that a general obligation, 1 to 7 year serial bond issue of the City and County of San Francisco, could be sold today at an interest rate not to exceed  $1\frac{1}{4}\%$ . Why, then, in comparing the costs of a bond issue with the costs under the lease-purchase plan,

does the Public Utilities Commission assume an interest rate of 4%? This discrepancy creates an error of almost \$600,000 in their conclusion. Under the proposed plan, the following payments would be made by the City:

1943 .....	\$2,000,000.00
1944 .....	2,000,000.00
1945 .....	1,520,000.00
1946 .....	1,520,000.00
1947 .....	1,520,000.00
1948 .....	1,520,000.00
1949 .....	1,454,415.72

A debt of \$8,350,000 due over a period of seven years and bearing 1¼% interest could be serviced with an annual payment of \$1,253,000. Inasmuch as the City would not receive the \$215,000 per annum from the Market Street Railway if it bought out the company with the proceeds of a bond issue, it is fair to add the \$215,000 each year as a cost to the City. Therefore, the following is a comparison of the cost under the lease-purchase arrangement and under a seven year serial bond issue:

	Lease Purchase	Serial Bond
1943	\$2,000,000	\$1,468,000
1944	2,000,000	1,468,000
1945	1,520,000	1,468,000
1946	1,520,000	1,468,000
1947	1,520,000	1,468,000
1948	1,520,000	1,468,000
1949	1,454,415	1,468,000
	\$11,534,415	\$10,276,000

Thus, it will be seen that a saving of \$1,258,415 could be made by a bond issue.

A substantial reduction may be effected in the base lease price of \$8,350,000 by reason of an out-and-out cash purchase and such saving, together with the above \$1,258,415 may well result in a saving of over \$2,500,000 which could bring about a possible lower fare for the car rider, and more protection for the taxpayer.

From a business standpoint, I believe it inadvisable to pay in monthly installments \$11,534,415 over a seven year period for something claimed to be worth \$8,350,000. After making allowance for taxes which would be returned to the City, this is the equivalent of paying 5.9% interest. A twenty year 3½% bond issue would cost a total of \$11,740,000 and the average annual payments would have to be but \$587,000 against \$1,647,000 under the lease-purchase plan. Thus, a margin of over \$1,000,000 a year could be made available for repairs, rehabilitation, new equipment, greater protection for the taxpayer and a possible 6-cent fare. Why, then, obligate ourselves to pay off in seven years when we could have the use of the money for twenty years at approximately the same cost?

The Chamber of Commerce Streets and Highways Committee has concluded that if the City had purchased the Market Street Railway seven years ago and operated the combined system on a seven-cent fare, the following results would have been achieved:

1. The Market Street Railway purchase price would have been paid out of revenues.

2. A surplus of nearly \$6,500,000 would have been rolled up. This is designed to show what can be expected in the next seven years if the City buys the Market Street Railway for \$11,534,415 under the lease-purchase method. The fallacy of such an argument is—in the last seven years the number of persons riding street cars has been declining. The seven year average number of full fare-paying passengers carried per annum by both lines is 178,673,000 whereas 1941 totaled

only 160,489,000 or less than 90% of this average. It is a mistake, therefore, to assume that the previous seven years is a proper measure of the revenue to be received in the next seven, despite some temporary boom that may occur as a result of the rubber shortage.

As a matter of fact, if the 7 years gross revenue figure cited by the Chamber of Commerce report were reduced 10% to reflect 1941 results, a decrease of over \$9,000,000 would more than offset the \$6,500,000 surplus which the Chamber had calculated. Some adjustment would have to be made, of course, for reduction in operating costs but not in proportion to the revenue decline.

It should be considered further, that the major portion of the assets of the Market Street Railway is seven years older than it was seven years ago. A base price of \$8,350,000 is, therefore, not nearly so attractive now as it would have been at the time the Chamber assumed the purchase to have been made.

**Reply to Supervisor MacPhee's Statement by E. G. Cahill  
before Joint Finance and Public Utilities Committee of  
the Board of Supervisors, Friday, June 5, 1942**

It is apparent at the outset that there is no fundamental disagreement as to the purpose of or the need for what we have in mind. Supervisor MacPhee states that he is in favor of unified operation if three conditions are fulfilled, namely:

1. That the price is fair;
2. That the terms are business-like, and
3. That the interests and rights of the riding public and the taxpayers are recognized and protected.

The only disagreements possible then are confined to interpretations of fairness of the price and the method and terms of acquisition. If these are fair, the taxpayers and riding public will be fully protected. After all, it is in their interests that unification is proposed.

Mr. MacPhee opposes a lease-purchase plan on the grounds that it will necessitate a 7-cent fare, that it will involve a lien on the credit of the taxpayers and that it will require payment of a higher rate of interest on the base price than would be necessary by bond issue. Since Mr. MacPhee has proposed no other alternative, we must conclude on the basis of his approval of unification in principle that he prefers a bond issue.

I wish to make it plain that a 7-cent fare and a lien on the credit of the taxpayers is necessary regardless of the method we finally reach for acquisition of Market Street Railway properties. The difference lies in two facts, namely: that the lease-purchase proposal will greatly hasten the date of acquisition and that it will permit of gradual acquisition of the properties without cost to the taxpayers with the use of funds we cannot now spend for new equipment because of priorities.

I see no point in borrowing money until we need it. If conditions change so greatly that revenues will not meet lease-purchase obligations, then will be the time to borrow money.

In the final analysis, proponents of a bond issue, base their whole reasoning upon interest costs under the several proposals. All other matters such as the rate structure, the possibilities of purchase of new equipment and the amount of service to be given are in part conditioned by this asserted difference in interest charges.

As a matter of fact, there is nothing more than this to discuss, except as these differences in interest charges will affect operations and the interests of the public.

Supervisor MacPhee states that an attempt to pay off the cost of Market Street Railway Company acquisition in seven years is "ridiculous." As a cure for this situation, he proposes that we pay interest at the rate of 1¼ per cent on 1 to 7 year serial bonds or 3½ per cent on 20-year bonds. Mr. MacPhee takes us to task for assuming an

interest rate of 3 per cent in comparing the cost of a bond issue with the costs under the lease-purchase plan.

We, in turn can take Mr. MacPhee to task for assuming *either* a 1¼ per cent rate or a 3½ per cent rate but there is no point in that. I think it would be more to the point to accept as proper the rates of interest that are now being paid on both short-term and long-term general obligation bonds.

The interest rates for short-term bonds range from 1.80 per cent at the lowest to 2.90 per cent at the highest on the basis of yesterday's bond offerings by the Bank of America.

The interest rates on long-term bonds, according to information received from the Controller's office today range from 2.35 per cent to 3 per cent.

These would be general obligation bonds and they would require a two-thirds majority vote. It would take months to prepare for an election for passage of these bonds and there is grave doubt that they could be passed.

The time to act is now and if at some time in the future we want to resort to bond funds, it can be done without any penalty.

Let us analyse Supervisor MacPhee's statement as to the costs for interest under the lease-purchase plan.

He says, and I quote:

"After making allowance for taxes which would be returned to the City, this is the equivalent of paying 5.9 per cent interest."

An error of some \$1,505,000 has crept into the Supervisor's figures.

The total purchase price, including interest and all carrying charges under the lease-purchase plan is \$11,534,000. Subtract from this the base purchase price of \$8,350,000 and there remains \$3,184,000.

If Supervisor MacPhee had actually made allowance for taxes as his statement said he did, he would have subtracted \$1,505,000 from this remainder and the sum left would have been \$1,679,000. This, divided into seven installments, would amount to \$239,857 per year, which is at the rate of 2.87 per cent without any long-term lien on the taxpayers, the riders or anybody else.

If, in turn, we choose to pay 3½ per cent on \$8,350,000 for 20 years as has been suggested by Supervisor MacPhee, the total interest charge would be \$3,068,625 as compared to \$1,679,000 under the lease-purchase plan. Of course, Supervisor MacPhee stated the interest charge under the 20-year bond plan would amount to \$3,390,000, but here too he has allowed an error to creep in. The error on this occasion was to his own disadvantage and not to ours, but I am happy to agree to a correction.

Now as to fairness of purchase price. You can't go far wrong after having failed to agree on appraised value as made by both buyer and seller in taking assessed valuation as the basis of the true value.

The Board of Equalization, which assesses properties of this kind at 50 per cent of going value, taxes the Market Street Railway Company on an assessed value of \$4,802,600. Full value on this basis would be \$9,605,200, which is one and a quarter million dollars more than the base purchase price of \$8,350,000 under the lease-purchase plan.

I doubt if any person or firm operating a going concern at a profit, as the Market Street Railway Company is now doing, would be willing to sell for much less than the value as fixed by a taxing agency and I don't think anybody would be reasonable to expect to buy for much less. In this case, we have been given the benefit of the doubt to the extent of one and a quarter million dollars.

Time is of the essence in this situation. We cannot afford to wait the six months or more issuance of bonds would require. If we do, we will have sacrificed the \$250,000 per month which can be earned under unified operation and we will have sacrificed the immediate possi-

bilities for improvement in service. In other words, in only six months we would have lost a million and a half dollars which might have been ours with little risk.

Meanwhile, we have as insurance the possibilities of calling for a bond issue if and when we need it and if we need it six months hence, it will be for a sum of one and a half million dollars smaller than is now necessary. And so long as the war lasts and rubber remains scarce, we can continue to pay off under our running option.

It is costing us more than \$8,000 every day we delay in an effort to reduce an interest rate of 2.87 per cent under the lease-purchase plan to some lesser rate under a bond issue which might never pass.

We can't afford it.

### Statement of Supervisor MacPhee in Board of Supervisors Monday, June 8, 1942

The Board of Supervisors is considering as special order of business the proposed lease-purchase plan of the operative properties of the Market Street Railway by the City and County of San Francisco. The plan already has the approval of the Mayor and the Utilities Commission and we, as elected representatives of the people of San Francisco, are asked to assent so that the deal can be closed.

In Mr. Cahill's statement before the Joint Finance and Utilities Committee on Friday, June 5th, he says, "I wish to make it plain that a 7-cent fare and a *lien* on the *credit* of the *taxpayers* is necessary regardless of the method we finally reach for acquisition of Market Street Railway properties." A few minutes later Mr. O'Toole stated that the lease purchase plan could not legally place a lien on the credit of the taxpayers. These conflicting statements were made in answer to the following question which I submitted as being all-important to arriving at an intelligent decision in the matter. "This raises the question of the taxpayers being saddled with a potential liability extending seven years into the future. Earnings may or may not prove sufficient to operate the systems and pay off the contractual amounts. If insufficient, the taxpayers will be called upon to make up the deficits, according to my understanding. Whether we can legally enter into such a contract even if we do desire, without a popular vote is a questionable matter. I would like to know under what express provisions of our charter such action could be taken."

The answer given by Mr. O'Toole is that we cannot legally enter into such a contract without a vote of the people. He did say that if the payments to Market Street Railway were to be made solely out of revenues of the system, then it would be legal. But Mr. Cahill states that regardless of the method used a lien on the credit of the taxpayers is necessary. Therefore, before we can consider a plan of acquisition, let's have a clear-cut statement of how such acquisition is to be accomplished, with the Mayor, Utilities Commission and City Attorney all in agreement as to method and legality.

The people of San Francisco are disgusted with the sloppy manner in which certain of our officials conduct the City's affairs. There is absolutely no excuse for a business proposition not being handled by the City just as a capable business man would handle it. Before any deals are entered into, it is necessary to have the facts. Here we are discussing a deal involving millions of dollars but my investigation and study lead me to the conclusion that the case presented by the Mayor and the Utilities Commission is inaccurate. I, for one, refuse to be a party to any acquisition plan until the statements made have been checked for accuracy and their veracity established.

On Friday I presented a statement, together with a series of questions, remarking that the answers to these questions would have a definite and direct bearing on the final conclusions to be reached by me. I wish to have that statement read at this time and then go on to a shocking and inexcusable illustration of inefficiency.

(See statement of Supervisor MacPhee, pages 14 to 17 inclusive.)

The foregoing statement was submitted a day in advance to the Mayor and the Utilities Manager so that their answers could be presented at the joint meeting. Mr. Cahill's reply, consisting of about 25 paragraphs, contains fallacies as well as absolutely incorrect figures and interest rates.

Before we go a step further, I wish to point out some of these inaccuracies and misstatements. This Board of Supervisors cannot expect nor justify the confidence of the people of San Francisco unless it obtains a few, simple essential and easily available facts before proceeding.

The Public Utilities Commission in attempting to show that the lease purchase plan is preferable to a bond issue made a comparison of costs. For a seven year bond issue they assume an interest rate of 3%. The correct rate at this time is no more than 1¼%. This creates an error of almost \$600,000 to start with. Mr. Cahill in attempting to justify his position took me to task for my 1¼% interest rate saying that 1.80% was the lowest interest rate on the basis of last week's bond offering sheet of the Bank of America. That is like examining a Pennsylvania Railroad time table to find out what time a Southern Pacific train leaves for Palo Alto. The 1.80% yield on the Bank of America offering was on some City and County of San Francisco 5% sewer bonds due in 1950, which were authorized back in 1908. We are talking about 1 to 7 year serial bonds and I have checked with half a dozen bond houses in determining that 1¼% is the correct rate.

In this same computation the statement is made that under an outright purchase the General Fund of the City will fail to receive \$1,505,000 from taxes which are now paid at the rate of \$215,000 annually by the Market Street Railway, but that under the lease purchase arrangement the City would pay the Market Street Railway these amounts out of earnings of the system and then the Market Street Railway would pay them back to the City in the form of taxes. What kind of Amos and Andy figuring is that? If the system earns the money it can just as well pay it directly into the General Fund as turn it over to the Market Street Railway for them to pay into the General Fund. It is purely a matter of agreement.

I claim in my statement that after making allowance for taxes, if the base price of \$8,350,000 is paid in accordance with the proposed schedule, it will be the equivalent of paying 5.9% interest. Mr. Cahill answers by saying that the rate would be only 2.87% and that I have made an error of some \$1,505,000. He may be a good engineer, but he doesn't evidence any knowledge of arithmetic. He is absolutely wrong. I have had my figures checked by an Actuary, Mr. Ralph Nelson, Secretary of the San Francisco Employees' Retirement System and submit his findings herewith.

**Letter of Ralph R. Nelson, Secretary-Actuary of the  
Retirement Board**

June 8, 1942.

Supervisor Chester R. MacPhee,  
City Hall.

Dear Supervisor MacPhee:

In accordance with your request, I have checked certain interest rates and installments, given in a statement before the Joint Finance and Public Utilities Committees of the Board of Supervisors, on June 5, 1942. Without attempting to state in detail the agreements involved, I have considered the following items:

1. What is the equivalent interest rate under a proposed lease of the Market Street Railway, providing for the payment of a base price of \$8,350,000, and the payment of interest, office expenses and insurance totaling \$1,679,415? Taxes are eliminated in the consideration of this question, because in effect, the City, according to my understanding, would pay the Market Street Railway an amount equal to the taxes

required of that Company, and the Company in turn would pay the amount back to the City in liquidation of its tax liability. Assuming that an installment of \$1,785,000 per year would be paid by the City for the first two years; \$1,305,000 per year for the next four years, and \$1,239,415 for the last year, and assuming further that these annual amounts would be paid in monthly installments, the \$1,679,415 in excess of the principal sum, would be equivalent to interest at 5.8% per annum, compounded monthly.

2. At the top of the third page in the copy of the statement presented at the Committee meeting, a statement is made that the equivalent interest rate would be 2.87%. This percentage is based on the assumption that the outstanding principal would be \$8,350,000 throughout the seven-year period. As a matter of fact, the principal is reduced by the installments recited in Item 1 preceding. If the reduction was spread evenly over the seven-year period, so as to make the average principal outstanding equal to one-half the \$8,350,000, the equivalent interest rate would be twice 2.87%, or 5.74%. The correct rate is higher than this, because the installments are larger at the beginning of the period.
3. In the second paragraph on the third page of the statement, two amounts are quoted as the total interest under a bond issue for \$8,350,000, for a period of twenty years with a coupon rate of 3½%, the amounts quoted being \$3,068,625 and \$3,390,000. Each of these amounts is correct, on the basis of the assumptions made in its calculation. In the first amount quoted, it was assumed that payment on principal would be equal each year throughout the twenty years and that interest in decreasing amounts on the outstanding principal from year to year, would be paid in addition to the equal principal installments. In the second amount, that is \$3,390,000, it was assumed that equal aggregate installments would be paid each year for twenty years, each installment being applied first to pay interest for the period referred to, and the balance applied on the principal.

I shall be glad to make any further explanation you may desire.

Yours truly

RRN:HW

RALPH R. NELSON

Secretary-Actuary.

With reference to price, Mr. Cahill states, "You can't go far wrong after having failed to agree on appraised value as made by both buyer and seller in taking assessed valuation as the basis of the true value."

We can readily understand the valuation as set on their own properties by the Market Street Railway.

By his own admission, Mr. Cahill states his appraisal does not take into consideration all of the liabilities of the Market Street Railway including a \$2,000,000 street repair liability alone, which will have to be assumed by the people of San Francisco if this plan is approved. I submit no appraisal is complete unless all assets and *all liabilities* are included.

Assessment by the Board of Equalization cannot be construed as 50% of going value as is indicated by Mr. Cahill. It is only too well known that in many instances property values both real and personal are over-assessed as to valuation—witness the many property owners in this city today who would be only too willing to sell their property for the assessed valuation.

Mr. Cahill in his statement says there is grave doubt the voters would approve an election to purchase the Market Street Railway. I, too, do not believe the people will vote \$11,534,415—to purchase this aged and decrepit railway system. However, if the purchase price and terms

were such that the people of San Francisco could be convinced they were receiving an outstanding bargain, then they might be willing to support the move.

To date, I have not been convinced that the overall price of \$11,534,415 and the lease-purchase plan is the best program.

In view of the definite savings of \$1,258,415 as set forth in my previous statement plus a savings of an undetermined amount which could result from paying cash instead of lease purchase, any school boy could be convinced that any and all of these things are entirely possible:

1. We would pay a less overall price and thereby establish less of a liability for the taxpayers.
2. We would pay less per year for the same period of time.
3. We would build up a larger surplus to take care of additions and betterments to the already dilapidated Market Street Railway properties.
4. Considerable of this money saved could be used to take care of some of the \$2,000,000 street repair program of the Market Street Railway.
5. Consideration could be given to a fare of less than 7c.

In closing, Mr. Cahill says it is costing us \$8,000 every day we delay. As this \$8,000 would come from increased fares from the people of San Francisco whom we represent here today, I submit it will be well to proceed with care to the end that we will not have cause to look back with regret on any hurried action we may take.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to the provisions of Section 151 of the Charter, the salaries and wages set forth herein and hereinafter referred to as the compensation schedules shall be the compensation fixed and provided for the several classifications of employment in the San Francisco municipal service as specified herein which are subject to the provisions of Section 151 of the Charter.

Section 2. Employees whose compensations are fixed herein on an hourly, per diem, or on a monthly salary basis without provision for seniority increment and who are legally occupying positions allocated by the Civil Service Commission to the classifications set forth herein which are subject to Section 151 of the Charter shall be paid, effective July 1, 1942, the amount set forth herein for the classification in which their position is classified and allocated.

Section 3. Employees legally occupying positions allocated by the Civil Service Commission to the classifications for which compensations are fixed herein on a monthly salary basis with provision for seniority increment, as set forth herein which are subject to Section 151 of the Charter shall be paid commencing July 1, 1942 those salaries and wages set forth in the annual budget as recommended by the Mayor and adopted by the Board of Supervisors for the fiscal year 1942-43, provided, however, that no such employee shall receive less than two-thirds of the increment above his present salary, computed to the nearest dollar, to which he is entitled on the basis of seniority in service for the fiscal year 1942-43, as indicated in the schedule of compensations set forth herein; provided further that the gross compensation for full time employees, occupying positions subject to civil service, shall not be less than \$106.00 per month. Commencing July 1, 1943, and each year thereafter, employees who are subject to the provisions of this ordinance shall receive in full the salaries or wages, based upon seniority in service provided for their particular classifications in the schedule of compensations herein set forth.

Section 4. Employees entering the municipal service on or after July 1, 1942, shall be paid the entrance rate provided for their particular classifications in the schedule of compensations herein contained, provided, however, that no new employee shall be paid more than other appointees then serving under regular Civil Service appointment in the same classification under the same appointing officer.

Section 5. Employees who are promoted to higher classifications shall enter such promotive classifications at the entrance rate fixed for such classifications in the schedule of compensations herein contained, provided, however, that if an appointee to a promotive position had, in his former classification, received the equivalent or more than the entrance salary provided in this ordinance for such promotive position, such

appointee shall enter such promotive class at that salary fixed in the schedule of compensations, for such promotive classification, which is in immediate excess of the salary which such employee received immediately prior to his appointment to such promotive classification.

Section 6. Salaries and wages set forth in the schedule of compensations herein contained are gross compensations. Deductions shall be made from such salaries or wages, as provided by law, for maintenance or other accommodations and charges therefor shall be fixed by law, provided, however, that no charge shall be made for maintenance or other accommodations available to employees in public institutions unless such employees actually receive such maintenance or utilize such accommodations.

Section 7. Seniority increments on the basis of years of service as fixed herein shall be effective beginning on the first day of July following the anniversary of permanent appointment in the classification to which the position of the employee is allocated.

Section 8. If the compensation paid as of June 30, 1942, to an employee legally occupying a position allocated to a classification for which a compensation schedule is herein fixed is higher than the amount to which such employee is entitled under the said compensation schedule, the employee shall continue to receive the salary he is receiving as of June 30, 1942.

Section 9. If the compensation of any position herein established on a per diem or hourly basis is included in the budget estimates and salary ordinance on a monthly basis, the monthly salary for such position shall be computed by multiplying the per diem or hourly rate herein established for the position by the average or normal working time of the position as provided in Section 151 of the Charter, and adjusted to the next higher even dollar.

Section 10. If it shall be determined by any court of competent jurisdiction that any salary or wage fixed in the schedule of compensations herein contained is contrary to the provisions of Section 151 of the Charter such determination shall not affect the validity of any other salary or wage fixed in said schedule of compensations.

Section 11. This ordinance shall take effect July 1, 1942.

### Postponement

The following from Streets Committee without recommendation, was taken up:

#### Reducing Sidewalk Widths on Post Street Between Taylor and Powell Streets

(Series of 1939)

Amending Ordinance No. 1061, entitled, "Regulating the Width of Sidewalks," approved December 18, 1903, by amending section 837 thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

*The width of sidewalks on Post Street, between Mason and Taylor Streets, shall be 10 feet.*

The width of sidewalks on Post Street, between Taylor Street and Van Ness Avenue, shall be 10 feet.

Approved as to form by the City Attorney.

### Postponement

Supervisor Mead announced that inasmuch as new developments have occurred, in connection with the proposal to widen Post Street, he would move re-reference of the foregoing Bill to the Streets Committee.

Motion seconded by Supervisor Brown.

Supervisor Uhl, as an amendment to the motion, moved postponement of further consideration for six months.

Seconded by Supervisor Meyer.

Mr. Sylvester McAtee, attorney, representing interested property owners and merchants in the district affected by the proposed street widening, opposed postponement. The issue should be decided without delay.

Mr. Arthur Brouillet favored postponement. Reference to committee would bring no further facts to light. If the matter is postponed for six months, there will be an opportunity to observe the situation, the effects of the opening of the Union Square Garage, and the result upon congestion of reduced traffic due to reduction in operation of private motor vehicles.

Supervisor O'Gara favored the motion for postponement. If an immediate vote should be insisted on, he would vote "Aye" on the Bill to reduce the sidewalk widths, thus widening the street. As to the suggested shortage of materials to complete the street widening project, he noted that on other such projects there did not seem to be such shortage.

Supervisor Green announced that he had previously voted "No" on

the proposed street widening, and he would so vote again, for the following reasons:

1. The Board would be doing an idle act in passing the Bill, inasmuch as materials for the completion of the project could not be obtained until after the war;
2. The City Planning Commission does not recommend the widening;
3. Because of need for conservation of rubber, there will be less traffic on Post Street, and hence less need for widening the street.

Supervisor Roncovieri expressed himself as being in favor of postponement. There are several unknown factors which should ultimately influence the Board in making its decision. He believed the Board should know the effect of "No Parking on Post Street," "One Way Traffic," and the opening of the Union Square garage.

Thereupon, the roll was called and the motion to postpone further consideration for six months was carried by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

**Approval of Supplemental Recommendation, Public Welfare Department, for May, 1942**

(Series of 1939)

Resolution No. 2676, as follows:

Resolved, That the recommendation of the Public Welfare Department, containing the name and amount to be paid as Old Age Security Aid increase for the month of May, 1942, is hereby approved and the

Clerk of the Board of Supervisors is directed to transmit this approval to the Controller.

#### Discussion

Supervisor Uhl, before the roll was called on adoption of the foregoing resolution, called attention to the case of a Mr. Charles Green, who has been granted Old Age assistance, beginning June 1, 1942. Mr. Green receives only \$34.50 per month, the monthly premium on his life insurance, paid by his son, being deducted from the amount he would otherwise have received. This man receives no benefit from his insurance, but is penalized \$5.50 per month. The Public Welfare Department has explained the situation, saying that if Mr. Green can save that amount and pay his own insurance premium, there will be no deduction. In conclusion, Supervisor Uhl suggested that the Public Welfare Commission notify pensioners of the situation, where deductions are made from amounts they would otherwise be entitled to receive.

Thereupon, the President referred the matter to the Public Welfare Committee.

Whereupon, the foregoing resolution was

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

Further Resolved, That the Public Welfare Department recommendations for care of Needy Aged Persons in County Hospital, as provided under Section 2160.7, Welfare and Institutions Code, State of California, effective as noted, are hereby approved;

Further Resolved, That the Clerk of the Board of Supervisors is directed to transmit the foregoing approvals to the Controller.

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

#### Authorizing Board of Supervisors to Become a Member of the National Association of County Supervisors

(Series of 1939)

Resolution No. 2678, as follows:

Whereas, It will be in the interest and for the benefit of the City and County of San Francisco that the Board of Supervisors become a member of the National Association of County Supervisors: Now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco be and is hereby authorized to become a member of the National Association of County Supervisors, and, be it

Further Resolved, That the Board of Supervisors, its committees or members be and they are hereby authorized to attend the meetings of said Association and that the expense incurred thereby shall be paid from such funds as may be available for such purpose.

#### Discussion

Supervisor Uhl objected to the adoption of the foregoing resolution

stating that he believed it would be letting down the bars to future "junket" trips east to Supervisors' national meetings. He doubted the value of membership in such an organization, and in support of his views cited he had attended in Sacramento, where, after lunch, all representatives who were in attendance were invited to attend the races.

In reply to questioning by Supervisor Mead, Supervisor Uhl denied having attended the races himself, on that day in question.

Whereupon, Supervisor Mead declared that it must have been Supervisor Uhl's twin brother, sitting only three rows ahead of him.

Again Supervisor Uhl denied having attended the races, and declared that any statement to the contrary was not true.

Supervisor Mead requested that the foregoing remarks be entered in the Journal of Proceedings.

Supervisor Green disagreed with the views expressed by Supervisor Uhl. He believed a great deal of substantial benefit was received by the City and County of San Francisco, in addition to the good will created. San Francisco, he stated, is the only major city that does not belong to this organization. The membership fee of \$2.00 per member is insignificant compared to the benefits to be derived, and if the Board does not desire to join the Association, he would join, himself, at his own expense.

Supervisor Shannon objected to the statement by Supervisor Uhl, and related benefits received in the past by membership in various associations. He believed that all departments of the city government that hold membership in national organizations, benefit greatly by contacts made at the meetings of the various organizations.

Supervisor Uhl, in reply, stated that he had voted to send Supervisors MacPhee and Green to Washington in connection with disposal of Hetch Hetchy generated electricity, and he knew that trip was most successful. When another important thing comes up which requires representation, he would vote in favor of such representation. However, he would not vote for any such blanket representation as is now being proposed.

Thereupon, Supervisor Gallagher, at the suggestion of the President, moved that the resolution be amended by deleting, in the last "Resolve," the words "its committees or members be and they are hereby authorized" and insert in lieu thereof the words "designate such members as it sees fit."

Motion seconded by Supervisor Green.

*Motion carried* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon—10.

No: Supervisor Uhl—1.

### Election of Daniel F. Del Carlo as Director of the Golden Gate Bridge and Highway District (Series of 1939)

Resolution No. 2679, as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby elect Daniel F. Del Carlo as a Director of the Golden Gate Bridge and Highway District for the City and County of San Francisco for the unexpired term of Arnold Haase, deceased.

### Discussion

In connection with the consideration of the appointment of a Director to the Golden Gate Bridge and Highway District, the Clerk presented and read copies of telegrams from the San Francisco Hotel Association and from Mr. Douglas Dorn, of the Russ Building, addressed to the Mayor, and recommending and urging the election of Mr. Rene Vayssie for the Office of Director of the Golden Gate Bridge and High-

way District. Copies of the Mayor's reply to the foregoing telegrams, setting forth that the election of a Director was entirely within the jurisdiction of the Board of Supervisors, were also presented and read.

Copy of communication from Lafayette Club, addressed to the Mayor, endorsing Mr. Vayssie for the office, and the Mayor's reply thereto, were also presented.

In addition thereto, Supervisor Uhl presented telegram from Mr. Douglas Dorn, urging appointment of Mr. Rene Vayssie.

Supervisor Brown announced that at the time of the latest previous election of a Director of the Golden Gate Bridge and Highway District, he had suggested several names as candidates for the position, and he was informed that those names would be considered at the time of the next vacancy.

Supervisor Colman, seconded by Supervisor Brown, moved that the name of Rene Vayssie be substituted for the name of Mr. Daniel F. Del Carlo in the foregoing resolution. Mr. Vayssie is well known; he is recommended by the Lafayette Club, by Douglas Dorn and by Raymond H. Crummy. He would without doubt, make an excellent Director.

Supervisor Shannon agreed with the views expressed by Supervisor Colman. However, he had already agreed to support Mr. Del Carlo, and for that reason he would have to vote for the Finance Committee's recommendation.

Supervisor Gallagher who originally proposed the election of Mr. Del Carlo, stated that he had introduced the resolution in good faith. He believed a representative of labor should be on the bridge directorate.

Supervisor Roncovieri also agreed with Supervisor Colman. He knew Mr. Vayssie, who is a very worthy gentleman and deserving to be on the Board of Directors. However, as he had pledged his word, he must vote for Mr. Del Carlo.

#### Motion Defeated

Thereupon, the roll was called and the motion to substitute the name of Mr. Vayssie in place of that of Mr. Del Carlo was defeated by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—9.

Whereupon, the roll was again called and the foregoing resolution was

*Adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Gallagher, Green, MacPhee, Mead, Meyer, O'Gara, Roncovieri, Shannon, Uhl—11.

(Series of 1939)

Resolution No. 2684, as follows:

Resolved, That pursuant to the request contained in Resolution No. 5084 of the Public Utilities Commission, this Board of Supervisors hereby enacts the following:

Whereas, by deed from the City and County of San Francisco (hereinafter referred to as the City) to the United States of America, dated June 5, 1939, recorded June 7, 1939, in Vol. 847, page 124, Official Records of San Mateo County, California, and by decree of the Superior Court of the State of California in and for the County of San Mateo, dated June 19, 1939, recorded June 23, 1939, in Vol. 849, page 137, Official Records of San Mateo County, California, there was granted to the United States a 20.53 acre tract of land for a United States Coast Guard air station site, together with the right (designated (b) in said deed and decree, and hereinafter) to use a road to be constructed in a certain strip of land, 60 feet in width, and a perpetual easement (designated (c) in said deed and decree, and hereinafter) for telephone lines and gas mains in said 60-foot strip of land, all as described in said deed and decree and subject to conditions therein set forth; and

Whereas, in order to avoid interference with development of the City's land according to plans formulated subsequent to said grant, the City now desires that the location for said right (b) and easement (c) be amended by substituting another 60-foot strip of land, hereinafter described, for the 60-foot strip described in said deed and decree;

Therefore, Be It Resolved, That the City shall grant to the United States of America a right and an easement described as follows: (1) the right to use, in common with other parties, a suitable road, to be constructed under arrangements mutually satisfactory to the City and the United States of America, extending from Bayshore Highway across lands of the City to the 20.53 acre tract of land hereinbefore mentioned, within a strip of land 60 feet in width, the center line of which strip is described as follows:

Beginning at a point in the easterly right of way line of Bayshore Highway, distant 30.00 feet south from the north line of Section 34, Township 3 South, Range 5 West, M. D. B. & M.; thence east, parallel to said north line of Section 34, 2,277.52 feet, more or less, to a point 4,424.64 feet east of the west line of said Section 34; thence to the right, along the arc of a curve having a radius of 65.0 feet and a central angle of 90° 00', a distance of 102.10 feet; thence south 407.31 feet,

more or less, to a point in the northerly boundary line of the 20.53 acre tract of land granted by the City and County of San Francisco to the United States of America by deed dated June 5, 1939, recorded June 7, 1939, in Vol. 847, page 124, Official Records of San Mateo County, California.

provided, that the cost of construction and maintenance of said road, together with necessary culverts and other structures appurtenant to said road, shall be shared equally between the City and the United States of America; and provided further, that until said road has been constructed the United States of America shall have the right to use, in common with others, the existing road (or a suitable relocation thereof) extending from Bayshore Highway to said 20.53 acre tract; (2) a perpetual easement for the construction, maintenance and operation, by and at the expense of the United States (except as otherwise provided hereinafter), of telephone lines and gas mains extending from Bayshore Highway to said 20.53 acre tract, at suitable locations within the 60-foot strip of land described above, at such depths as shall be mutually agreed upon by the City and the United States of America or its authorized representative, below the surface grade planned for the ultimate development of the ground in which said telephone lines and gas mains are to be constructed.

The agreement for the grant of said right and easement shall provide that the United States shall relinquish to the City the right (b) and the easement (c) in the 60-foot strip described in said deed dated June 5, 1939 and in said decree dated June 19, 1939 (except in that portion of said last-mentioned 60-foot strip which is also a part of the 60-foot strip hereinabove described); provided that the gas main and the telephone line already installed in easement (c) shall be removed therefrom and reinstalled or replaced in the new location herein provided for, at the expense of the City, but that this need not be done until removal is actually necessary in order to avoid interference with the City's use of the land in which said gas main and said telephone line now lie, and pending such removal and reinstallation or replacement, the easement for said gas main and said telephone line in their present location shall not be deemed to have been relinquished by the United States.

And the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors are hereby authorized and directed to execute an agreement in proper form to fulfill the intent of this resolution.

**Re-reference to Committee**

The following matter from Finance Committee, without recommendation, was taken up:

**Annual Audit of Controller's Books**

(Series of 1939)

Supervisor O'Gara presented Resolution No. ...., as follows:

Whereas, It is incumbent upon the Board of Supervisors, under the provisions of Section 68 of the Charter, to order an annual audit of the Controller's books and accounts, records and transactions to be made by one or more certified accountants; now, therefore, be it

Resolved, That the Board of Supervisors does hereby order an audit of the said Controller's books and accounts, records and transactions for the fiscal year 1941-42, and for the purpose of making said audit does hereby engage and retain the firm of Ernst and Ernst, certified public accountants, and hereby fix the compensation of said firm as follows, to-wit:

For Supervising Accountant.....	\$50 per day
For Senior Accountant.....	\$25 per day
For Junior Accountant.....	\$15 per day

together with such office expense, including typewriting, as may be incidental to the preparation of a full report of the audit of said accountants; and, be it

Further Resolved, That the report of such accountants shall be printed and a copy thereof furnished the Mayor and to each member of the Board of Supervisors, to the Chief Administrative Officer, to the Controller and to such citizens as may apply therefor; and, be it

Further Resolved, That the total expense of making such audit shall not exceed the sum of \$5,000, and shall be paid from Appropriation No. 201.262.00, fiscal year 1942-43 Appropriation Ordinance.

### Discussion

Supervisor Uhl, in discussing the foregoing Resolution, announced that while he had no preference as to the firm of accountants to be engaged to audit the Controller's books, he believed the work should be given to a local firm, and he suggested that all local firms, qualified to make the required audit, be considered, and one firm be chosen by lot.

Supervisor MacPhee suggested that bids be called for the performance of the work.

The Controller, however, pointed out that there was a defect in the Resolution before the Board, inasmuch as it had not the Controller's certification as to availability of funds, and suggested it be re-referred to committee.

Whereupon, on motion by Supervisor Shannon, seconded by Supervisor Gallagher, the resolution was re-referred to Finance Committee.

### Adopted

The following recommendation of Education, Parks and Recreation Committee was taken up.

Present: Supervisors Roncovieri, MacPhee.

#### Requesting Board of Education to Consider Delay of One Week in Commencement of School Children's Vacation

(Series of 1939)

Supervisor Green presented Resolution No. ...., as follows:

Whereas, Thousands of San Francisco's school children will embark on their summer vacation commencing June 19 and ending August 31, 1942, and

Whereas, Many of them, along with their parents and friends, will undoubtedly disport themselves at the various summer resorts for which the State of California is so well known, and

Whereas, It is essential, propitious and in consonance with the fundamental principles of National Defense that recreational proclivities be made a component part of our every-day life, and

Whereas, It has been suggested that the Board of Education give favorable consideration to the proposition that the summer vacation period be delayed one week from June 19th so that the termination of such vacation period may extend beyond the Labor Day holidays, thus providing additional time for recreation, and

Whereas, Favorable action by the Board of Education will achieve a four-fold purpose, to-wit:

- (a) Contribute materially to the financial stability of the recreational centers
- (b) Contribute materially to the financial stability of the community in which the summer resorts are located

- (c) Provide a basis on which to build everlasting goodwill and friendship between San Francisco and the various counties
- (d) Faithful compliance with the letter and spirit of National Defense

now, therefore, be it

Resolved, That this Board of Supervisors respectfully requests the Board of Education to give full consideration to delaying the beginning of the school children's vacation one week so that the benefits above enumerated may be realized.

#### Discussion

Supervisor Green reported that Mr. Irving Breyer, Attorney for the Board of Education, in discussing the foregoing resolution, had stated that it was most unlikely that the Board of Education would consent to change the school vacation period for the current summer vacation.

Supervisor Brown pointed out that many people had doubtless made plans for their own vacations immediately following the close of school, and that any change in the closing date for schools would be vigorously opposed.

Thereupon, Supervisor O'Gara moved, as an amendment, that the resolution be re-worded to the effect that this year's vacation be extended for one week, and that next year consideration be given to starting the vacation a week later and continuing it a week later. In effect, this year's vacation, if the proposal were put into effect, would be a week longer than usual.

Supervisor Uhl objected to any action, pointing out that the Board of Supervisors had no voice in the matter at all.

Supervisor Roncovieri agreed with Supervisor Uhl that the Board of Supervisors has no authority in the matter of fixing school vacation periods. However, to let the Board of Education know the thoughts of the Supervisors, he moved that the resolution before the Board be amended in accordance with Supervisor O'Gara's suggestion.

Mrs. Rose Walker, having been granted the privilege of the floor, opposed any change in the school vacation period.

Supervisor Colman expressed his views, stating that he felt it would be unwise to adopt the resolution, although he would like to help San Francisco's neighboring counties by extending the vacation period a week.

Supervisor Gallagher, thereupon, moved that the resolution be referred to Committee.

Motion failed by the following vote:

Ayes: Supervisors Colman, Gallagher, Green, Meyer, O'Gara—5.

Noes: Supervisors Brown, MacPhee, Mead, Roncovieri, Shannon, Uhl—6.

#### Amendment Approved

Thereupon, the roll was called on amendment by Supervisor Roncovieri, as suggested by Supervisor O'Gara, as follows:

"Resolved, That this Board of Supervisors respectfully requests the Board of Education to give full consideration to extending by one week the school children's vacation for 1942, and to commencing and concluding said vacation in succeeding years a week later, so as to extend beyond the Labor Day holidays, so that the benefits above enumerated may be realized."

Ayes: Supervisors Brown, Green, MacPhee, Mead, Meyer, O'Gara, Shannon—7.

Noes: Supervisors Colman, Gallagher, Roncovieri, Uhl—4.

#### Adopted

Whereupon the roll was again called, and the resolution, amended to read as follows, was adopted by the following vote:

**Requesting Board of Education to Rearrange School Children's  
Annual Vacation  
(Series of 1939)**

Resolution No. 2687, as follows:

Whereas, Thousands of San Francisco's school children will embark on their summer vacation commencing June 19 and ending August 31, 1942, and

**Expressing Confidence in Mayor Angelo J. Rossi, as a Patriotic,  
Loyal and Conscientious Citizen of the United States**

(Series of 1939)

The Judiciary Committee presented Resolution No. 2689, as follows:

Whereas, On many occasions this Board of Supervisors or its individual members have disagreed with or disapproved of the administration of the municipal government by his Honor, the Mayor, and in all probability this Board or its individual members when in its or their opinion the exigency warrants, will continue to differ with the Mayor; and

Whereas, Regardless of the honest differences of opinion which have and undoubtedly will continue to exist between the Mayor and the Board of Supervisors or its individual members there never has been felt, by the members of the Board towards the Mayor, anything but profound respect for his integrity as well as for his loyalty and abiding faith in the United States of America and its institutions; and

Whereas, His Honor Angelo J. Rossi, Mayor of the City and County of San Francisco has recently been the subject of much discussion and controversy in connection with the question of his patriotism and loyalty to the United States of America; and

Whereas, This unfortunate incident has received widespread publicity, the inferences from which are adverse to the best interests of the City and County of San Francisco and derogatory of His Honor, the Mayor; and

Whereas, The Assembly Interim Committee of the State Legislature is performing a valuable and necessary public service in investigating and exposing alleged unpatriotic actions and this Board in no way wishes to pass upon any evidence presented to said committee; and

Whereas, Nevertheless, the members of this Board individually and without reference to any evidence presented to said committee desire to express their opinion and belief, based solely upon their personal knowledge of Mayor Rossi as a man and a public official, now therefore, be it

Resolved, That this Board of Supervisors cognizant of the hysteria and prejudices with which the human mind may be pervaded, particularly in war times, takes this opportunity to express publicly and without reservation its complete confidence that Mayor Angelo J. Rossi like the overwhelming majority of Americans of Italian and German ancestry is a patriotic loyal and conscientious citizen of the United States of America.

**Institution of Proceedings to Compel Market Street Railway Company to Fulfill its Paving Obligation**

(Series of 1939)

Supervisor MacPhee presented Resolution No. .... as follows:

Whereas, Over a long period of years the Market Street Railway Company, a corporation organized and existing under and by virtue of the laws of the State of California, through its predecessors in interest and otherwise, acquired certain rights, franchises, privileges and permits to operate a street railway system on the streets of the City and County of San Francisco; and

Whereas, Said Market Street Railway Company is obligated thereunder to keep in good order and repair the pavement between its rails and the pavement adjoining said street railway tracks for a distance of two feet beyond the outer rails thereof; and

Whereas, Said Market Street Railway Company has been, and is now, operating, under an operating permit dated February 9, 1931, duly granted under the provisions of Sections 6a and 6b of Chapter II, Article II of the Charter of the City and County of San Francisco, its street railway system, which said operating permit is based upon the compliance by said Market Street Railway Company with all the terms and conditions contained in the rights, franchises, privileges and permits heretofore granted; and

Whereas, For several years past said Market Street Railway Company has neglected and failed to keep said portions of said pavement on the various streets of the City and County of San Francisco on which it operates its street railway system in good condition and repair; and

Whereas, Said portions of said pavements are broken, dilapidated and in a general condition of disrepair; and

Whereas, The cost of rehabilitating those portions of streets upon which the Market Street Railway Company is privileged to operate, in accordance with its franchise provisions, is estimated to be \$2,000,000; and

Whereas, It is represented on good authority that the Market Street Railway Company, operating on a seven cent fare, is making a monthly profit of approximately \$40,000 and is therefore in a position to presently comply with its franchise obligations; now, therefore, be it

Resolved, That the City Attorney be and is hereby authorized and directed to immediately institute a legal proceeding to compel the Market Street Railway to fulfill its paving obligations in order that those portions of the streets between and adjacent to the Company's tracks may be made traversable, with some degree of comfort and without injury, to other vehicles entitled to the use of the public streets.

**Annual Salary Ordinance**  
**Fiscal Year Ending June 30, 1943**

(Series of 1939)

Bill No. 1734, Ordinance No. ...., as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1943; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation thereof, and fixing compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year, and for temporary positions; and providing for the method of making effective retitling and reclassifications of positions by the Civil Service Commission pursuant to Section 141 of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1943. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized, subject to the provisions of this ordinance, to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and are available for such temporary service. No appointment to such temporary or seasonal positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. The requisition for such service shall first be filed with the Civil Service Commission and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the pro-

posed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. Before the filling of any vacated position shall be approved, the Civil Service Commission shall make an investigation of the necessity for such position. A copy of the report of such investigation shall be filed with the Mayor and the Board of Supervisors and such report shall be made by the Commission within thirty days after the Commission is notified of such vacancy, and in the meantime a temporary appointment to said vacancy may be made. The Mayor may approve or disapprove the filling of such vacancy. In the event that the Mayor does approve the filling of such vacancies he shall make a report as to his reasons to the Board of Supervisors. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1942-43 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcript shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the Department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present occupants of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid the entrance salary or wage fixed for such position in the schedule of compensations adopted by the Board of Supervisors pursuant to the provisions of Section 151 of the Charter, or if no schedule of compensation has been adopted by the Board of Supervisors for the classification to which said position is allocated or classified, the person appointed to such position shall, pending adoption by the Board of Supervisors of a schedule of compensation for such position, receive the entrance salary or wage proposed by the Civil Service Commission for such position and shall remain at the said entrance rate during the current fiscal year; provided, however, that an employee holding permanent appointment under the same appointing officer may be advanced, on the recommendation of the appointing officer and in order of seniority and subject to the approval of the Civil Service Commission to the salary fixed in this ordinance for any vacated position of his classification, but in no case to exceed the amount fixed for his position in the above mentioned schedule of compensation in accordance with his years of service; and provided further, that persons who have acquired permanent status in a position other than those on military leaves of absence, who are re-employed in the same positions after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract. The compensations herein fixed on a per diem basis are for 8 hours' work.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the

compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter include the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished and accepted by employees in positions subject to Section 151 of the Charter shall be made and indicated on timerolls and payrolls, and deductions for such maintenance shall be indicated and made on timerolls and payrolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,

**Report on General MacArthur Day Celebration**

Supervisor Shannon, in reporting on the General MacArthur Day Celebration, announced that those citizens who were fortunate enough to attend the wonderful ceremonies at Kezar Stadium on Saturday, June 13, 1942, and sponsored by the "Win the War" Committee, as result of the activities of the San Francisco Examiner, witnessed a spectacle that will never be forgotten. Those who were working on the Committee little realized what a wonderful spectacle it would be. However, during the activities, a life was lost. A projectile, during a sham battle, hit a Mrs. Livingston, who was present with her son and husband, causing her death. Therefore, he desired to present the following Resolution:

**In Memoriam—Mrs. Marion R. Livingston**

Supervisor Shannon presented Resolution No. 2703, as follows:

Whereas, The Preface of the Book of Life of Mrs. Marion R. Livingston, beloved wife of Alan C. Livingston, well-known insurance executive of this city, was concluded by an unfortunate accident at Kezar Stadium in the afternoon of Saturday, June 13, 1942, and

Whereas, The untimely death of Mrs. Livingston will prove an inconsolable loss to her husband Alan and their 12-year old son Colin, yet their poignant grief will be somewhat assuaged and a measure of solace found in the knowledge that God Almighty has seen fit, at this time, to call their beloved wife and mother; now, therefore, be it

Resolved, That this Board of Supervisors views with deep sympathy the premature passing of Mrs. Marion R. Livingston and takes this means of conveying to her husband and their son its heartfelt condolences; and be it further

Resolved, That when this Board adjourns this day, it does so out of respect to the memory of Mrs. Marion R. Livingston and the Clerk of the Board is directed to transmit an appropriate copy of this Resolution to the family of the deceased.

*Unanimously adopted by rising vote.*

**Remarks by Supervisors**

Supervisor Colman, under his name on Roll Call, announced that from reports he had received, the MacArthur Day Celebration was all that had been characterized by Supervisor Shannon. Aside from the unfortunate accident, it was a wonderful day.

Supervisor Brown, referring to the accident at Kezar Stadium, an-

nounced that it had come to his attention that the City and County had neglected to protect itself by a "Hold Harmless" agreement, in donating the use of Kezar Stadium. The matter should be called to the attention of the proper authorities and hereafter, when the Stadium is rented without compensation, the customary "Hold Harmless" agreement should be entered into.

**Report on Peninsula Sub-Committee of Regional Development Council and General Regional Council Meeting No. 2. Held at Hotel Stewart—San Francisco—June 6, 1942.**

Supervisor Green presented:

The Peninsula Sub-committee of the Regional Development Council convened at the hour of 10:45 A. M., at the Hotel Stewart, San Francisco. Said sub-committee was called to order by Chairman Fred Beer, Chairman of the Board of Supervisors of San Mateo County.

The first matter considered was the advisability of recommending the Reber Plan, for control of the waters of the San Francisco Bay as it affects defense, shipping, irrigation, etc. Mr. Ronald Campbell of San Mateo stated that the Reber Plan should be considered by each sub-committee and that upon the convening of the General Development Council at 11:30 the entire group should consider it and make a recommendation.

Mr. Beer stated that his county, San Mateo County, was against the plan because of the inherent difficulty shipping would have in reaching his community if the plan were to go into effect.

Representatives from Redwood City and South San Francisco stated that not only were their Councils and Boards of Supervisors against the plan but that their respective Chambers of Commerce and civic clubs were very definitely opposed. Mr. Campbell spoke from an engineers standpoint when he stated that such a plan would upset the balance of nature in that the peninsula would lose the scouring action of the sloughs, etc. He also pointed out that if such a plan were to go into effect we would lose our ocean beaches as we now know them because the sand now brought down by the Sacramento and San Joaquin Rivers tends to go south and build up the beaches. If that sand were to be diverted elsewhere the action by the water and storms would break down the existing beaches. It was also reported that the Commandant of Mare Island is opposed to the plan.

After further general discussion, it was moved, seconded and passed that said sub-committee go on record as being opposed to the Reber Plan for the following reasons:

1. The time is not propitious.
2. It would be injurious to the Peninsula Counties in many ways.
3. It would tend to break down our beaches.

Next subject discussed was that of sewage disposal. A general discussion was had as to the methods of sewage disposal used in the peninsula counties.

It was reported that the problem in San Francisco is not as acute as it is in San Mateo and Santa Clara Counties because San Francisco has such a heavy tide flow that the sewerage is almost immediately carried out to sea. However, it was thought of the committee that we should leave the coordination of sewerage disposal of the 3 counties, or as a matter of fact, of the 9 counties comprising the entire committee to the engineering members of the committee to study and report. It was then moved, seconded and passed that a committee be appointed to contact the State Board of Health to secure their views as to the advisability of presenting to the next regular meeting of the California State Legislature appropriate legislation looking to a standard sewerage system, in said 9 counties, that would be paid for out of state funds.

The meeting was then adjourned, and the General Regional Development Committee was convened.

It was moved, seconded and carried that there be a regular meeting every 90 days. Verbal reports were made by the Chairmen of the 3 sub-committees and will be reduced to writing and forwarded to the Secretary of the Peninsula Sub-Committee.

Chairman of the North Bay Committee spoke on housing, transportation and sewerage. The East Bay Committee chairman spoke on transportation and its relation to housing. Mr. Ronald Campbell gave a detailed report and diagrammed the Reber Plan. Regularly moved, seconded and passed that any any consideration of the Reber Plan be postponed for the duration of the war time emergency.

Regularly moved, seconded and passed that the next meeting of the Regional Development Council be held at the Casa de Vallejo, Vallejo.

The agenda set forth in the notice of the Regional Development Council meeting was as follows:

1. Discussion of Reber Plan.
2. Start work on *one* unit of Regional Plan (in addition to local problems to be studied by regional sub-committees).

Suggested Planning Subjects:

- (a) Regional Transit and Transportation.
  - (b) Regional Airport system (small fields-flight strips, etc., for civilian flying in post-war period).
  - (c) Regional Plan for sewage disposal.
  - (d) Regional Park and Parkway Plan.
3. Authorize "Executive Committee" to draft statement of objectives of Regional Development Council. Discuss desirability of preparing "constitution and by-laws" to provide framework for council proceedings.

Because the time did not permit full discussion of all of said topic, sub-committees were appointed and requested to report back to the next general meeting.

Meeting adjourned at 2:30 P. M.

Respectfully submitted,  
ROBERT MILLER GREEN.

*Ordered printed in Journal of Proceedings.*

**Minutes Annual Breakfast Meeting Redwood Empire Supervisors Unit, Hollywood Roosevelt Hotel, Hollywood, 8:00 A. M., May 22nd, 1942.**

The following matter was presented by the Clerk and ordered printed in the Journal of Proceedings.

Meeting called to order by President Ed Haehl, Chairman Mendocino County Board of Supervisors.

Written registration was had, per attached signatures made a part hereof.

Greetings were extended by the President, who also introduced official guests, per separate list attached.

Roll call was had by counties—introduction by each County Board Chairman or his representative.

Minutes of the last meeting were approved.

Communication from C. H. Demaray of Grants Pass, Oregon, President Redwood Empire Association, was read by Supervisor Haehl, per attached copy made a part hereof.

The President asked the San Francisco delegation what the City and County of San Francisco was budgeting for publicity and advertising for the new fiscal year 1942-43.

Supervisor Gerald O'Gara of San Francisco declared that the preliminary budget contained an item of \$320,000.00 (\$20,000.00 increase over the current fiscal year), and expressed opinion that the new total would eventually be passed by the Board of Supervisors of San Francisco.

The General Manager R. E. A. was then called upon for report on behalf of the Executive Board.

The Manager stated that informal tentative suggestions regarding the 1942-43 county appropriations were: that the same pro-ratas as for past year be established by each county; that each county appropriate and ear-mark the same pro-rata as for the current year now closing; the Executive Board to draw upon these appropriations only to the extent that future conditions warrant (depending on automobile, gasoline rationing, tire and other conditions as related to the war effort and the general situation); that in any case sufficient funds be made available to keep the counties and the "Redwood Empire" in the minds

of the public, anticipating the post-war period when people will commence to travel in great numbers again.

You will recall that during World War I—seventeen corporations decided to cancel out all advertising for the duration, expecting to pick up where they left off—at the end of the war.

Instead of picking up, they found themselves out of business, because the public forgot their products; for lack of advertising thereof (“out of sight, out of mind”).

That is the reason why automobile and tire manufacturers and many others, not now in a position to either manufacture or deliver goods to consumers, continue to spend millions of dollars advertising their products and trade-mark value thereof—in order to keep their products in the minds of the public, anticipating the post-war period.

The same principle applies to merchandising of attractions, resources and advantages of counties and regions.

Our competitors are operating on that basis, and it is only good sound business for the counties and the Redwood Empire to do the same.

This is not an attempt to perpetuate jobs for the staff; on the contrary, the male members of the staff, like millions of others, are subject to military service.

The objective is exactly as above outlined—on the basis of sound business and merchandising principles.

The President then called upon Supervisors present to express informal opinions regarding the above proposal and suggestions; also to express objection or criticism.

No discussion took place and no criticisms or objections were submitted.

Supervisor George Kennedy thereupon submitted resolution requesting Congressional delegation to secure and publish inventory of facts, regarding tire and automobile situation, as related to war needs and to stop perpetual “hint and threat” statements per attached copy.

Considerable discussion ensued.

Finally, it was regularly moved by Supervisor Joseph Cox of Sonoma County and seconded by Supervisor Henry Mauldin of Lake County that the resolution be adopted as presented.

After further discussion, the motion passed unanimously.

Following brief reference to the Semi-annual report of the Supervisors Unit and Highway Committee, as submitted at the Semi-annual convention in Willits, May 1st, following action was taken and authority given the general manager to proceed accordingly:

- (a) Campaign to protect basic fundamentals of the Federal Aid Highway structure, anticipating post-war period.
  - (b) Campaign to cut red tape delaying clearance of important highway projects in Washington, D. C.
  - (c) Endeavor to bring about allocation of access funds, possibly pooled with State funds—for minor improvements and re-surfacing, within the purview of regulation L-41; also that maintenance work be regarded as to include repair work on slips, slides and major repairs.
  - (d) Campaign to obtain more access road authorization by Congress by at least \$100,000,000.00 (H.R. 6908).
  - (e) Campaign to obtain access funds for repair of roads damaged by the military as provided in National Defense Highway Act.
  - (f) Intensive campaign to finally obtain access road funds for the Sausalito Lateral.
  - (g) Attend Highway Commission Hearing in Sacramento, May 27th.
- Recommendations from the May convention that efforts be made to

induce the Federal government to finance maintenance of Golden Gate Bridge was then submitted for discussion and action.

Supervisor E. J. Guidotti, Chairman Sonoma County Board, and originator of the recommendation, further amplified the proposition, also read letter of support from Supervisor Fred Bagshaw, Chairman Marin County Board of Supervisors, per attached copy.

Supervisors Gerald O'Gara and Arthur Brown of San Francisco also supported the project, pointing out that extraordinary conditions merit Federal aid, especially because of the tremendous free use by Government agencies and distorted the interpretation by the government of what constitutes free use ;also on account of expected reduction in traffic due to rubber shortage and potential gasoline rationing.

After further discussion it was moved, seconded and unanimously carried that the Association be authorized and instructed to proceed with the campaign designed to obtain Federal appropriations for maintenance of the Golden Gate Bridge.

The next order of business was election of officers.

Supervisor James Tocher of Lake County nominated Supervisor Lilburn Kirkpatrick, Chairman Lake County Board of Supervisors, to be President, Redwood Empire Supervisors Unit.

There being no further nominations, it was regularly moved, seconded and unanimously carried that nominations be closed and that the Secretary cast a unanimous ballot for Supervisor Kirkpatrick, which was done.

Retiring President Ed Haehl then presented the new President, Lil Kirkpatrick.

At this moment Supervisor Tom Maxwell, Chairman Napa County Board, with appropriate speech of appreciation, presented retiring President Haehl with a gift from the Unit, thanking Supervisor Haehl for two years of sincere and conscientious work on behalf of the Unit and the Association.

President Kirkpatrick proceeded with the meeting.

Elliot M. Epsteen of San Francisco was unanimously re-elected Attorney.

The President announced that under the by-laws, County Vice Presidents were automatically the incumbent Board Chairman, including:

San Francisco—Jesse Colman.

Marin—T. Fred Bagshaw.

Sonoma—E. J. Guidotti.

Napa—Thomas Maxwell.

Mendocino—Ed Haehl.

Humboldt—George Cole.

Del Norte—J. J. McNamara.

Josephine—Judge W. A. Johnson.

The Chairman of the Lake County Board had just been elected President, the President named Supervisor Henry Mauldin to be the Lake County Vice President.
